(57) **CLAIM**

The ornamental design for a high bay LED light fixture, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of the high bay LED light fixture;

FIG. 2 is a plan view of one end of the high bay LED light fixture of FIG. 1, enlarged relative to the view shown in FIG. 1, an opposing end of the high bay LED light fixture being identical;

FIG. 3 is a plan view of one side of the high bay LED light fixture of FIG. 1, showing the new design, an opposing side of the high bay LED light fixture being a mirror image thereof;

FIG. 4 is a top plan view of the high bay LED light fixture of FIG. 1;

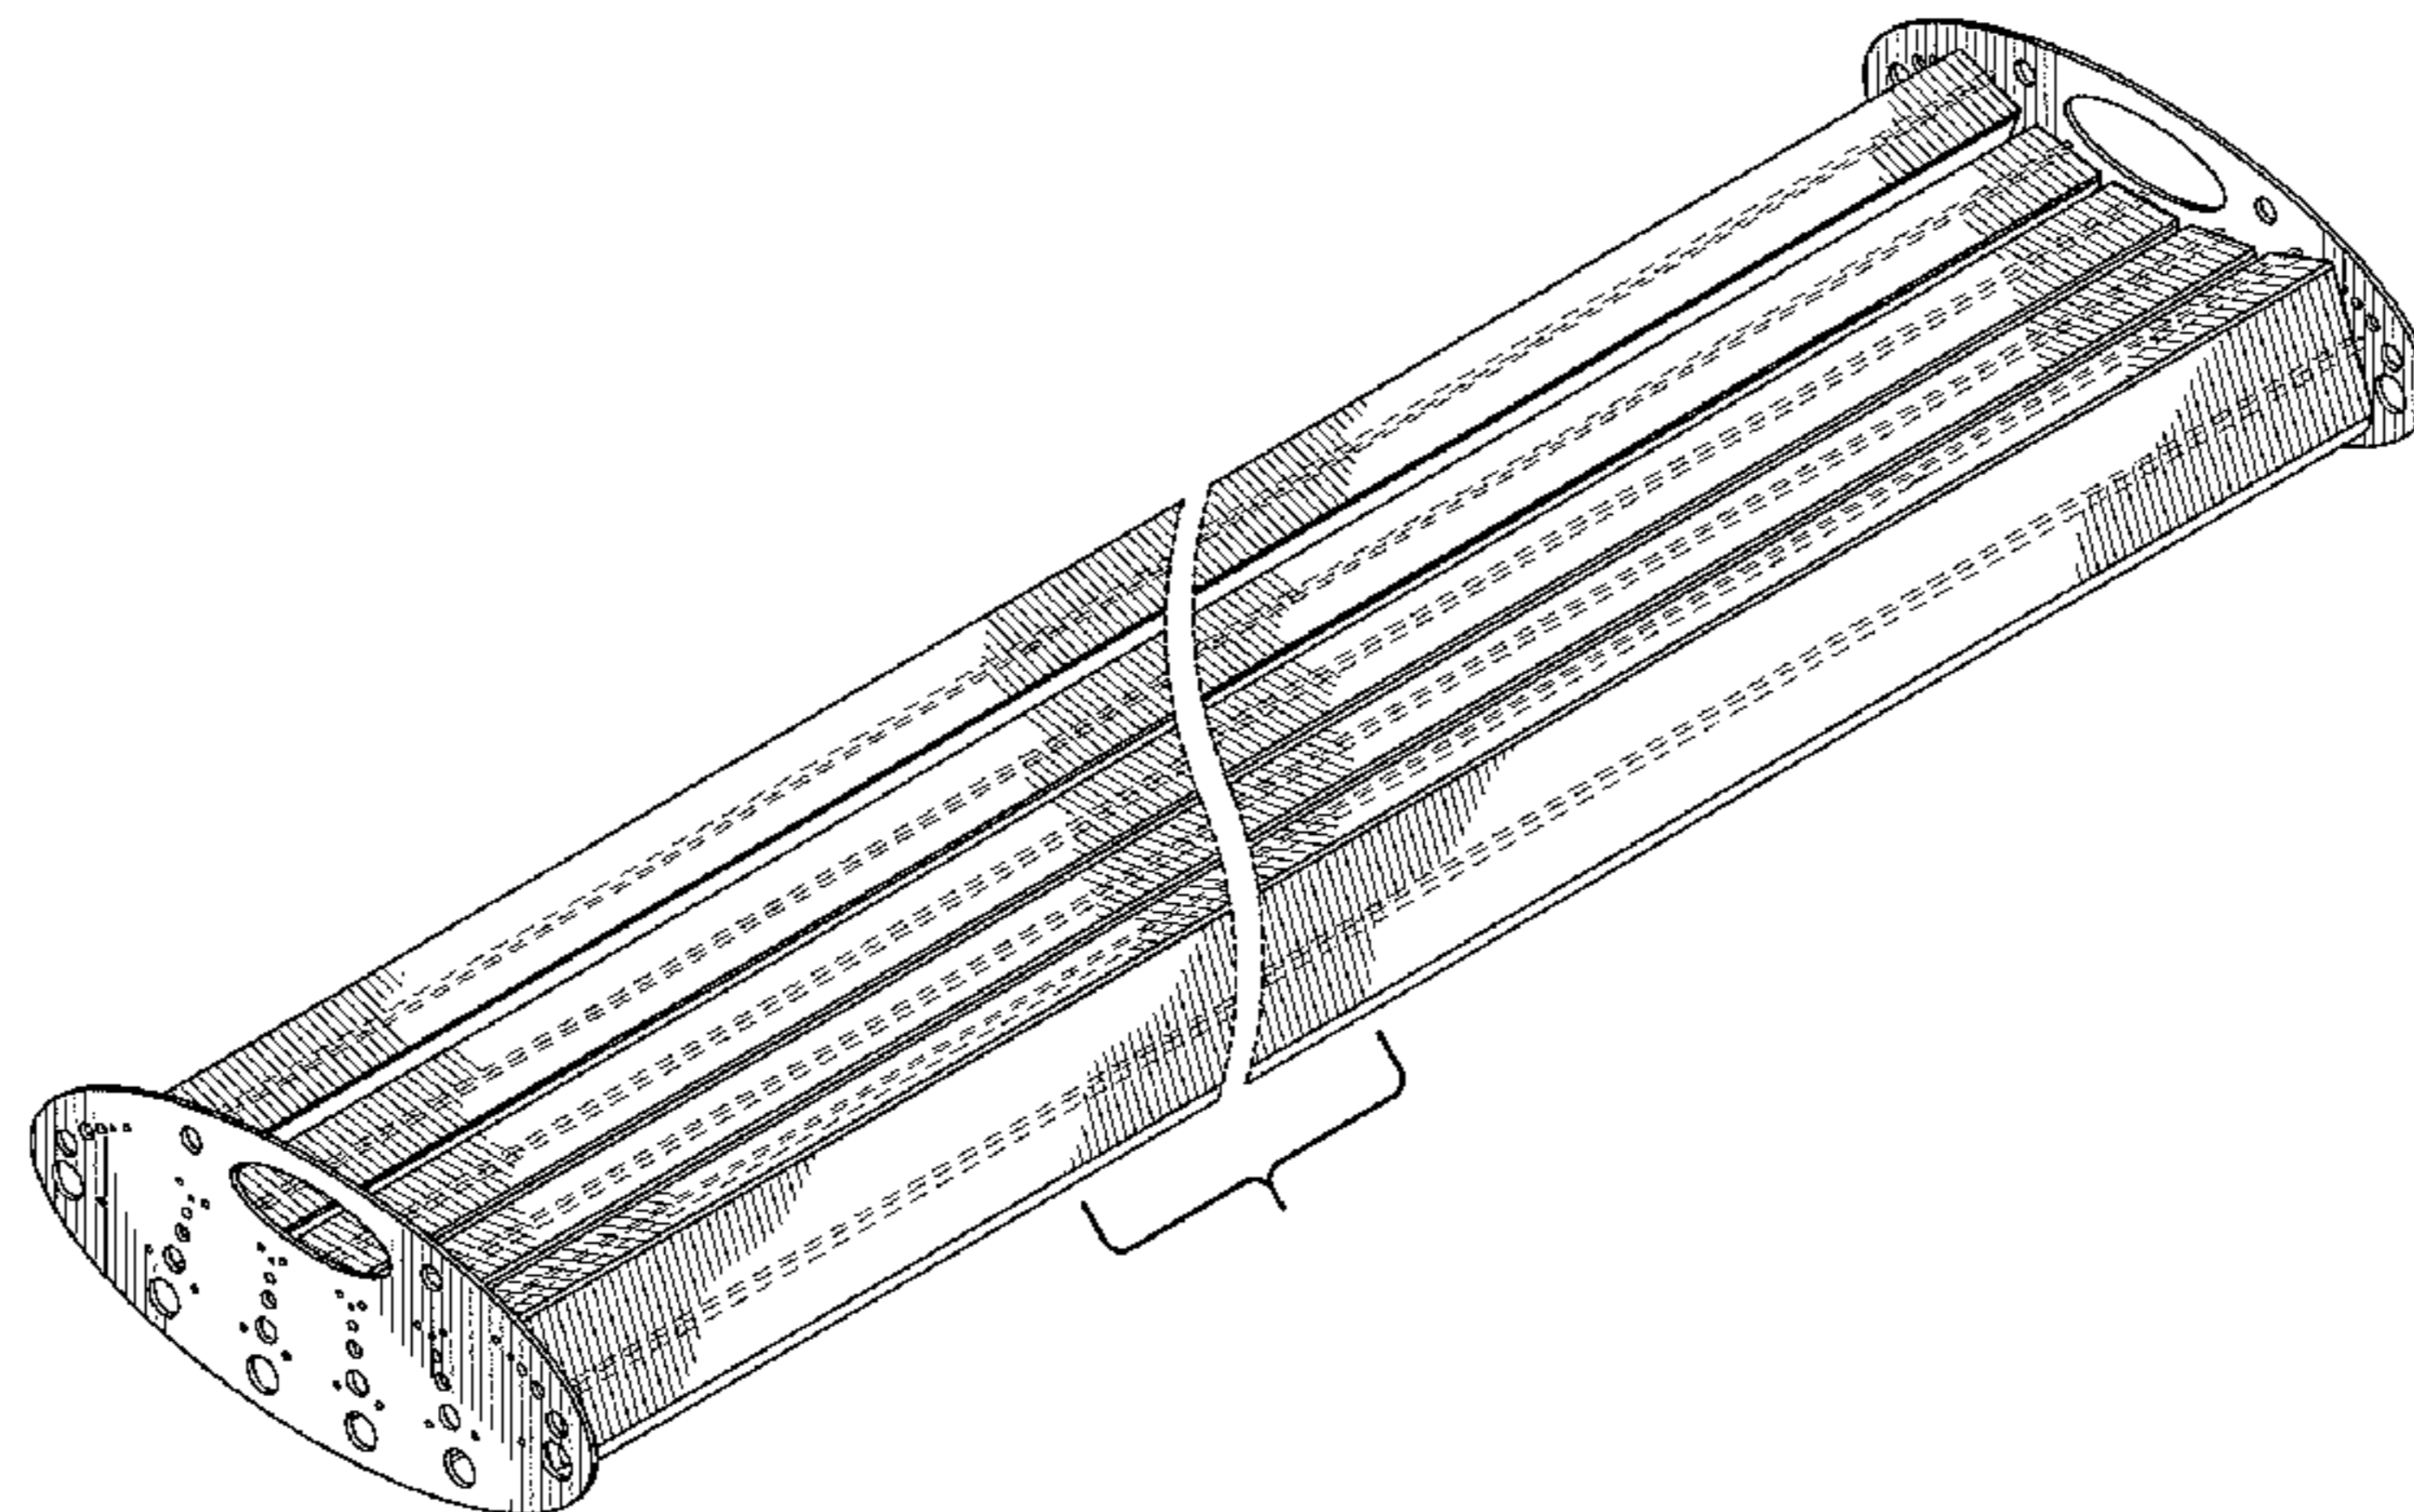

FIG. 5 is a bottom plan view of the high bay LED light fixture of FIG. 1;

FIG. 6 is a perspective view of a second embodiment of the high bay LED light fixture; and,

FIG. 7 is a plan view of one end of the high bay LED light fixture of FIG. 6, enlarged relative to the view shown in FIG. 6, an opposing end of the high bay LED light fixture being identical.

In FIGS. 1, 3, 4, 5 and 6, the breaks and accompanying bracket indicate that the fixture has no specific length, and dashed lines indicate environmental structure that forms no part of the claimed design. Side, top and bottom plan views of the high bay LED light fixture of FIG. 6 and FIG. 7 are identical to the side, top and bottom plan views (FIG. 3, FIG. 4 and FIG. 5 respectively) of the high bay LED light fixture of FIG. 1.
