(57) **CLAIM**

The ornamental design for a separable wall plate for communications cable, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the separable wall plate for communications cable, showing the left, bottom and front surfaces thereof;

FIG. 2 is a back perspective view, showing the left, upper and back surfaces thereof;

FIG. 3 is a left side view thereof;

FIG. 4 is a right side view thereof;

FIG. 5 is a front elevational view thereof;

FIG. 6 is a rear elevational view thereof;

FIG. 7 is a top view thereof;

FIG. 8 is a bottom view thereof;

FIG. 9 is a front perspective view thereof, showing the lower portion of the wall plate hinged away from the upper portion of the wall plate;

FIG. 10 is a front elevational view thereof, showing the lower portion of the wall plate hinged away from the upper portion of the wall plate;

FIG. 11 is a back view thereof, showing the lower portion of the wall plate hinged away from the upper portion of the wall plate;

FIG. 12 is a left side view thereof, showing the lower portion of the wall plate hinged away from the upper portion of the wall plate; and,

FIG. 13 is a right side view thereof, showing the lower portion of the wall plate hinged away from the upper portion of the wall plate.
