(57) **CLAIM**

The ornamental design for a camera flash bracket, as shown and described.

**DESCRIPTION**

FIG. 1 is a rear perspective view of a camera flash bracket showing my new design with the slider being in a landscape position;

FIG. 2 is a rear perspective view of a camera flash bracket with the slider being in a portrait position and a lock screw omitted for ease of illustration;

FIG. 3 is a front perspective view of a flash bracket for a camera according to this invention wherein a flash unit and camera are shown to illustrate environment only and form no part of the claimed design;

FIG. 4 is a rear elevational view of the flash bracket shown in FIG. 1;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a right side elevational view thereof;

FIG. 7 is a top plan view thereof;

FIG. 8 is a bottom plan view thereof; and,

FIG. 9 is a front elevational view of the flash bracket shown in FIG. 1.
