(57) **CLAIM**

The ornamental design for a user interface for computer display, as shown and described.

DESCRIPTION

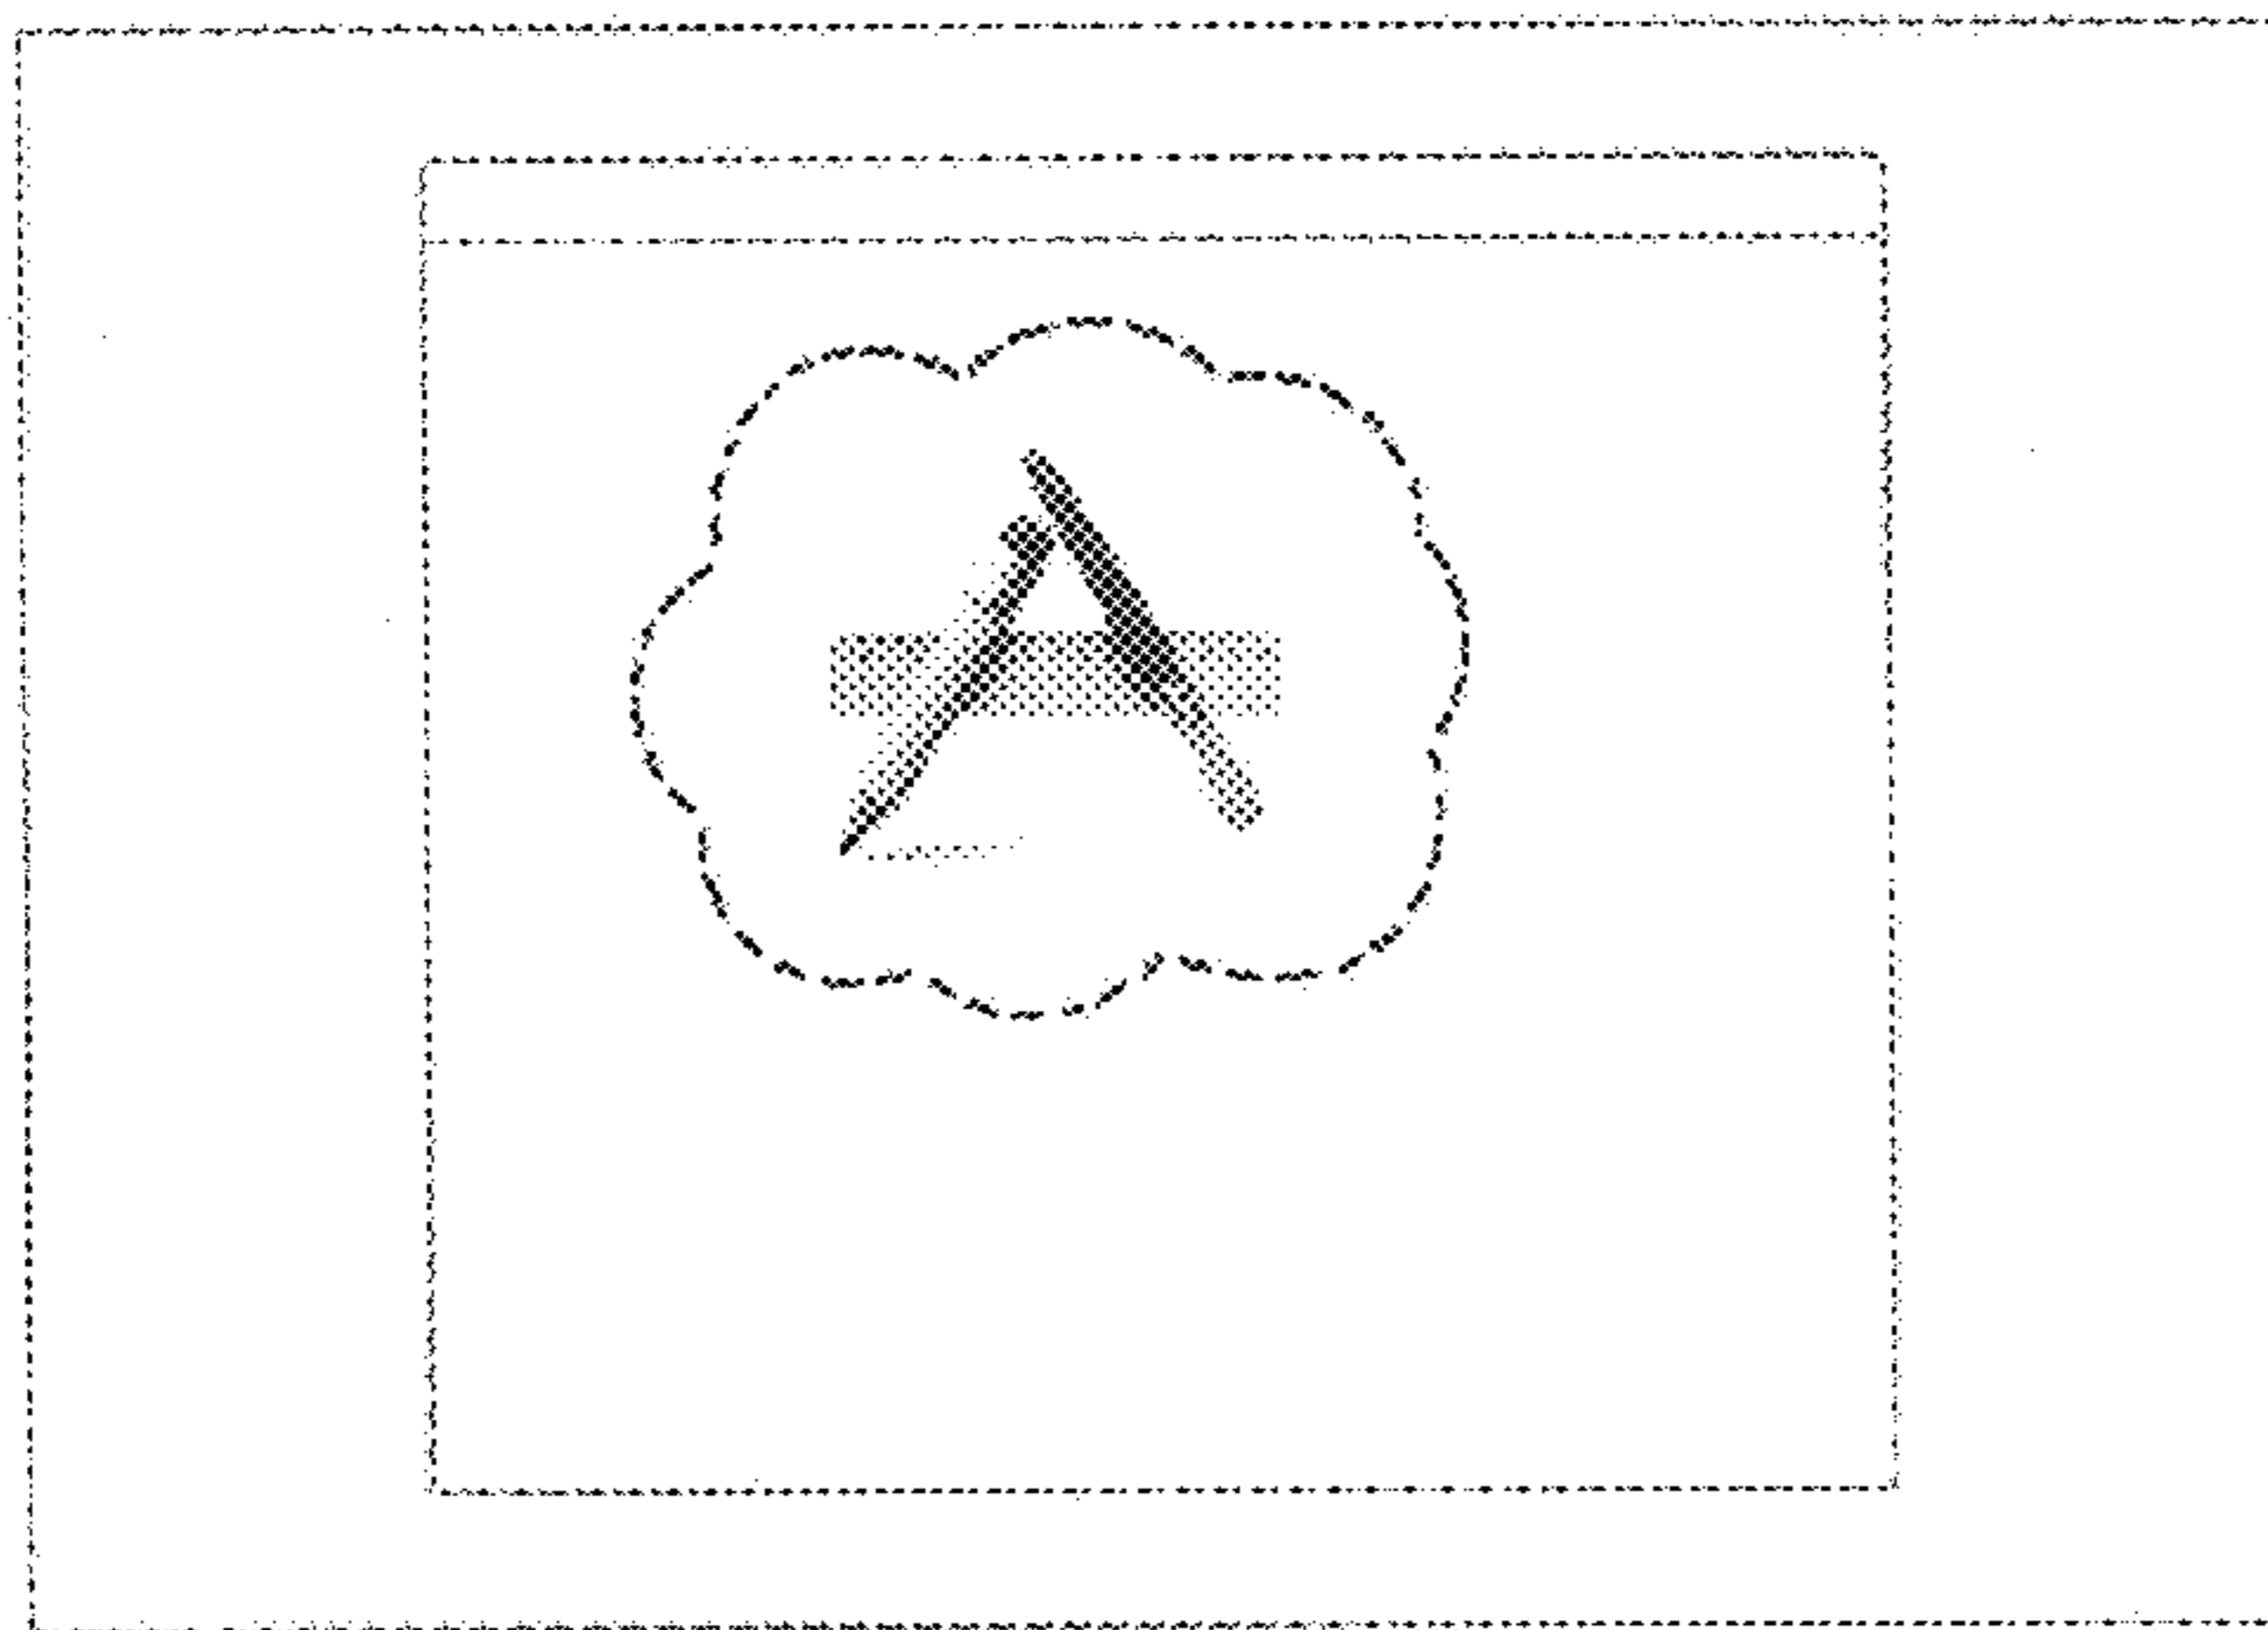

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The single FIGURE is a front view of a user interface for a computer display showing our new design.

The broken line showing of a computer display, window and graphic element is for illustrative purposes only and forms no part of the claimed design.
