FIG. 2 is an enlarged top view of the connection for a simulated shock absorber, with the bottom view being a mirror image thereof;

FIG. 3 is a left side view of the connection for a simulated shock absorber shown in FIG. 2;

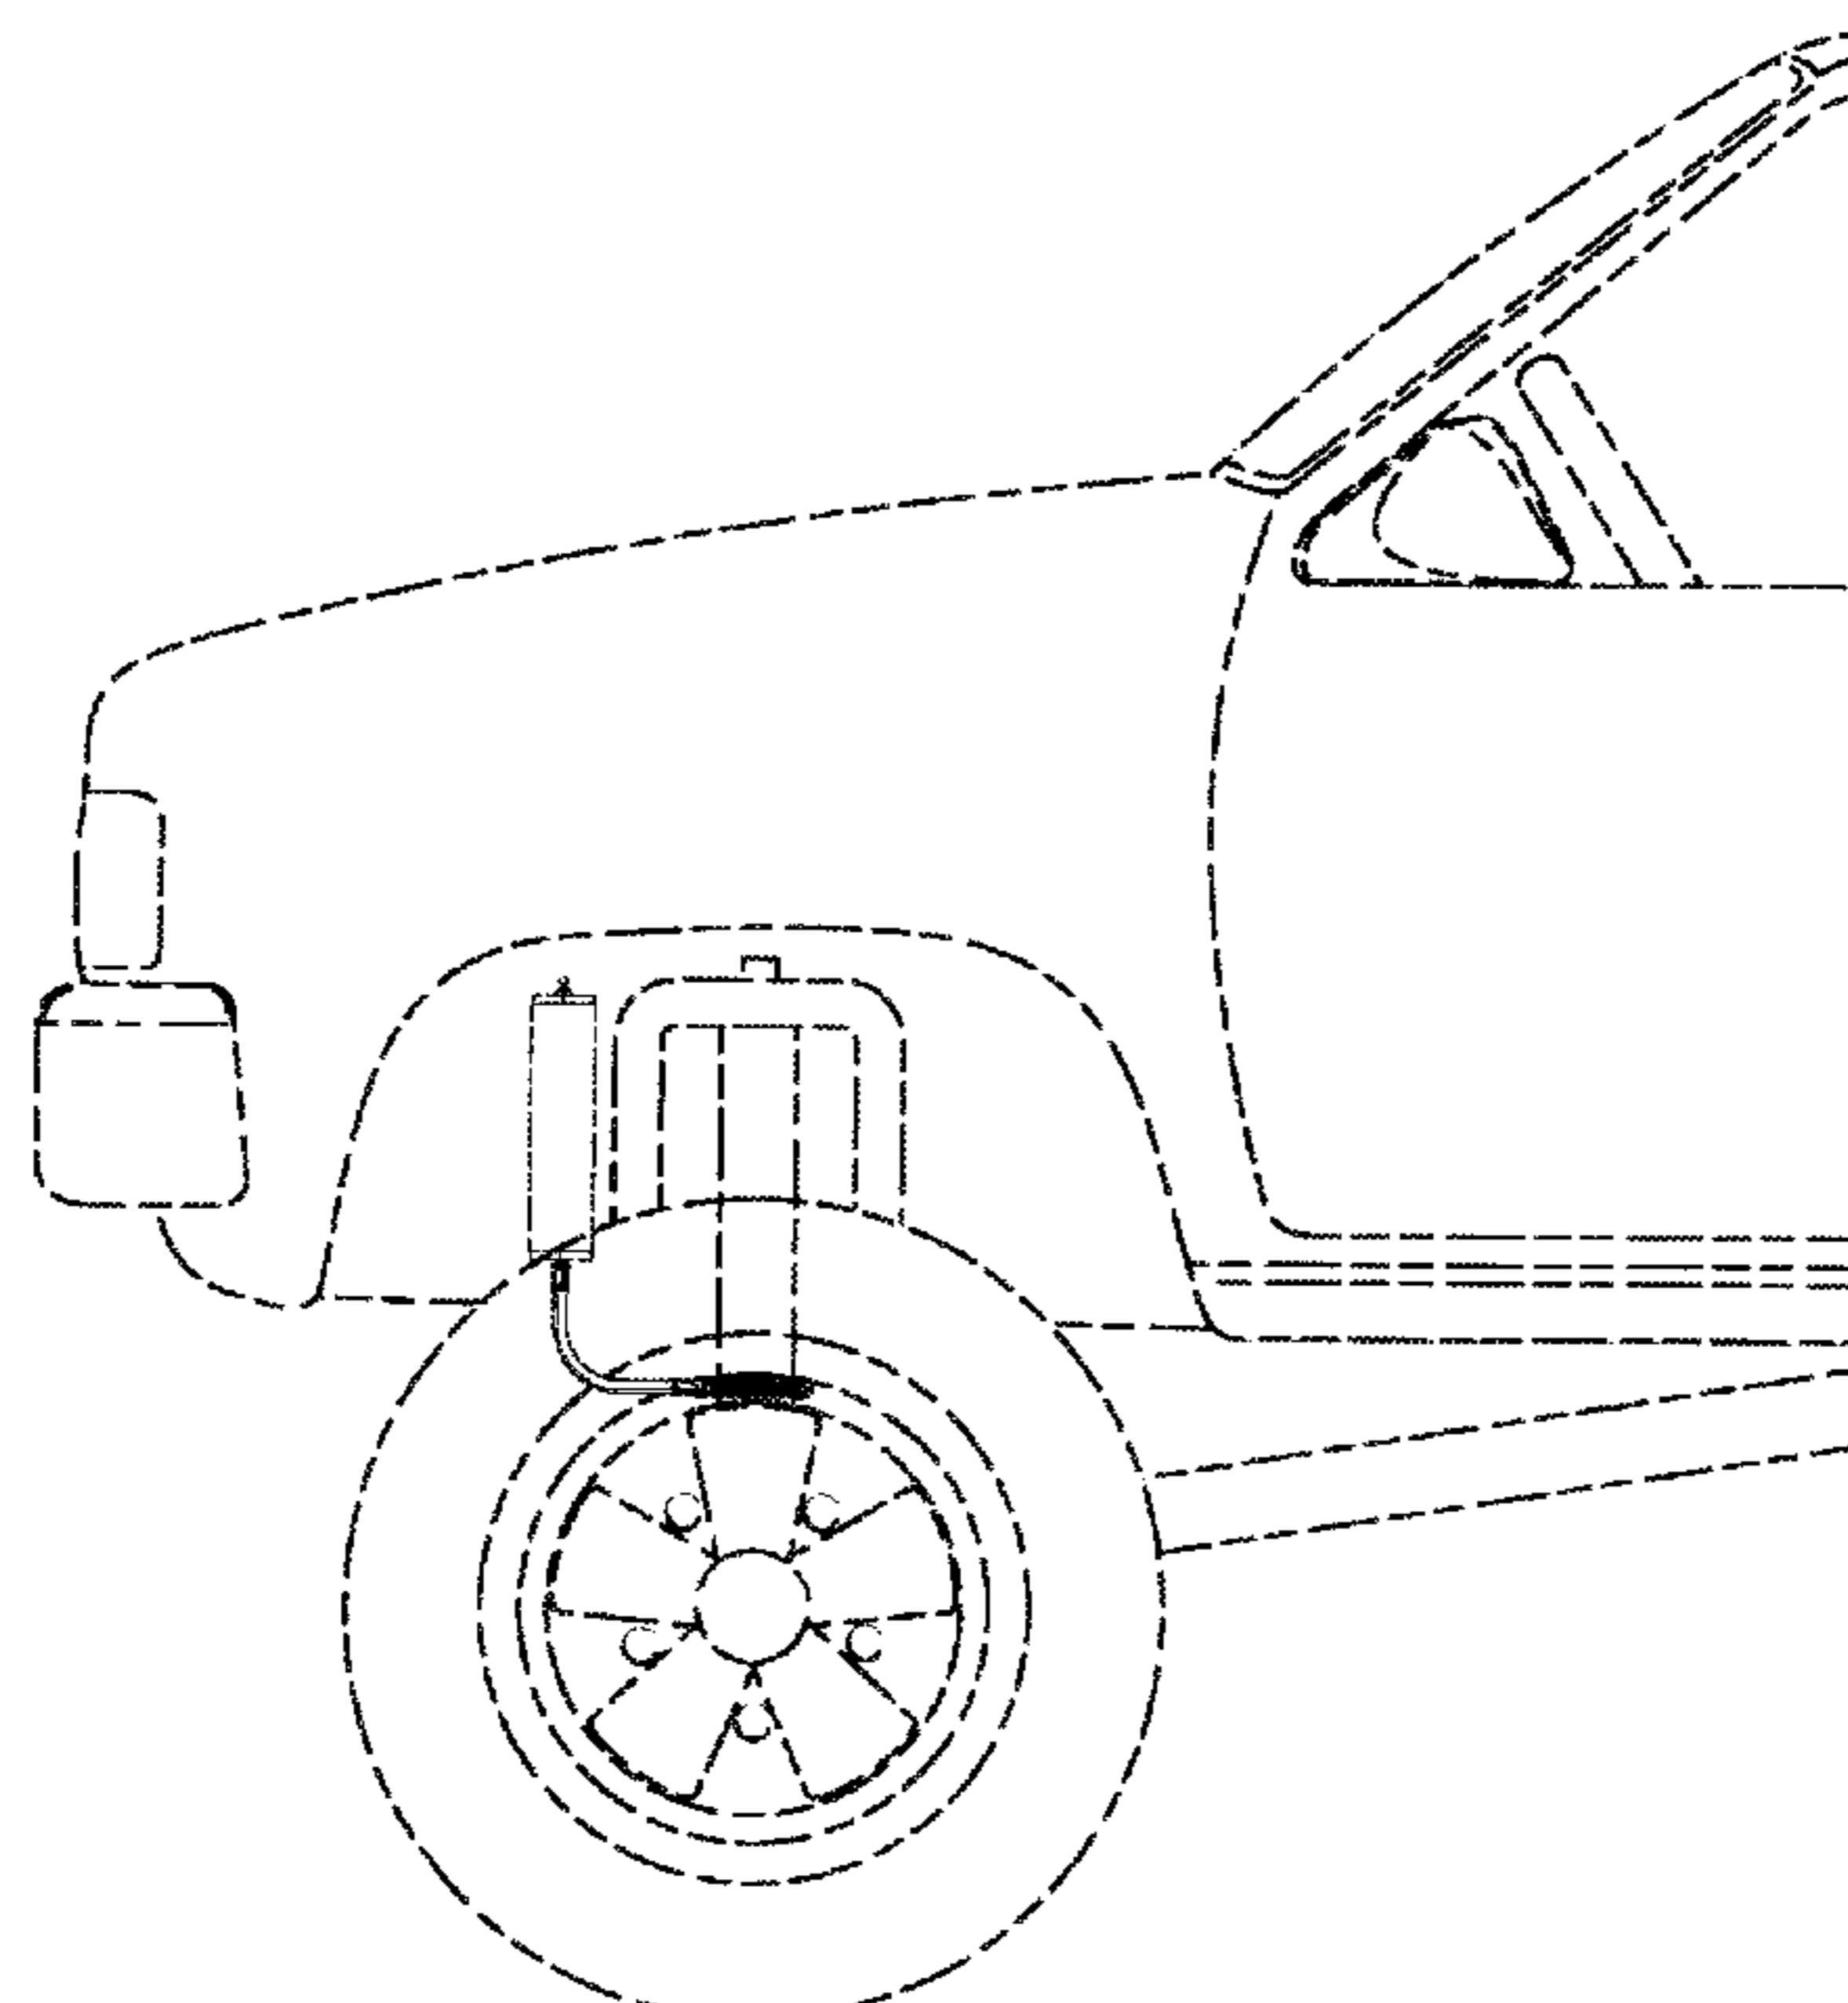

FIG. 4 is a right side view of the connection for a simulated shock absorber shown in FIG. 2;

FIG. 5 is a front view of the connection for a simulated shock absorber shown in FIG. 2; and,

FIG. 6 is a back view of the connection for a simulated shock absorber shown in FIG. 2.

The broken line showing of a shock absorber body in FIGS. 2–5 and a vehicle in FIG. 1 are included for the purpose of illustrating environment and forms no part of the claimed designs.
