(57) **CLAIM**

I claim the ornamental design for a support column dressing, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a support column dressing according to the present invention.

FIG. 2 is a top view of the present invention. The bottom view is the same; and,

FIG. 3 is a right side view of the present invention. The front, back and left side views are the same.

The present invention is a new, original and ornamental design for a support column dressing which surrounds and/or is fitted onto a support column. The support column is not claimed.

The broken lines are for illustrative purposes only and form no part of the claimed design.
