(57) **CLAIM**

The ornamental design for an interactive flip board, as shown and described.

**DESCRIPTION**

FIG. 1 is a top view of a single panel of the interactive flip board, showing our new design, shown separately for ease of illustration.

FIG. 2 is a side view of the entire game thereof; and as it folds upon the preceding panel. The panels are held together; and, FIG. 3 is a top plan view thereof; the broken line shows where the panels are held together therefore the fold lines of the game board.
