(57) **CLAIM**

I claim the ornamental design for a binocular case, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a binocular case, illustrated in an open position, showing my new design;

FIG. 2 is a perspective view of the invention, illustrated in a closed position;

FIG. 3 is a rear elevational view of the invention, illustrated in the closed position;

FIG. 4 is a front elevational view of the invention, illustrated in the closed position;

FIG. 5 is a left-side elevational view of the invention, illustrated in the closed position;

FIG. 6 is a right-side elevational view of the invention, illustrated in the closed position;

FIG. 7 is a top plan view of the invention, illustrated in the closed position;

FIG. 8 is a bottom plan view of the invention, illustrated in the closed position;

FIG. 9 is a top plan view of the invention, illustrated in the open position; and,

FIG. 10 is a front elevational view of the invention, illustrated in the open position.

The broken lines shown around the periphery on the surface of the claimed design, are understood to represent stitching.
