(57) CLAIM

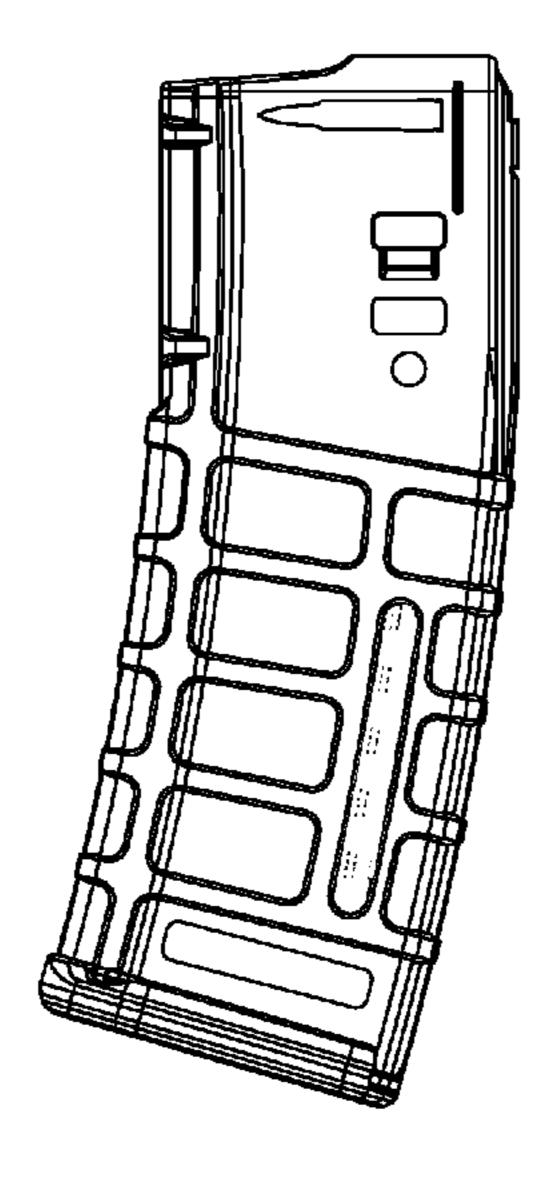

An ornamental design for an ammunition magazine for a firearm, as shown and described.

DESCRIPTION

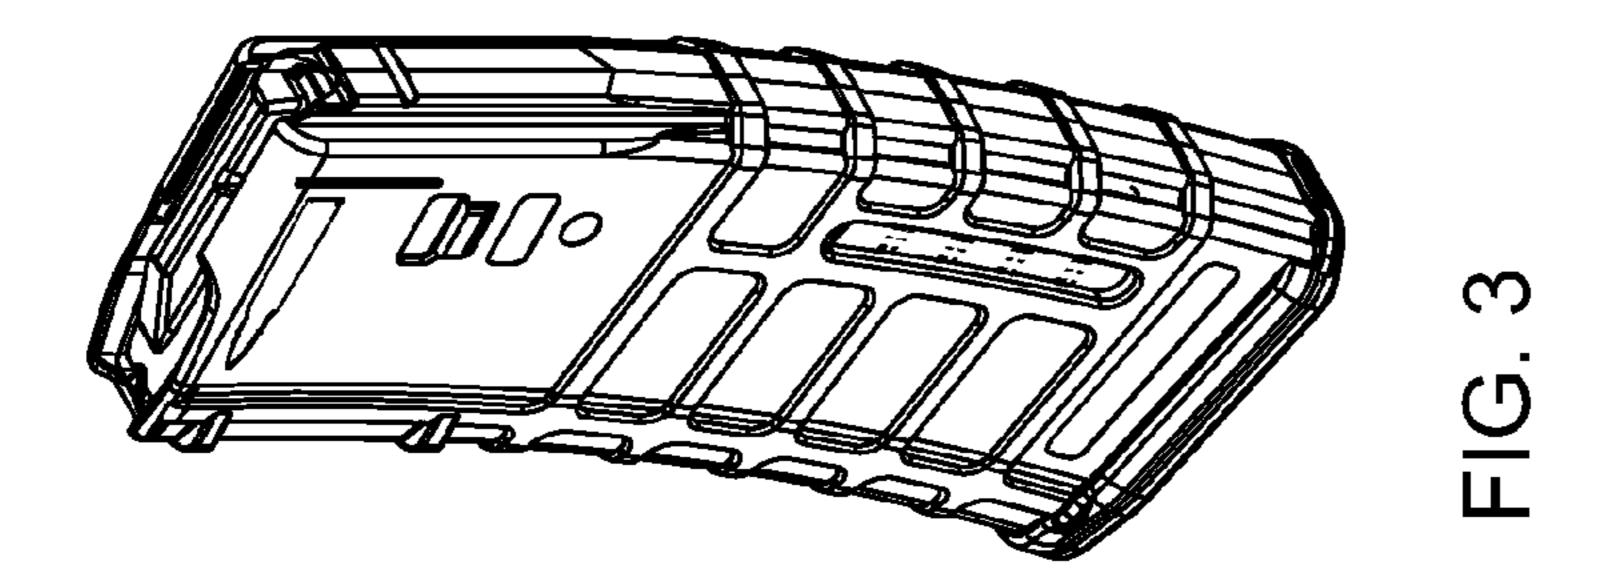

- FIG. 1 is a left plan view of the ammunition magazine.
- FIG. 2 is a right plan view of the ammunition magazine.
- FIG. 3 is a left/top/rear perspective view of the ammunition magazine.
- FIG. 4 is a rear plan view of the ammunition magazine.
- FIG. 5 is a front plan view of the ammunition magazine.
- FIG. 6 is a top plan view of the ammunition magazine.
- FIG. 7 is a bottom plan view of the ammunition magazine.
- FIG. 8 is a right/top/front perspective view of the ammunition magazine.
- FIG. 9 is a right/bottom/front perspective view of the ammunition magazine.
- FIG. 10 is a left/top/front perspective view of the ammunition magazine.
- FIG. 11 is a left/bottom/front perspective view of the ammunition magazine.
- FIG. 12 is a left/bottom/rear perspective view of the ammunition magazine.
- FIG. 13 is a right/top/rear perspective view of the ammunition magazine; and,
- FIG. 14 is a right/bottom/rear perspective view of the ammunition magazine.

The broken line showing of the internal spring element encircled by the vertically elongated aperture of the ammunition magazine for a firearm in FIGS. 1–3 and 8–14 is included for the purpose of illustrating environment and forms no part of the claimed designs.
