(57) **CLAIM**

The ornamental design for a pump, as shown and described.

**DESCRIPTION**

FIG. 1 is a top and left side perspective view of a design for a pump according to the invention.

FIG. 2 is a top and right side perspective view of the design according to the invention.

FIG. 3 is a front view of the design according to the invention.

FIG. 4 is a right side view of the design according to the invention.

FIG. 5 is a top view of the design according to the invention.

FIG. 6 is a left side view of the design according to the invention.

FIG. 7 is a bottom view of the design according to the invention.

FIG. 8 is a sectional view of the design along the line 8—8 in FIG. 5 according to the invention where the internal components are omitted; and,

FIG. 9 is a sectional view of the design along the line 9—9 in FIG. 5 according to the invention where the internal components are omitted.

A rear view of the design according to the invention is a mirror image of the front view as shown in FIG. 3.

The elements shown in broken lines are for illustrative purposes only and form no part of the claimed invention.
