(57) **CLAIM**

The ornamental design for a user interface for displaying information associated with a first zone of coverage of an individual being monitored by a location tracking system for a computer display screen, as shown and described.

DESCRIPTION

FIGURE is a plan view of a user interface for displaying information associated with a first zone of coverage of an individual being monitored by a location tracking system for a computer display screen of an embodiment of the invention.

The broken lines showing the computer display screen is included for the purpose of illustrating environment and forms no part of the claimed design. The text and other elements shown in broken lines within and about the computer display screen form no part of the claimed design.

1 Claim, 1 Drawing Sheet
