(57) **CLAIM**

The ornamental design for a lay-in electrical connector, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, and right side perspective view of a first embodiment of a lay-in electrical connector showing our new design, the broken-line disclosure of ports and openings being for illustrative purposes only and forming no part of the claimed design, and the connector being shown broken away to indicate unclaimed length;

FIG. 2 is a top, front, and right side perspective view of a second embodiment thereof, with the connector being shown broken away to indicate unclaimed length;

FIG. 3 is a front elevational view thereof, with the rear elevational view being a mirror image of that shown;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a top plan view thereof; and,

FIG. 7 is a bottom plan view thereof.
