(57) **CLAIM**

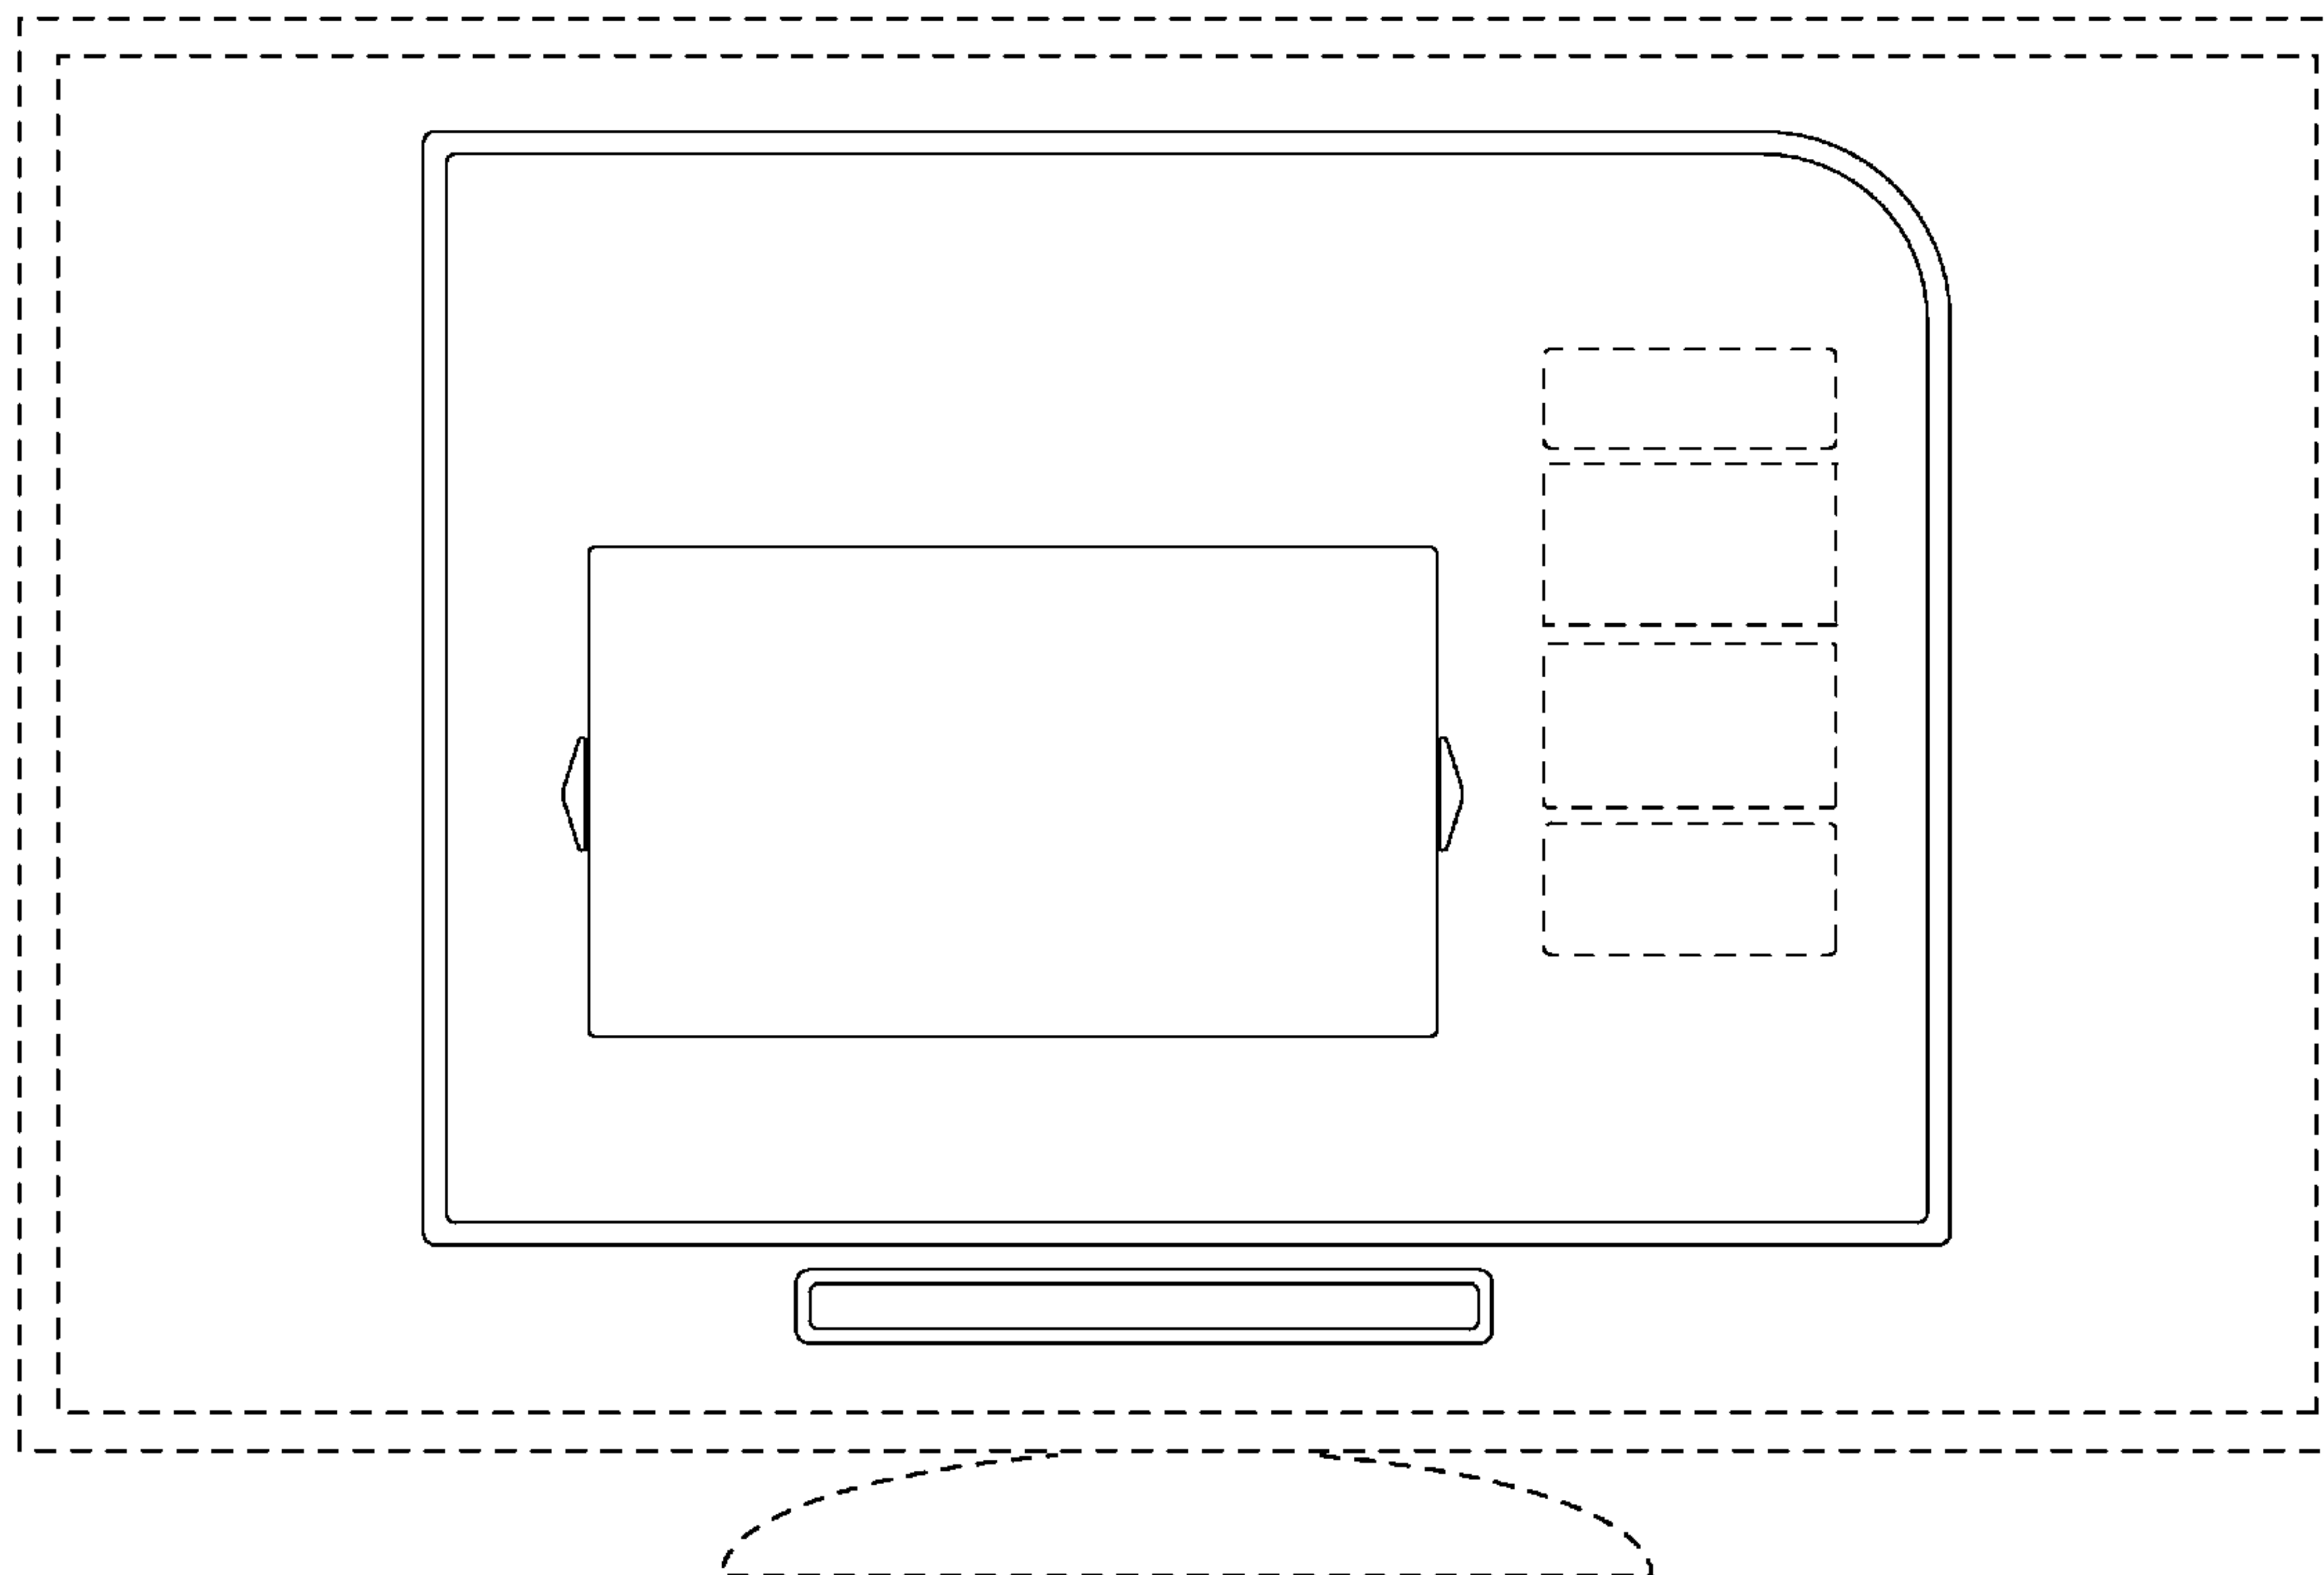

The ornamental design for borders for a graphic user window and interface region border image for a display screen, as shown and described.

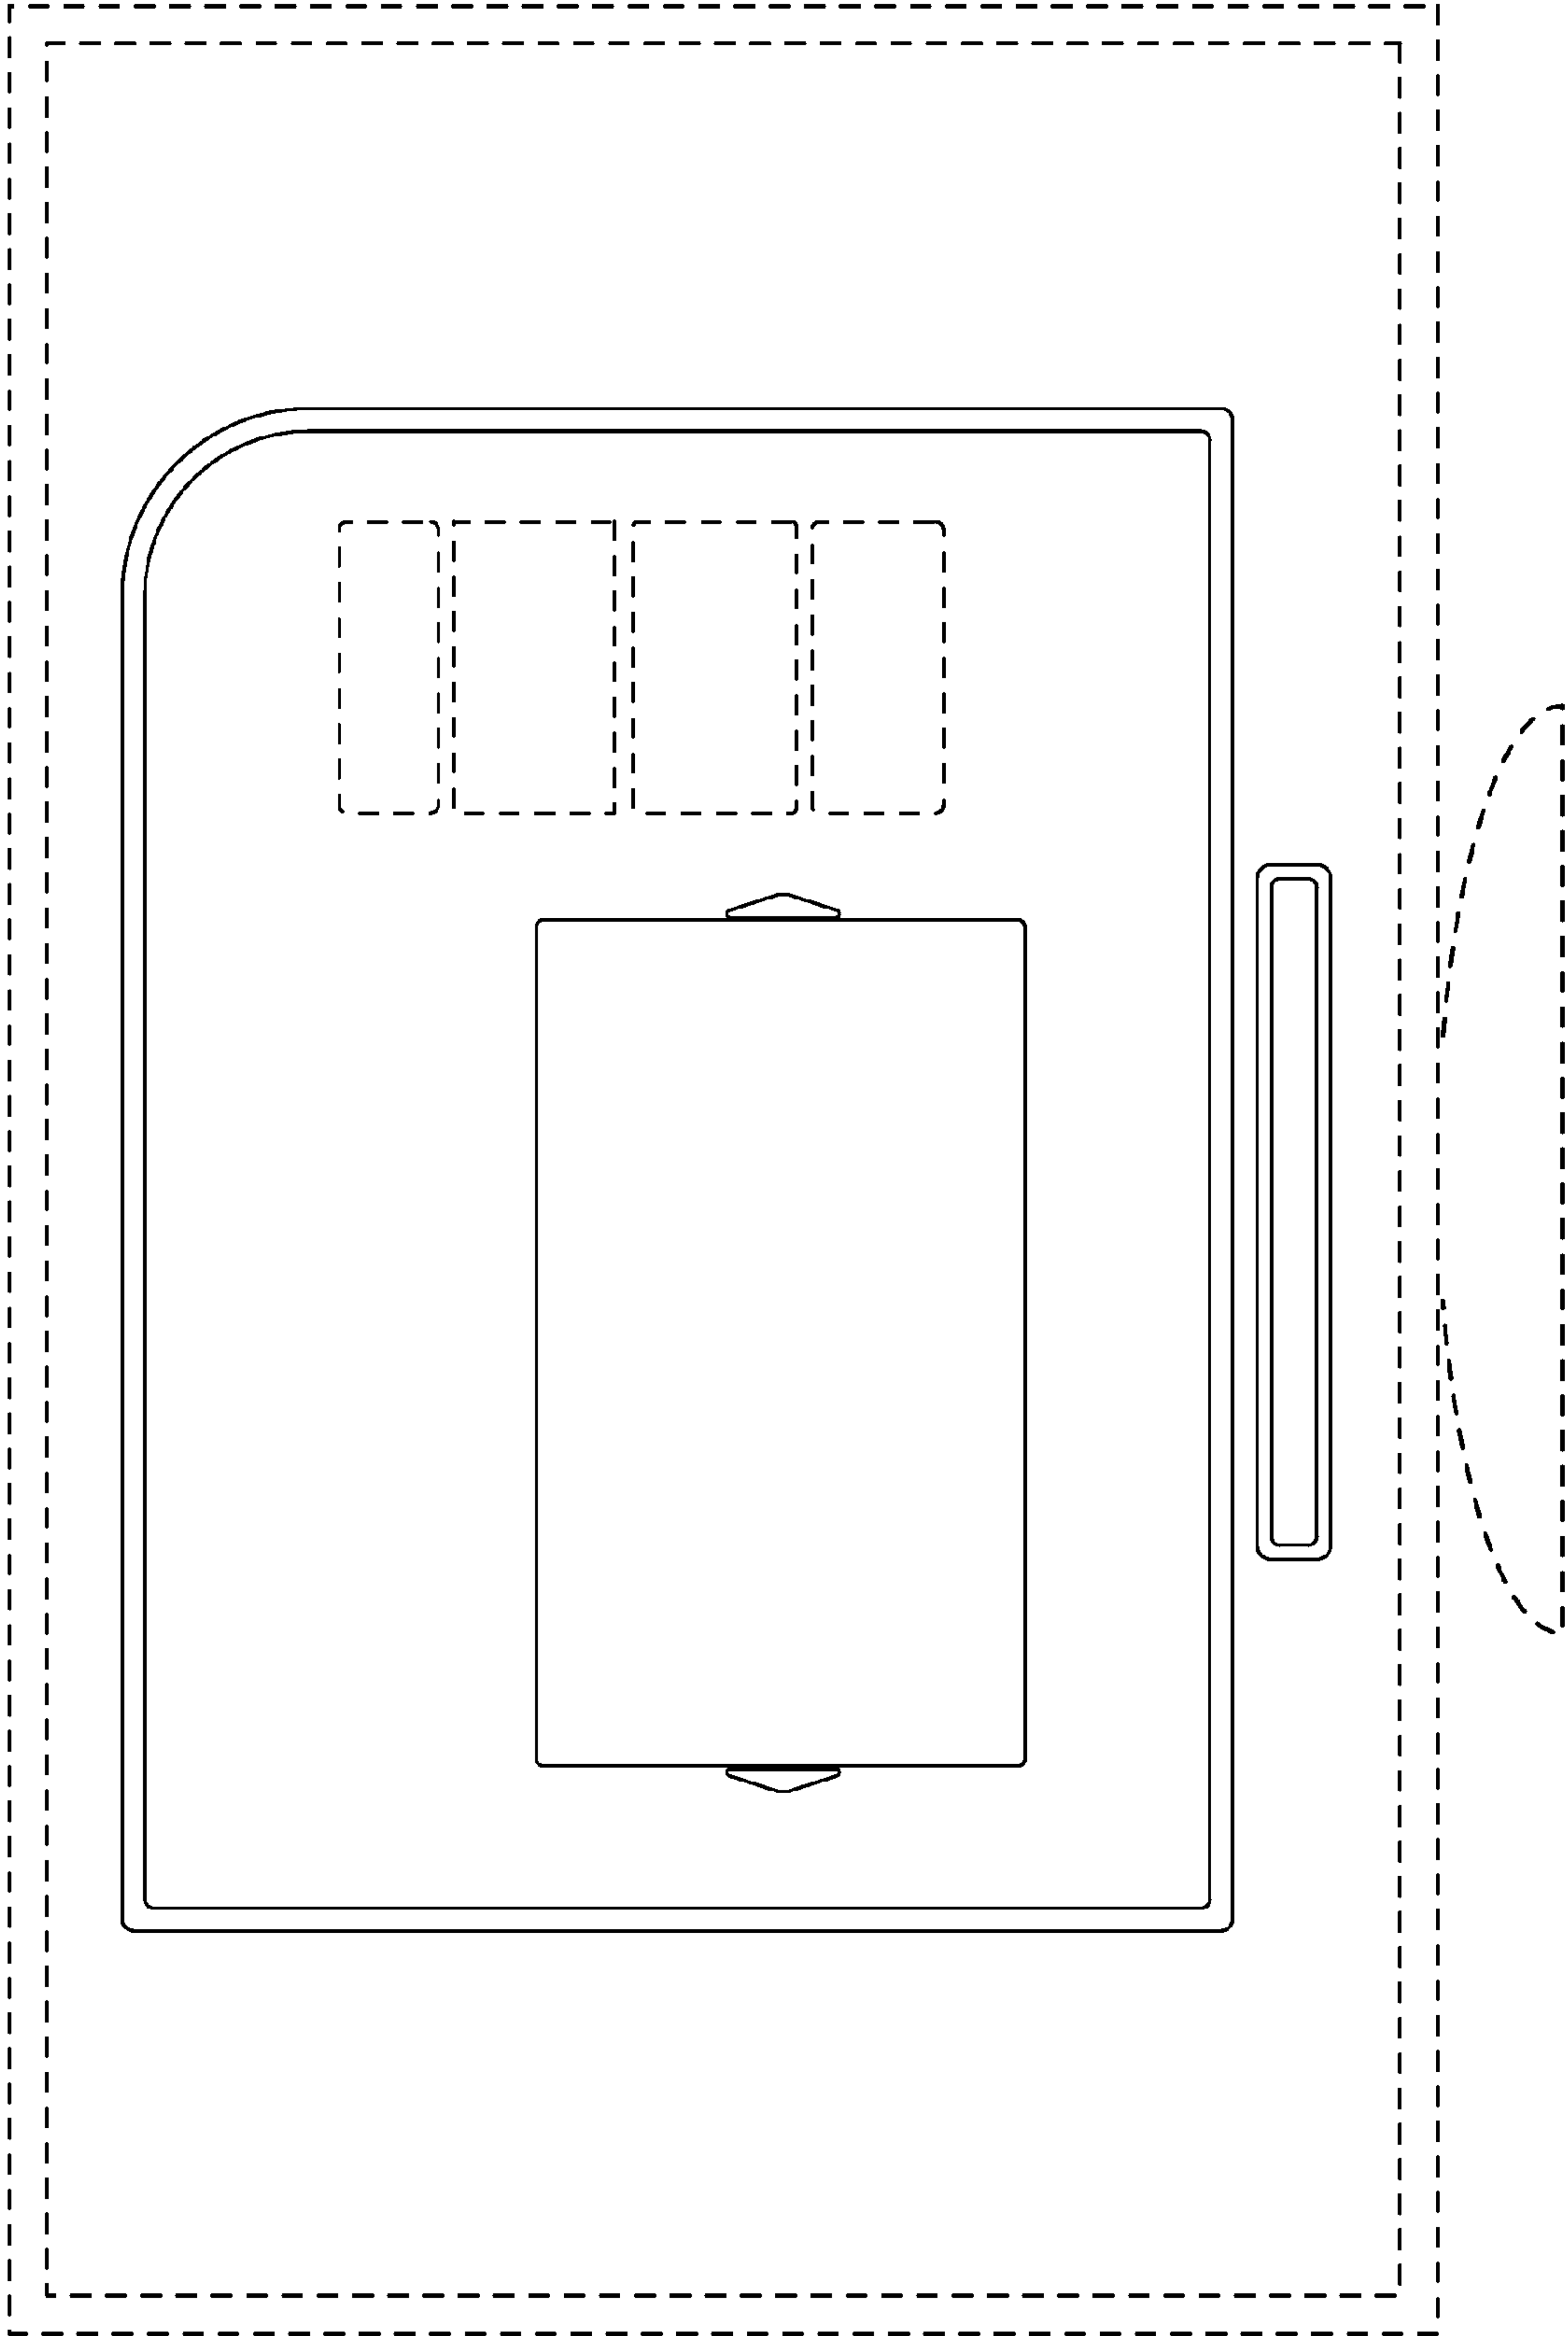

**DESCRIPTION**

The FIGURE is a front view of borders for a graphic user window and interface region border image for a display screen showing the new design.

The broken line showing of the rectangles within the image and the areas there within form no part of the claimed design. The broken line showing of the display screen is for illustrative purposes only and forms no part of the claimed design.
