(57) **CLAIM**

The ornamental design for a low voltage outdoor lighting power supply, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of a low voltage outdoor lighting power supply showing our new design;

FIG. 2 is a front side elevational view thereof;

FIG. 3 is a top side elevational view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a bottom side elevational view thereof;

FIG. 6 is a left side elevational view thereof;

FIG. 7 is a rear side elevational view thereof;

FIG. 8 is a perspective view of a second embodiment of a low voltage outdoor lighting power supply showing our new design;

FIG. 9 is a front side elevational view thereof;

FIG. 10 is a top side elevational view thereof;

FIG. 11 is a right side elevational view thereof;

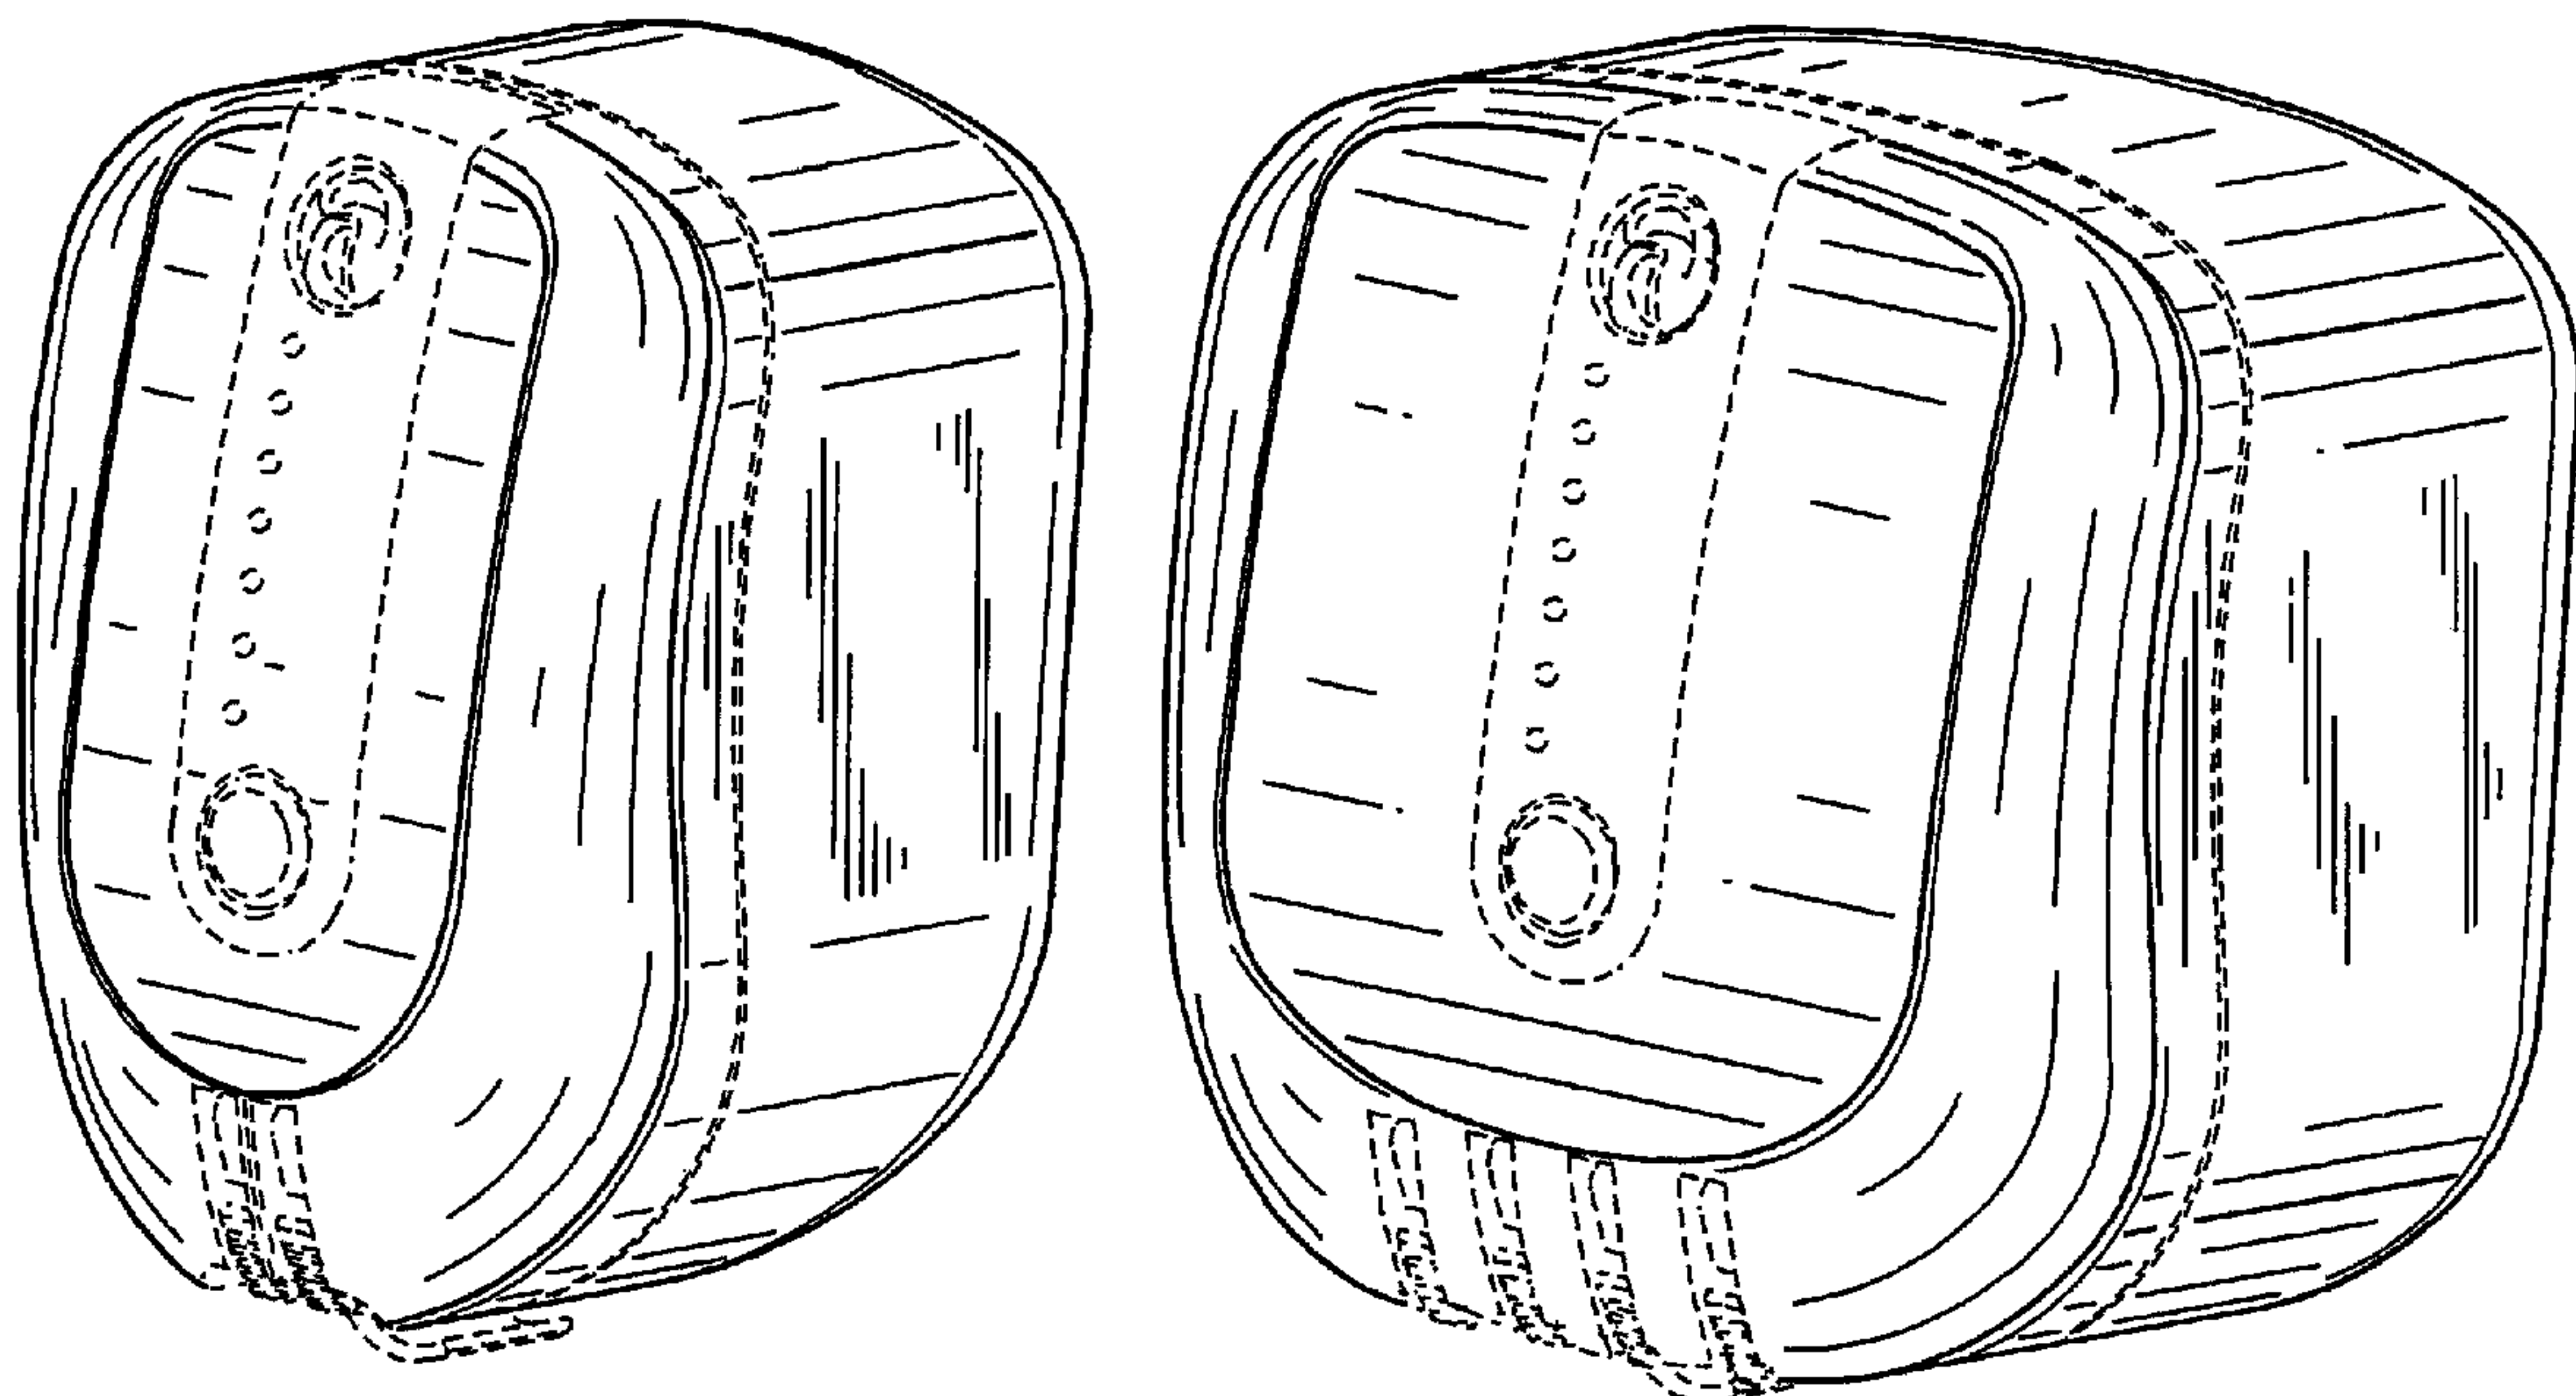

FIG. 12 is a bottom side elevational view thereof;

FIG. 13 is a left side elevational view thereof; and,

FIG. 14 is a rear side elevational view thereof.

The broken line representations of portions of the low voltage outdoor lighting power supply in FIGS. 1-14 show unclaimed subject matter and form no part of the claimed design.
