(57) **CLAIM**

The ornamental design for a sandal, as shown and described.

DESCRIPTION

FIG. 1 is a left elevated perspective view of a sandal, showing my new design;

FIG. 2 is a right side perspective view thereof;

FIG. 3 is a front view thereof;

FIG. 4 is a rear view thereof;

FIG. 5 is a right side perspective view thereof;

FIG. 6 is a left side perspective view thereof;

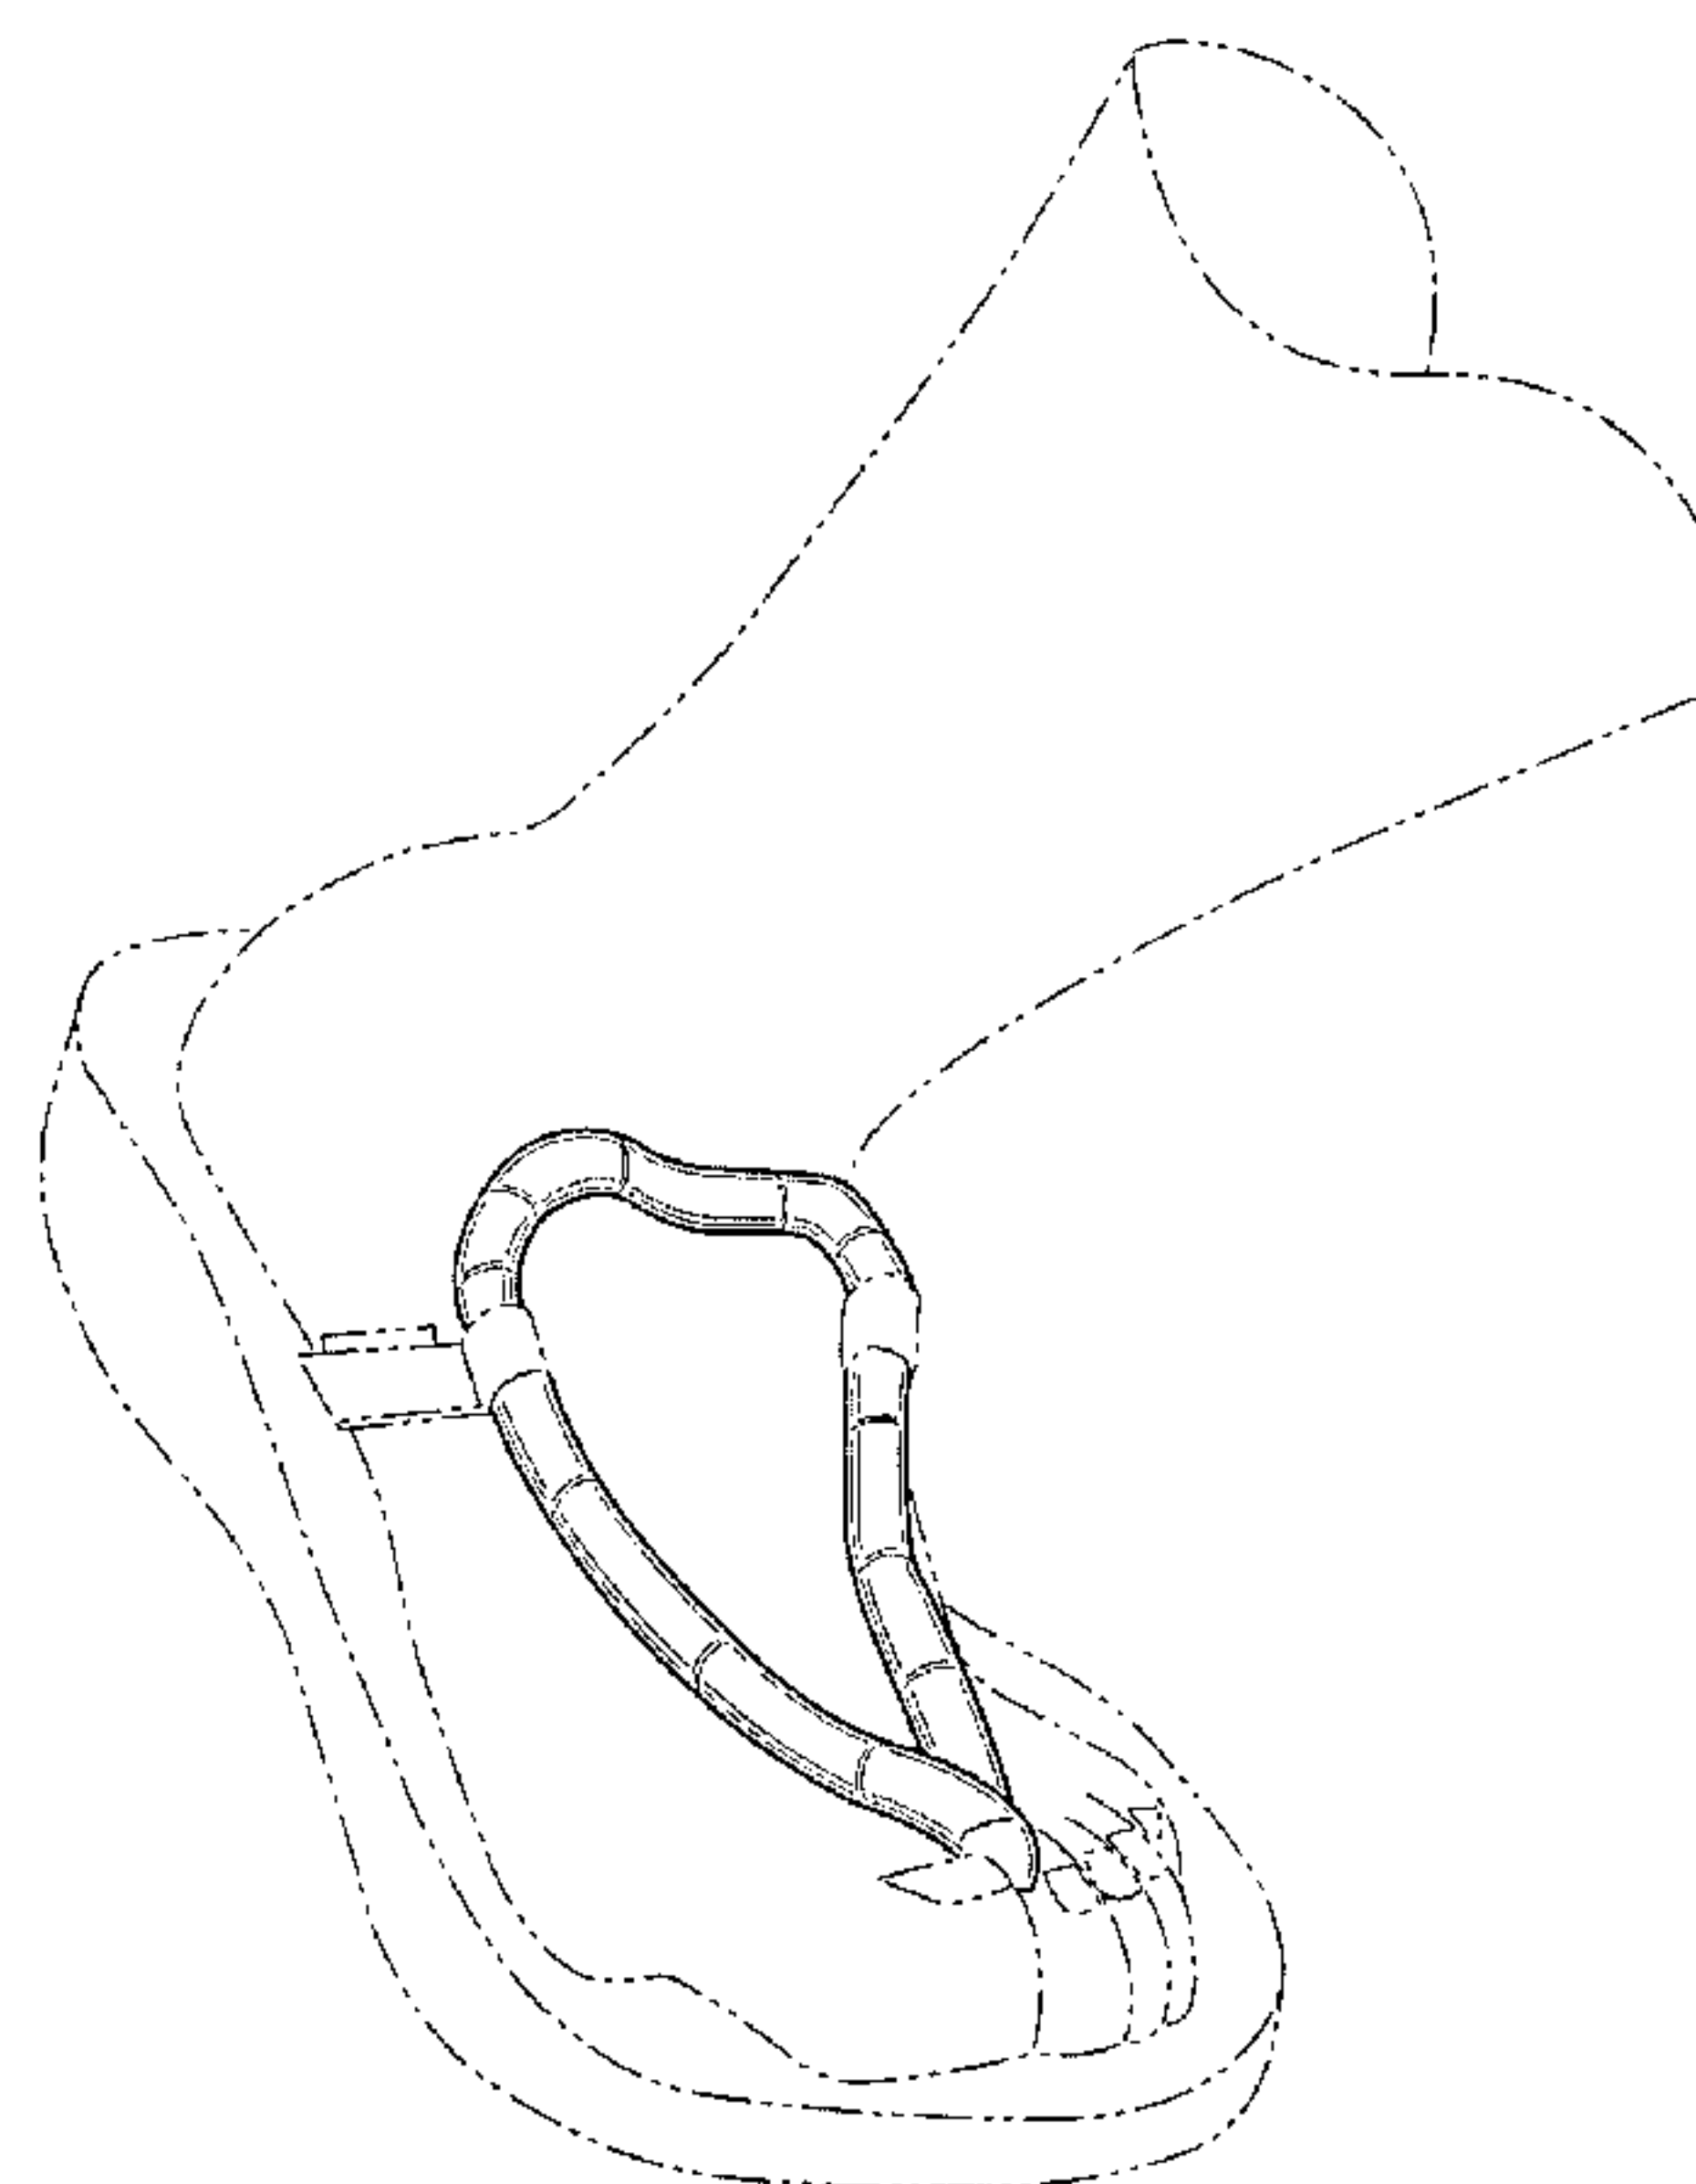

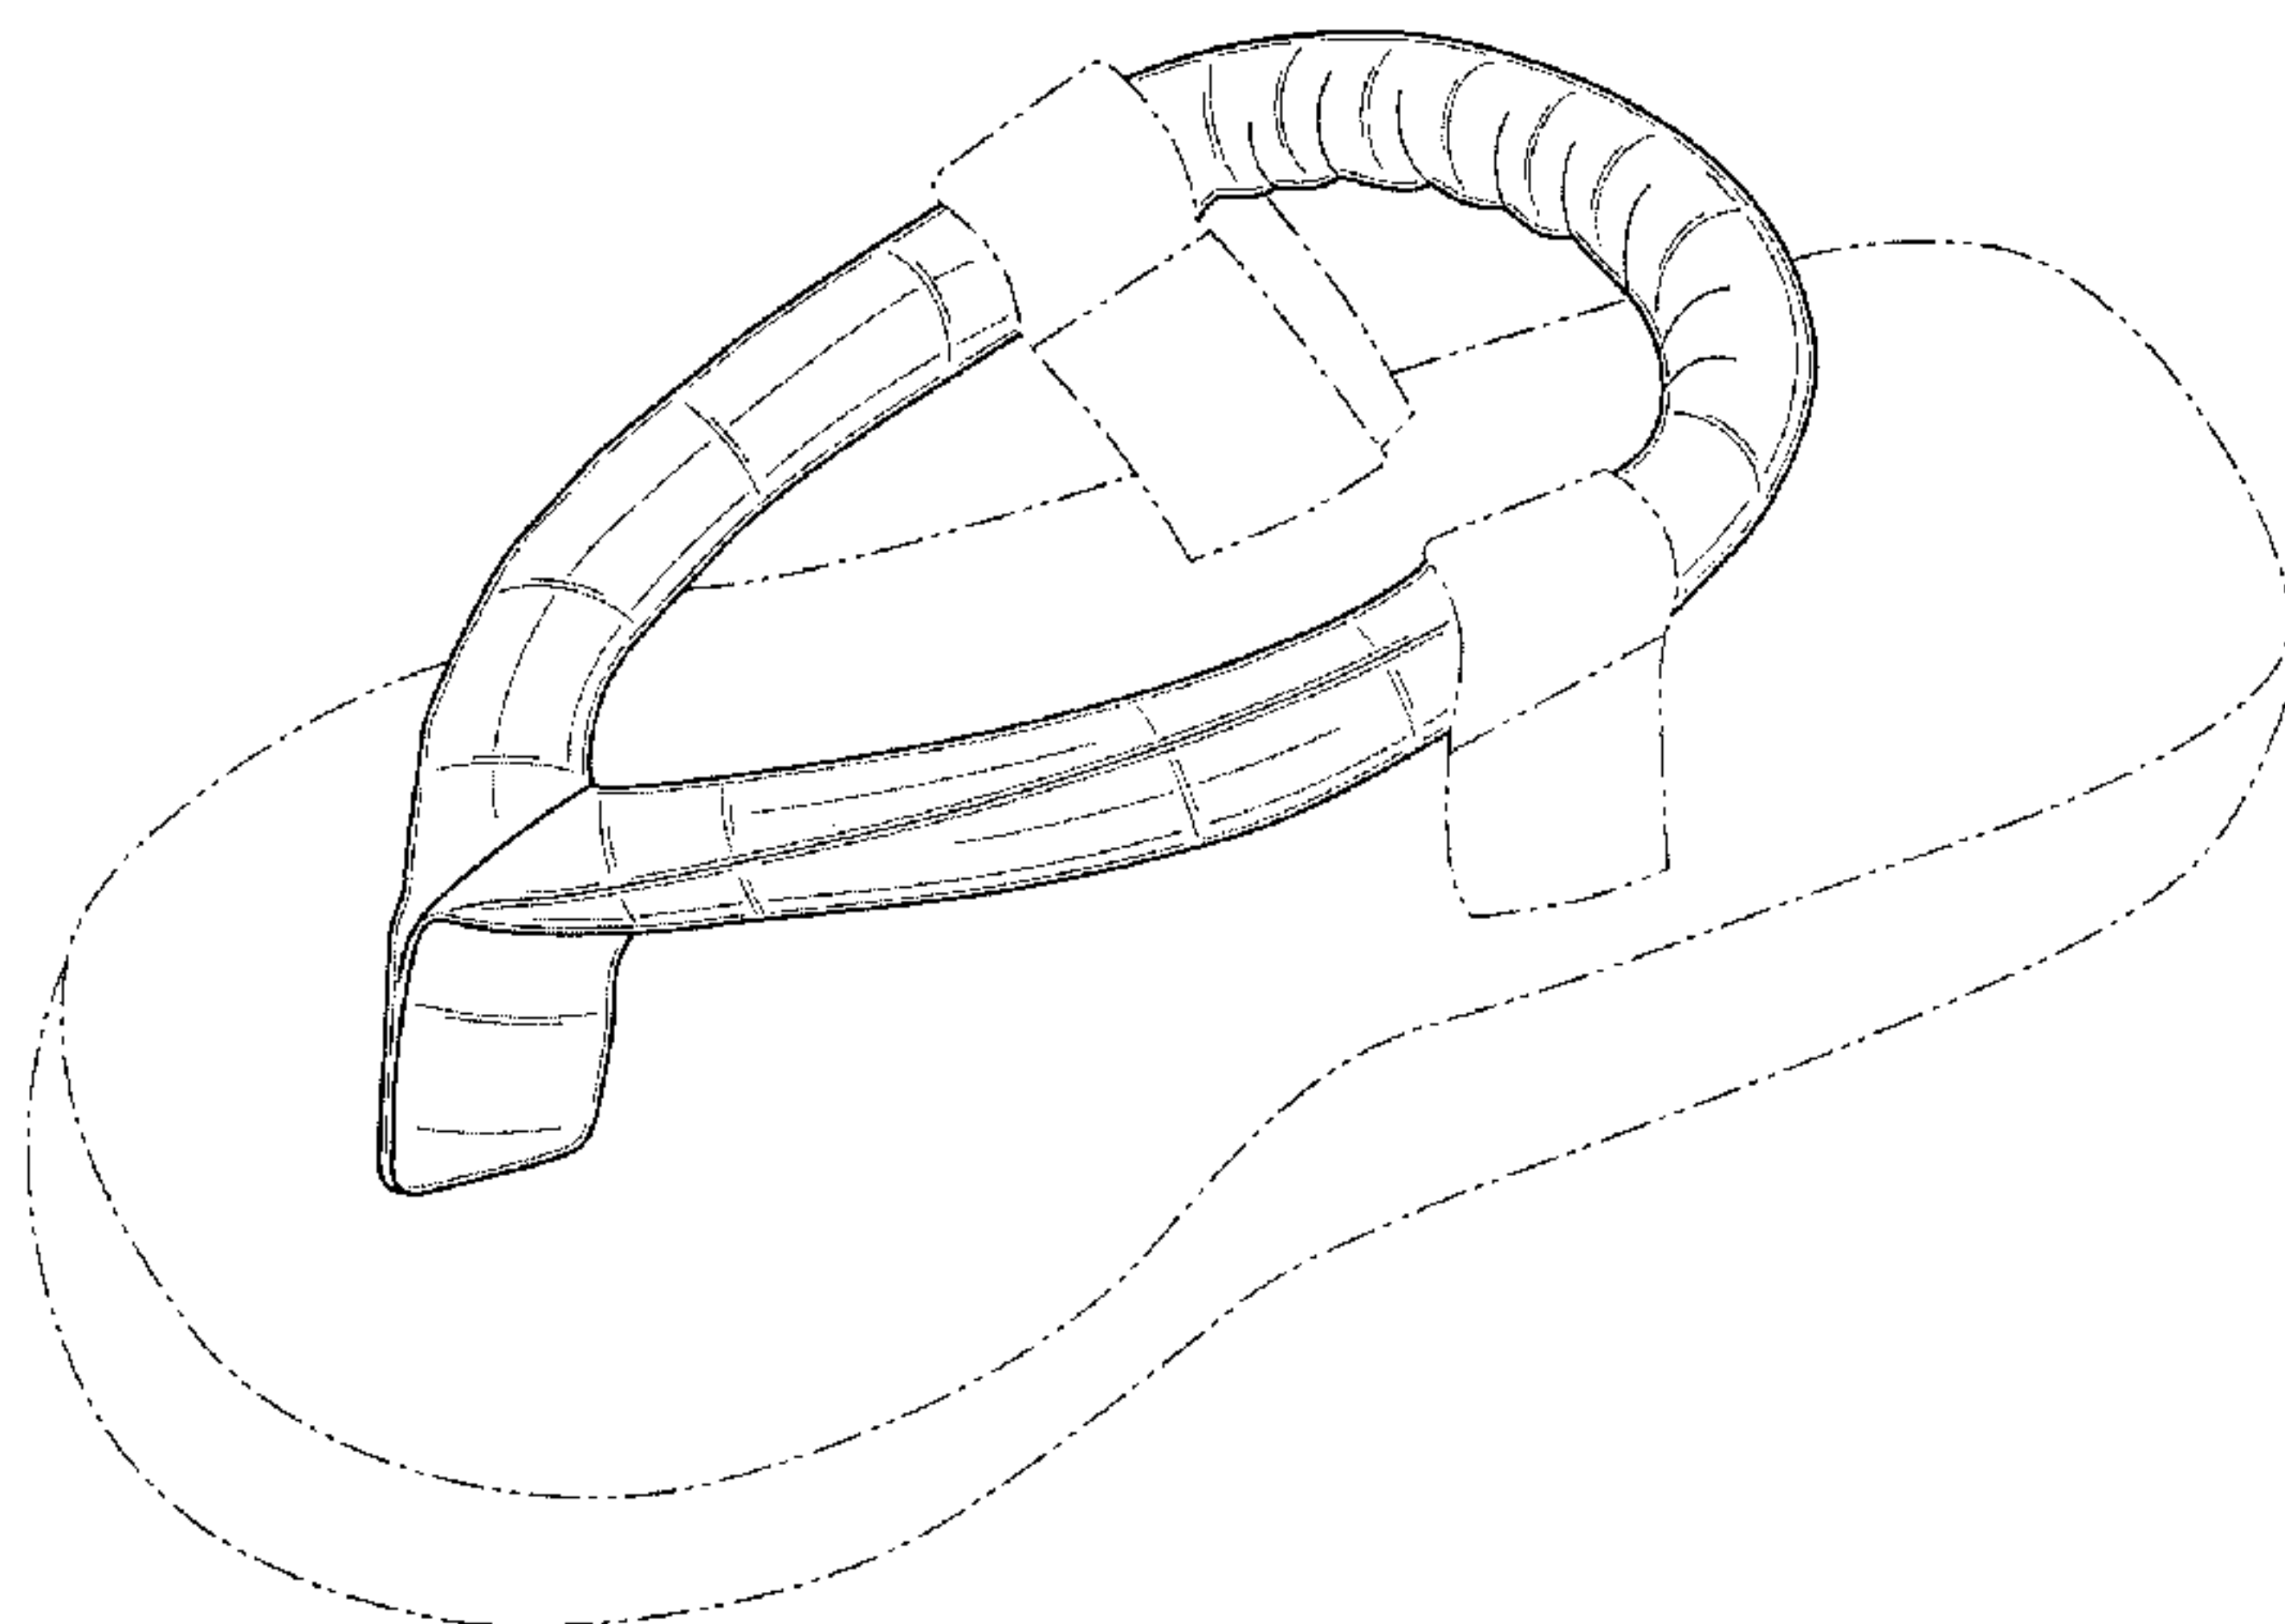

FIG. 7 is a top view thereof; and,

FIG. 8 is a left perspective view thereof, showing my new design in use.

The broken lines in the drawings are for illustrative purposes only and form no part of the claimed design.

The characteristic feature of the thong portion of the sandal shown in solid lines is its generally closed-looped construction. The wrinkled configuration of the thong portion in FIGS. 1–7 is exemplary of its non use condition.
