(57) **CLAIM**

I claim the ornamental design for a turret-style dispensing cap, as shown and described.

DESCRIPTION

In the drawings, the ghost-line portions show a type of container for the turret-style dispensing cap, but are for environment only. The ghost-line portions do not form a part of the design sought to be patented.

FIG. 1 is a front elevational view of a new design for a turret-style dispensing cap, the rear view being a mirror image thereof;

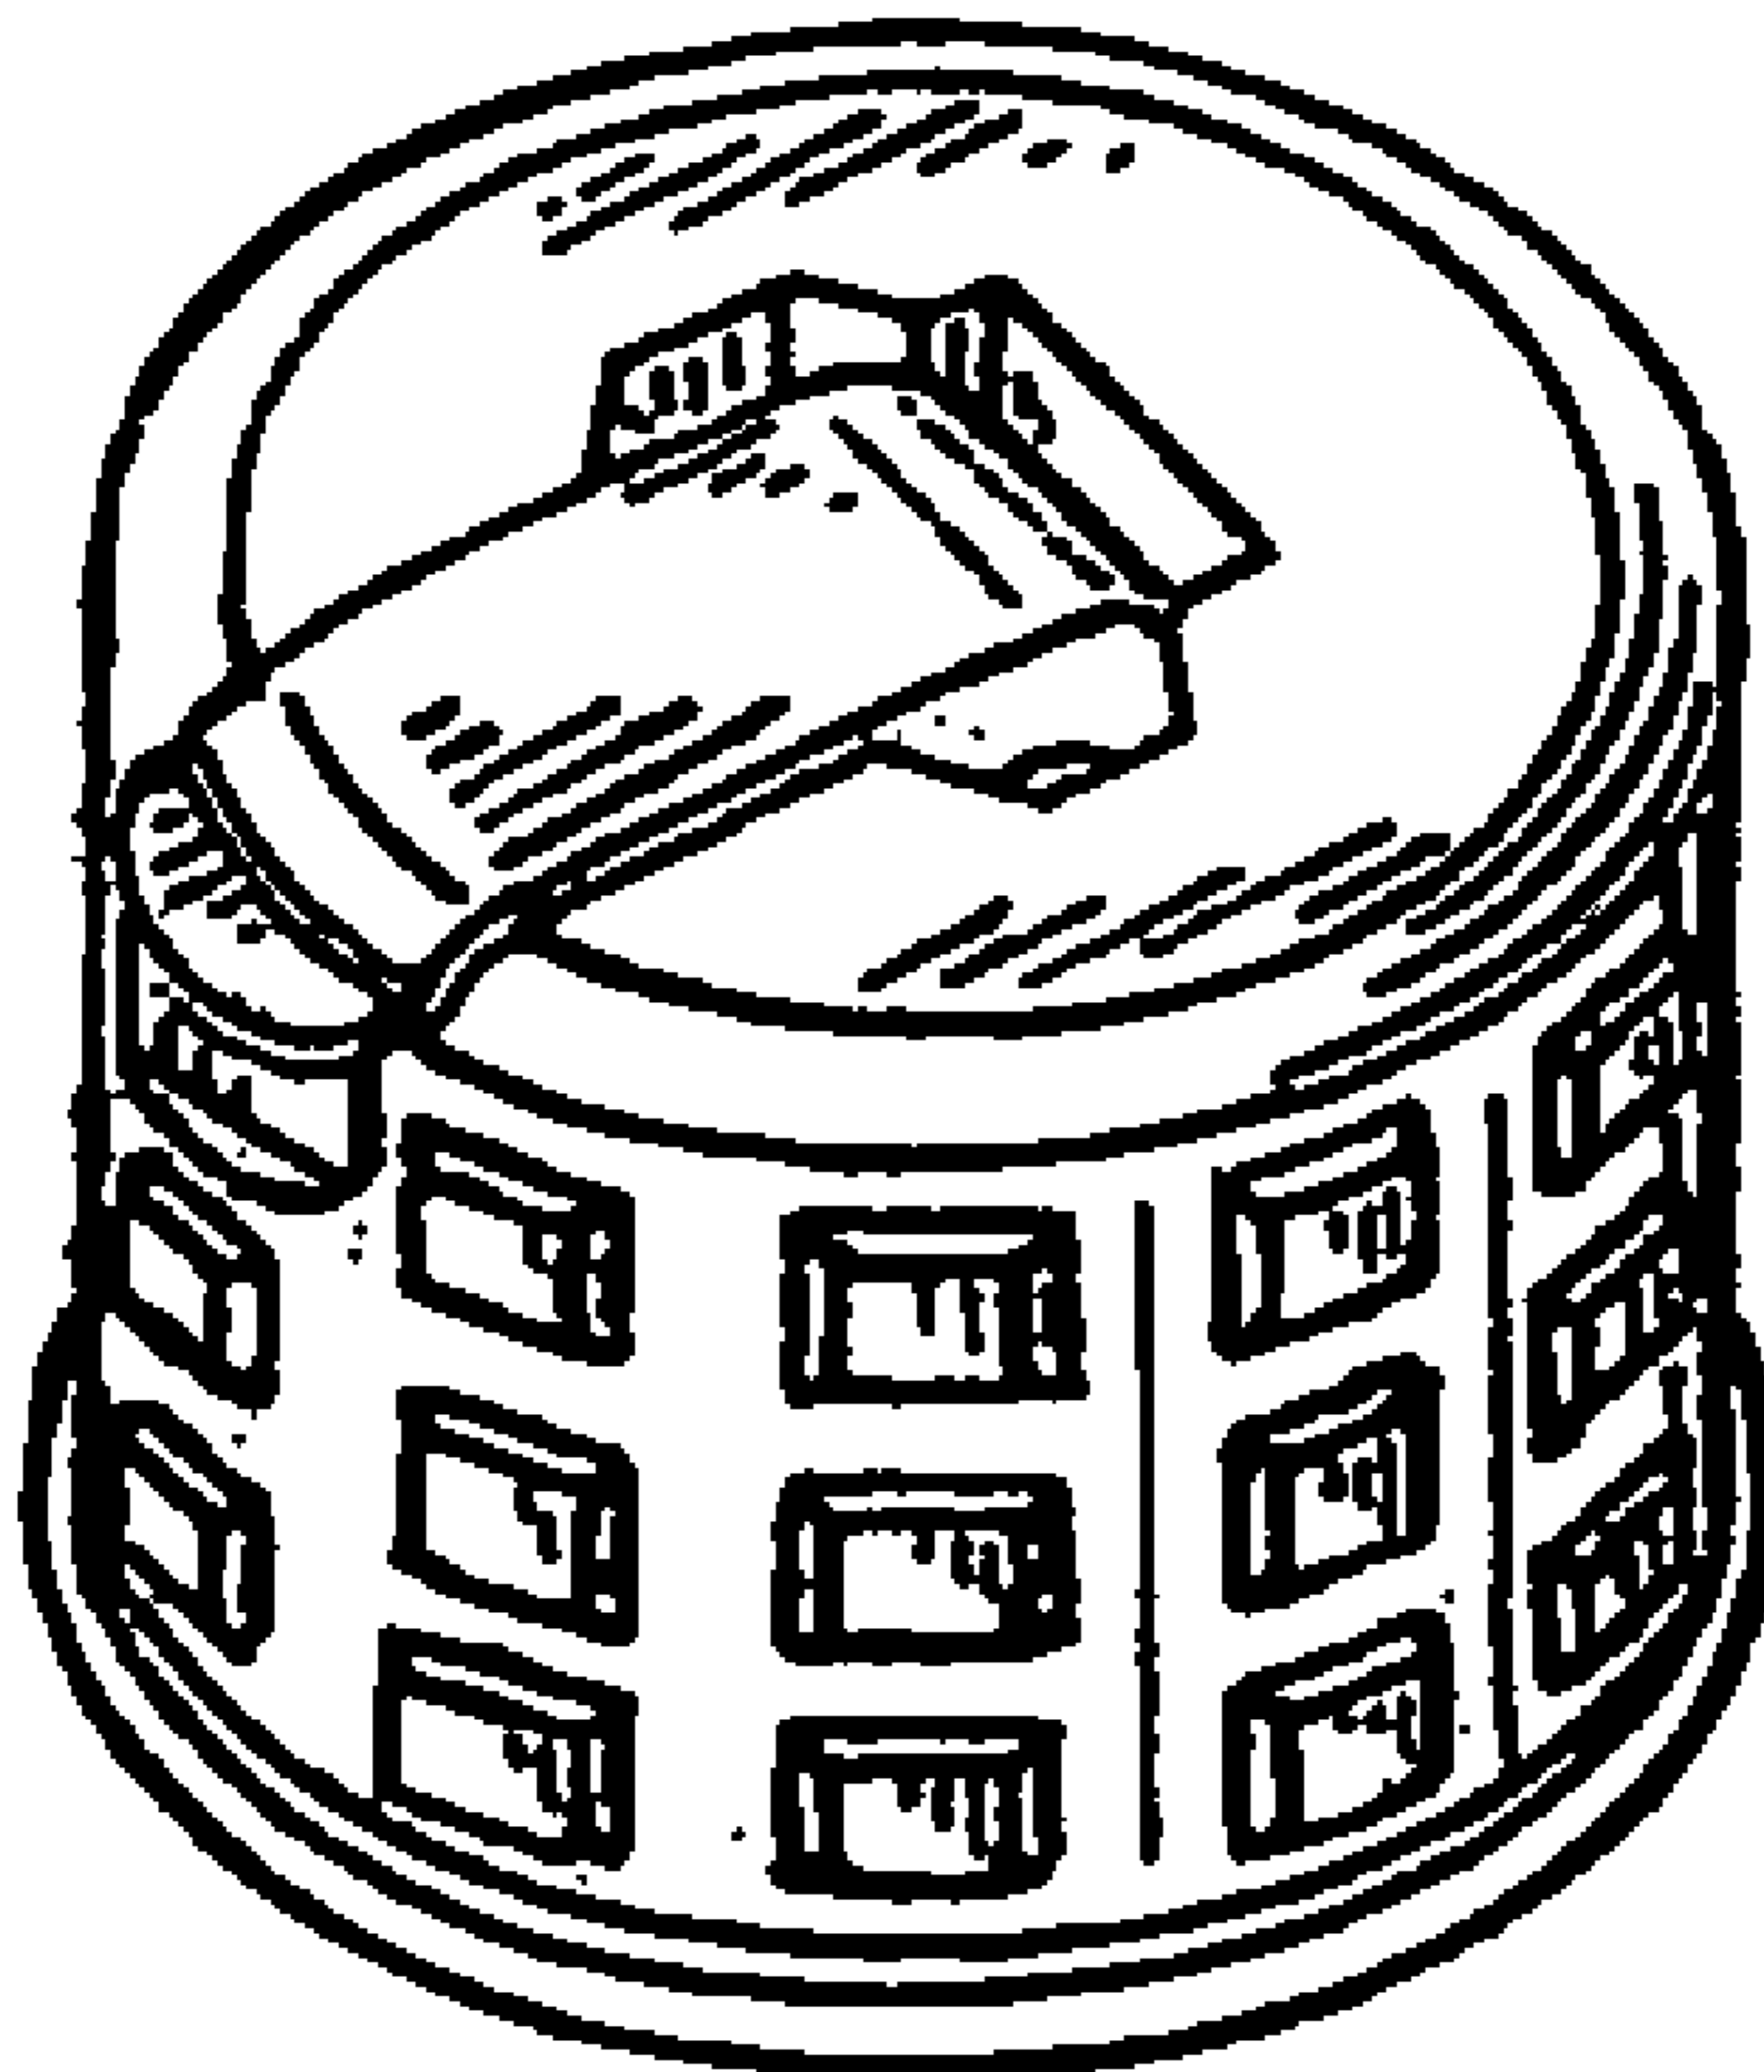

FIG. 2 is a top view thereof;

FIG. 3 is a left side elevational view thereof; and,

FIG. 4 is a perspective view thereof.

The broken line showing of a container depicts environmental subject matter only and forms no part of the claimed design.
