(57) **CLAIM**

The ornamental design for a vehicle grille, shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a vehicle grille;
FIG. 2 is left side elevational view of the vehicle grille;
FIG. 3 is right side elevational view of the vehicle grille;
FIG. 4 is a top plan view of the vehicle grille;
FIG. 5 is a bottom plan view of the vehicle grille; and,
FIG. 6 is rear elevational view of the vehicle grille.

The vehicle grille is styled independently of adjacent vehicle panels. Shading is used to illustrate the curvature of the part and not color. Any functional features of the vehicle grille are not claimed. Views are orthogonal projections rendered from computer aided design data. The various views are not necessarily to scale in order to better illustrate the design.
