(57) **CLAIM**

We claim the ornamental design for a media device, as shown and described.

DESCRIPTION

FIG. 1 is a view of a front surface of a media device, taken at a line of sight that is perpendicular to the front surface;

FIG. 2 is a view of a rear surface of a media device, taken at a line of sight that is perpendicular to the rear surface;

FIG. 3 is a top view of a media device, the bottom being the same in appearance;

FIG. 4 is a side view of a media device, the opposite side being the same in appearance;

FIG. 5 is a perspective view of a front surface of a media device;

FIG. 6 is a perspective view of a rear surface of a media device; and,

FIG. 7 is a view of the front surface of the media device as shown in FIG. 1, from which the broken line features have been omitted.

The broken line drawings of objects presented on the media device are included for the purpose of illustrating non-claimed possible displayed content that may appear on the claimed surface of the media device. The broken line drawings form no part of the claimed design.
