(57) **CLAIM**

The ornamental design for the valance clip, as shown.

DESCRIPTION

FIG. 1 is a front perspective view of a first embodiment of the valance clip;

FIG. 2 is a right side view of the embodiment of the valance clip shown in FIG. 1, with two valances installed shown in broken lines;

FIG. 3 is a front perspective view of second embodiment of the valance clip;

FIG. 4 is a right side view of the embodiment of the valance clip shown in FIG. 3, with two valances installed shown in broken lines;

FIG. 5 is an environmental perspective view showing the top, front, and right sides of the valance clip according to the embodiment shown in FIG. 1, with a second valance clip and two valances installed shown in broken lines; and,

FIG. 6 is a perspective view showing the top, front, and right sides of the valance clip according to the embodiment shown in FIG. 1, with a second valance clip and two valances installed shown in broken lines.

The broken lines represent portions of the design that form no part of the claim.
