(57) **CLAIM**

The ornamental design for a package, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a package showing our new design, the rear view being the same as the front view;

FIG. 2 is a left side view thereof, the right side view being the same as the left side view;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a sectional view taken along line 5—5 of FIG. 1;

FIG. 6 is another front view of the package provided for the purpose of indicating the plane shown in FIG. 8;

FIG. 7 is a top plan view of FIG. 6;

FIG. 8 is a sectional view taken along 8—8 of FIG. 6 showing the appearance of the package with the plug element removed;

FIG. 9 is a front view of the plug element of the design, shown separate from the assembly for a complete disclosure thereof, the rear and sides of the plug being the same as the front view shown;

FIG. 10 is a top plan view of the plug of FIG. 11, the bottom plan view of the plug being the same as the top plan view of the plug.

FIG. 11 is an exploded perspective view showing the plug and container portions separated;

FIG. 12 is another exploded perspective view in which the upper portion of the container is broken off from the lower portion; and,

FIG. 13 is a perspective view showing the design in an alternative configuration in which the lower portion in FIG. 12 is mounted on the inverted upper portion.
