(57) **CLAIM**

The ornamental design for an aircraft cockpit ceiling lighting pattern, as shown and described.

DESCRIPTION

FIG. 1 is a bottom, rear, right side perspective view of an aircraft cockpit ceiling lighting pattern according to the present design invention; and,

FIG. 2 is a bottom plan view thereof.

Throughout the Figures, shaded portions represent light projected onto an aircraft cockpit ceiling of which the design is formed. Non shaded portions and broken lines showing environment or structure are for illustrative purposes only and form no part of the claimed design.
