FIG. 3 is a rear elevation view of the bracket.

FIG. 4 is a left side elevation view of the bracket.

FIG. 5 is a right side elevation view of the bracket.

FIG. 6 is a top plan view of the bracket; and,

FIG. 7 is a bottom plan view of the bracket.

No claim is made to texture or surface finish.

The claim includes a second embodiment which is a mirror image in all material respects of the bracket for overlapping window roller blinds shown in FIGS. 1–7.

The broken lines immediately adjacent the shaded areas represent the bounds of the claim and all other broken lines represent portions of the design that form no part of the claim. None of the broken lines form a part of the claimed design.
