(57) **CLAIM**

The ornamental design for a fishing pole hook setting device, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of the fishing pole hook setting device showing the new design;

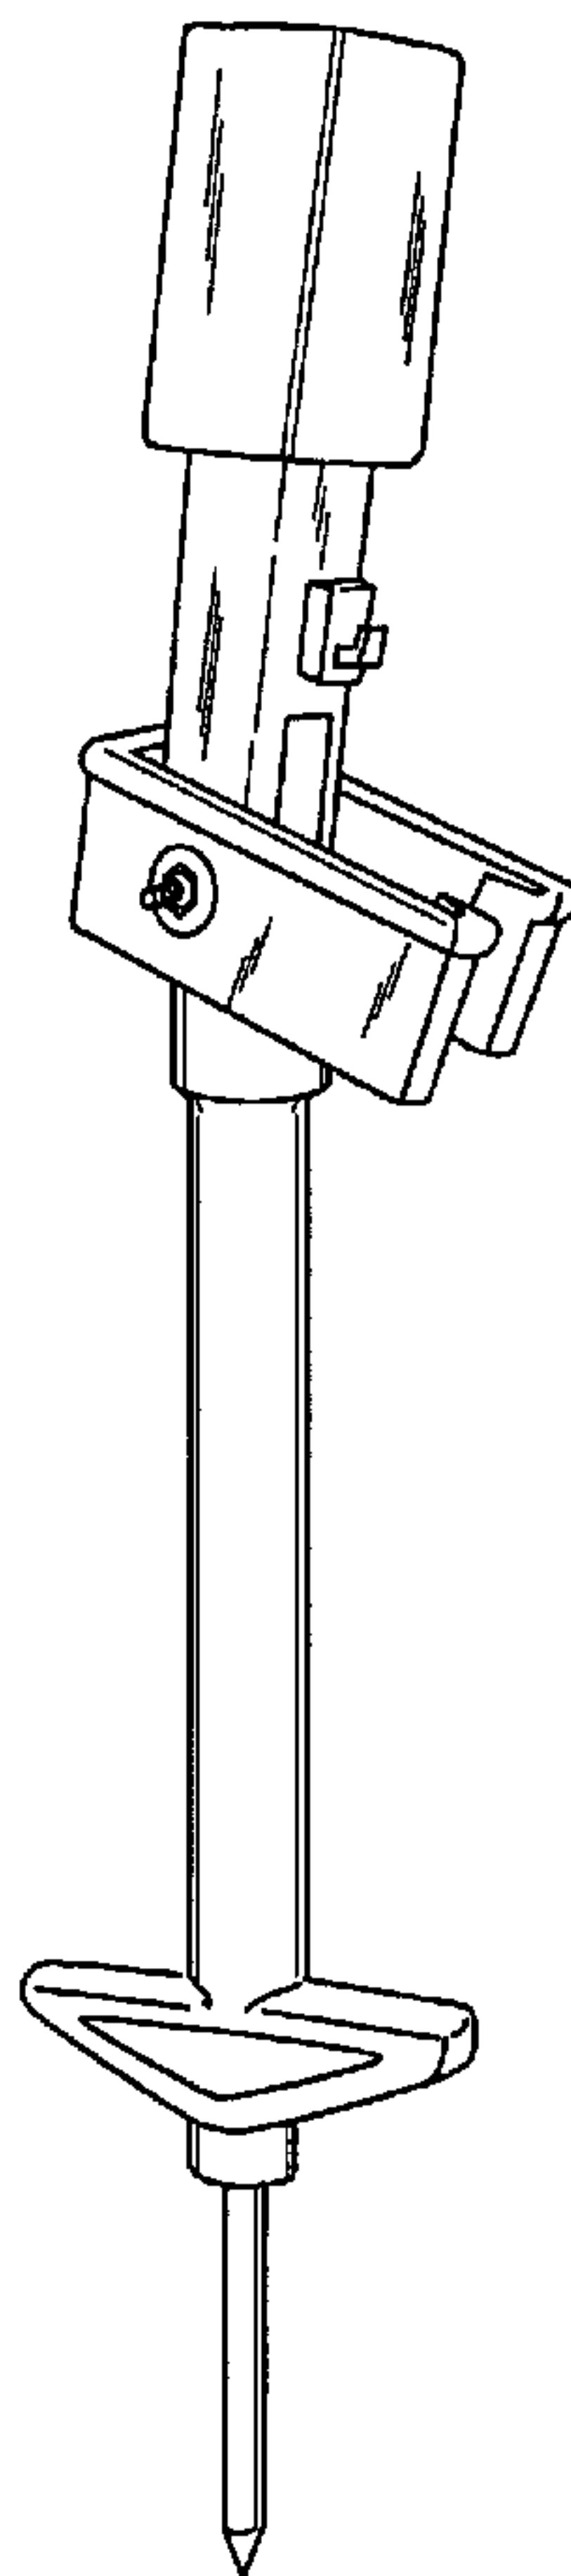

FIG. 2 is a front view of the fishing pole hook setting device;

FIG. 3 is a left side view of the fishing pole hook setting device, wherein a fishing pole is shown in broken lines as placed within the device. The right side view is a mirror image of the left side; and,

FIG. 4 is a perspective view of the fishing pole hook setting device.

The broken line illustration of environmental structure in the drawings is not part of the design sought to be patented. The bottom view is not claimed as an ornamental design of the disclose design.
