(57) **CLAIM**

We claim the ornamental design for a package design for
multi-use container for small engine tune-up kit, as shown
and described.

DESCRIPTION

FIG. 1 is a perspective view of a container for a small engine
tune-up kit according to this invention;

FIG. 2 is a top view of the container;

FIG. 3 is a front view of the container;

FIG. 4 is a right side view of the container;

FIG. 5 is a left side view of the container;

FIG. 6 is a bottom view of the container;

FIG. 7 is a rear view of the container; and,

FIG. 8 is an exploded perspective view of the container
depicting the lid separated from the base, the broken line
showing of the components carried inside is for illustrative
purposes only and forms no part of the claimed design.
