**DESCRIPTION**

FIG. 1 is a front view of a first embodiment of a keyboard for electronic devices, including mobile phones and tablet computers, of our new design;

FIG. 2 is an additional front view thereof, shown on a tablet computer.

FIG. 3 is a front view of a second embodiment of a keyboard for electronic devices, including mobile phones and tablet computers, of our new design;

FIG. 4 is an additional front view thereof, showing the keyboard on a mobile electronic device.

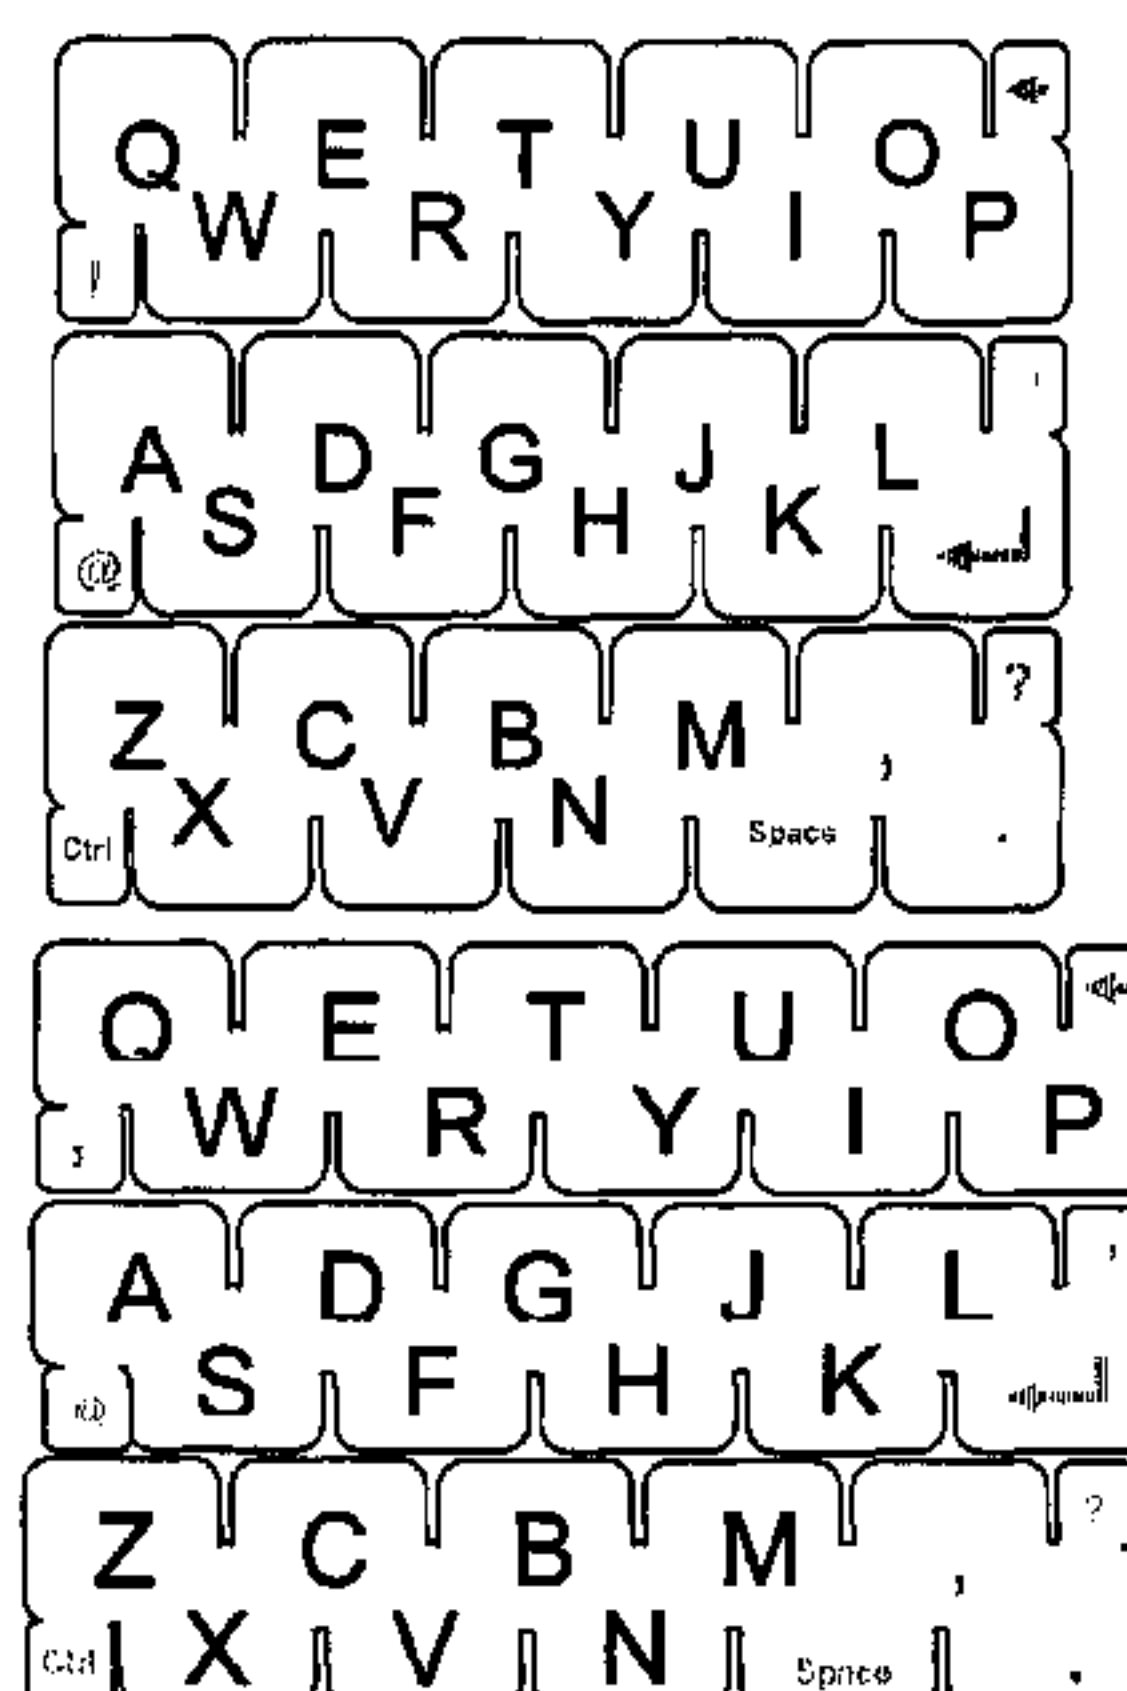

FIG. 5 is a front view of a third embodiment of a keyboard for electronic devices, including mobile phones and tablet computers, of our new design;

FIG. 6 is an additional front view thereof, shown on a tablet computer; and,

FIG. 7 is a front view of a fourth embodiment of a keyboard for electronic devices, including mobile phones and tablet computers, of our new design, shown on a mobile phone screen.

The broken lines in the drawing figures showing mobile phones, mobile phone screens, mobile electronic devices and tablet computers are included for the purpose of illustrating environmental structure and form no part of the claimed design.
