(57) **CLAIM**

The ornamental design for an information display holder, as shown and described.

DESCRIPTION

The information display holder is typically used to store and display informational flyers relating to the sale of a vehicle.

FIG. 1 is a perspective view of an information display holder showing my new design with the front flap shown extending outwardly and the rear flap shown extending downwardly, and with a portion of a window of a vehicle shown in broken lines;

FIG. 2 is a top plan view thereof with both of the front and rear flaps shown extending outwardly;

FIG. 3 is a front elevational thereof;

FIG. 4 is a right-sided elevational view thereof;

FIG. 5 is a left side elevation will view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a rear elevational view thereof; and,

FIG. 8 is a perspective view of an information display holder showing my new design similar to that of FIG. 1 with the front flap lifted to show the shape of the upper edge of the front panel.

The broken line showing of a portion of a window of a vehicle in FIG. 1 is for environmental purposes only and forms no part of the claimed design.
