(57) **CLAIM**

The ornamental design for a non-woven fabric, as shown and described.

DESCRIPTION

The sole FIGURE is a plan view of a nonwoven fabric showing our new design. The nonwoven fabric shows our new design in a repeating pattern. The surfaces or portions of the article that would normally be visible but are not shown in the figure or described in the specification form no part of the claimed design. The broken line border indicates that a specific length and width of non-woven fabric forms no part of the claimed design, and that the surface pattern repeats uniformly throughout the non-woven fabric.
