(57) CLAIM

The ornamental design for a combined portable nightlight and charger, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a combined portable nightlight and charger showing my new design;

FIG. 2 is a front end view thereof;

FIG. 3 is a rear end view thereof;

FIG. 4 is a left side view thereof;

FIG. 5 is a right side view thereof;

FIG. 6 is a top plan view thereof;

FIG. 7 is a bottom plan view thereof;

FIG. 8 is another perspective view thereof;

FIG. 9 is a perspective view of the charger of the combined portable nightlight and charger;

FIG. 10 is a front end view of the charger of the combined portable nightlight and charger;

FIG. 11 is a rear end view of the charger of the combined portable nightlight and charger;

FIG. 12 is a left side view of the charger of the combined portable nightlight and charger;

FIG. 13 is a right side view of the charger of the combined portable nightlight and charger;

FIG. 14 is a top plan view of the charger of the combined portable nightlight and charger;

FIG. 15 is a bottom plan view of the charger of the combined portable nightlight and charger;

FIG. 16 is a perspective view of the portable nightlight of the combined portable nightlight and charger;

FIG. 17 is a front end view of the portable nightlight of the combined portable nightlight and charger;

FIG. 18 is a rear end view of the portable nightlight of the combined portable nightlight and charger;

FIG. 19 is a left side view of the portable nightlight of the combined portable nightlight and charger;

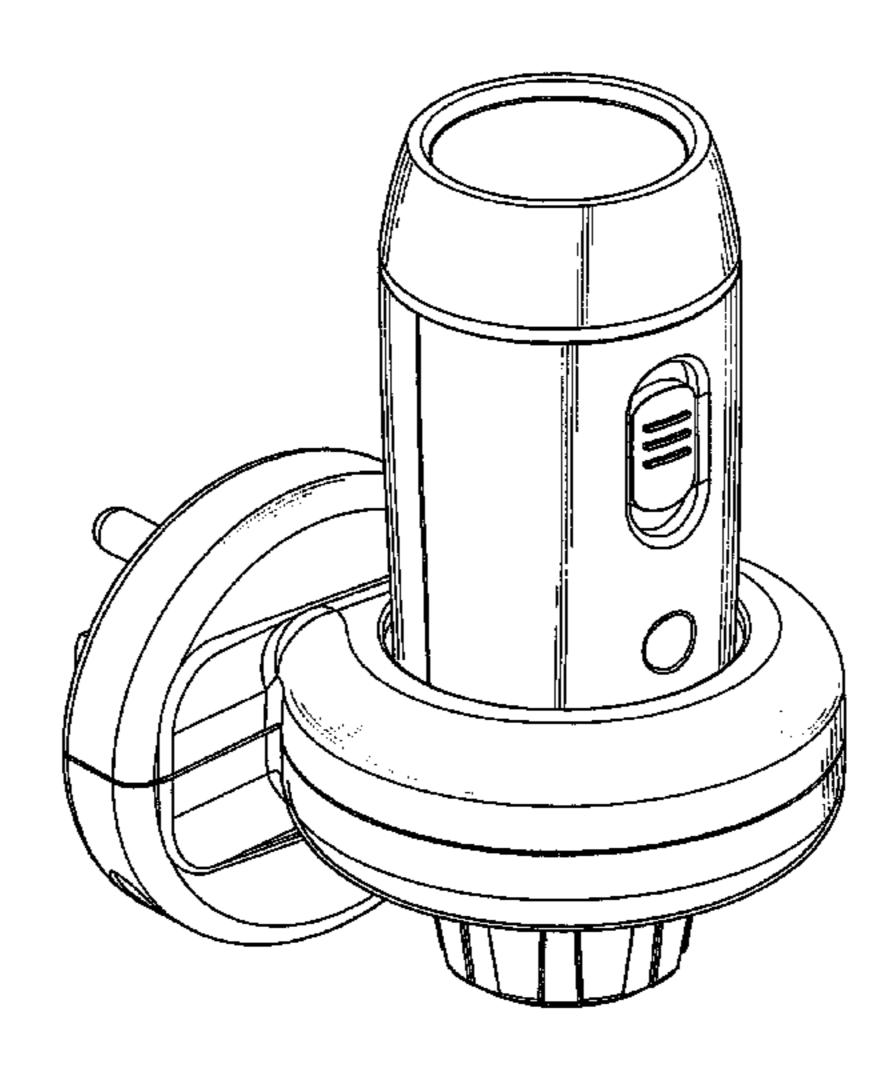

FIG. 20 is a right side view of the portable nightlight of the combined portable nightlight and charger;

FIG. 21 is a top plan view of the portable nightlight of the combined portable nightlight and charger; and,

FIG. 22 is a bottom plan view of the portable nightlight of the combined portable nightlight and charger.

The charger and portable nightlight are shown separately in FIGS. 9–22 for convenience of illustration.
