Primary Examiner—T. Chase Nelson

Assistant Examiner—David G Muller

FIG. 1 is a perspective view of the greeting card according to
my invention.

FIG. 2 is an enlarged perspective view of the greeting card in
a partially folded state according to my invention.

FIG. 3 is a top perspective view of the top horizontal panel of
the greeting card in an unfolded state according to my inven-
tion.

FIG. 4 is a folded perspective view of the top horizontal panel
of the greeting card according to my invention.

FIG. 5 is a front elevation view of the greeting card according
to my invention.

FIG. 6 is a back elevation view of the greeting card according
to my invention.

FIG. 7 is an exploded perspective view of the top horizontal
and the side vertical panels of the unassembled greeting card
according to my invention.

FIG. 8 is a top plan view of the horizontal panel of the greeting
card in a folded state according to my invention.

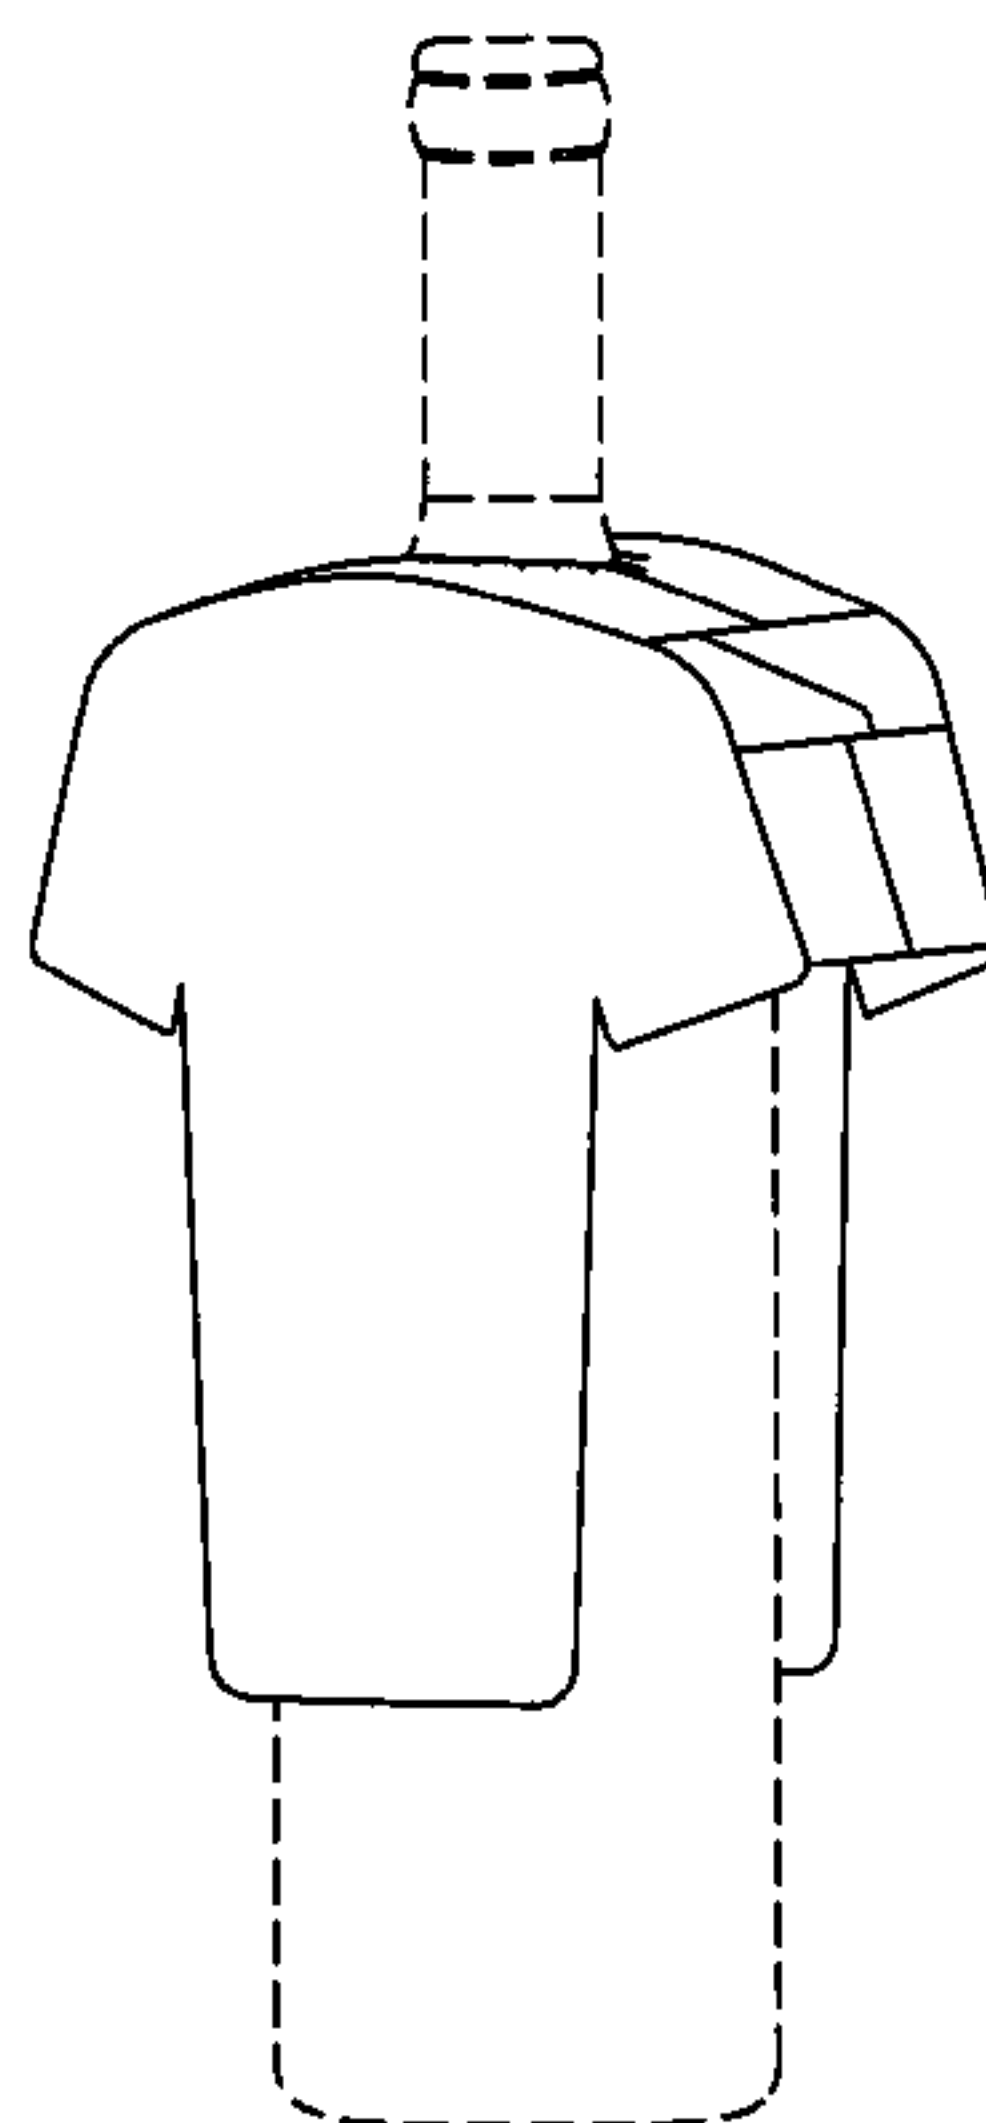

FIG. 9 is a bottom plan view of the horizontal panel of the
greeting card in a folded state according to my invention.

FIG. 10 is a left side elevation view of the greeting card
according to my invention; and,

FIG. 11 is a right side elevation view of the greeting card
according to my invention.

The bottle shown in broken lines depicts environmental sub-
ject matter and form no part of the claimed design.
