(57) **CLAIM**

The ornamental design for sheet good with surface pattern, as shown and described.

DESCRIPTION

The sole FIGURE is a top plan view of a sheet good with surface pattern showing my new design.

The broken lines around the design indicate that a specific length and width of the sheet good forms no part of the claimed design, and that the surface pattern repeats uniformly throughout the length and width of the sheet good. The broken lines form no part of the claimed design.
