DESCRIPTION

FIG. 1 is a perspective view of a light with receptacles and stand, illustrated with covers of the invention in a closed position, showing my new design;

FIG. 2 is a perspective view of the invention, illustrated with the covers in an open position;

FIG. 3 is a front elevational view of the invention, illustrated with the covers in the closed position;

FIG. 4 is a rear elevational view of the invention, illustrated with the covers in the closed position;

FIG. 5 is a left-side elevational view of the invention, illustrated with the covers in the closed position;

FIG. 6 is a right-side elevational view of the invention, illustrated with the covers in the closed position;

FIG. 7 is a top plan view of the invention, illustrated with the covers in the closed position; and,

FIG. 8 is a bottom plan view of the invention, illustrated with the covers in the closed position.
