(57) **CLAIM**

The ornamental design for a fender/mudguard, as shown and described.

**DESCRIPTION**

The present application also corresponds to co-pending U.S. Design applications having the Ser. Nos. 29/294,854; 29/294,853; and 29/294,856, all entitled “fender/mudguard”, all having the same inventor, and all filed on even date.

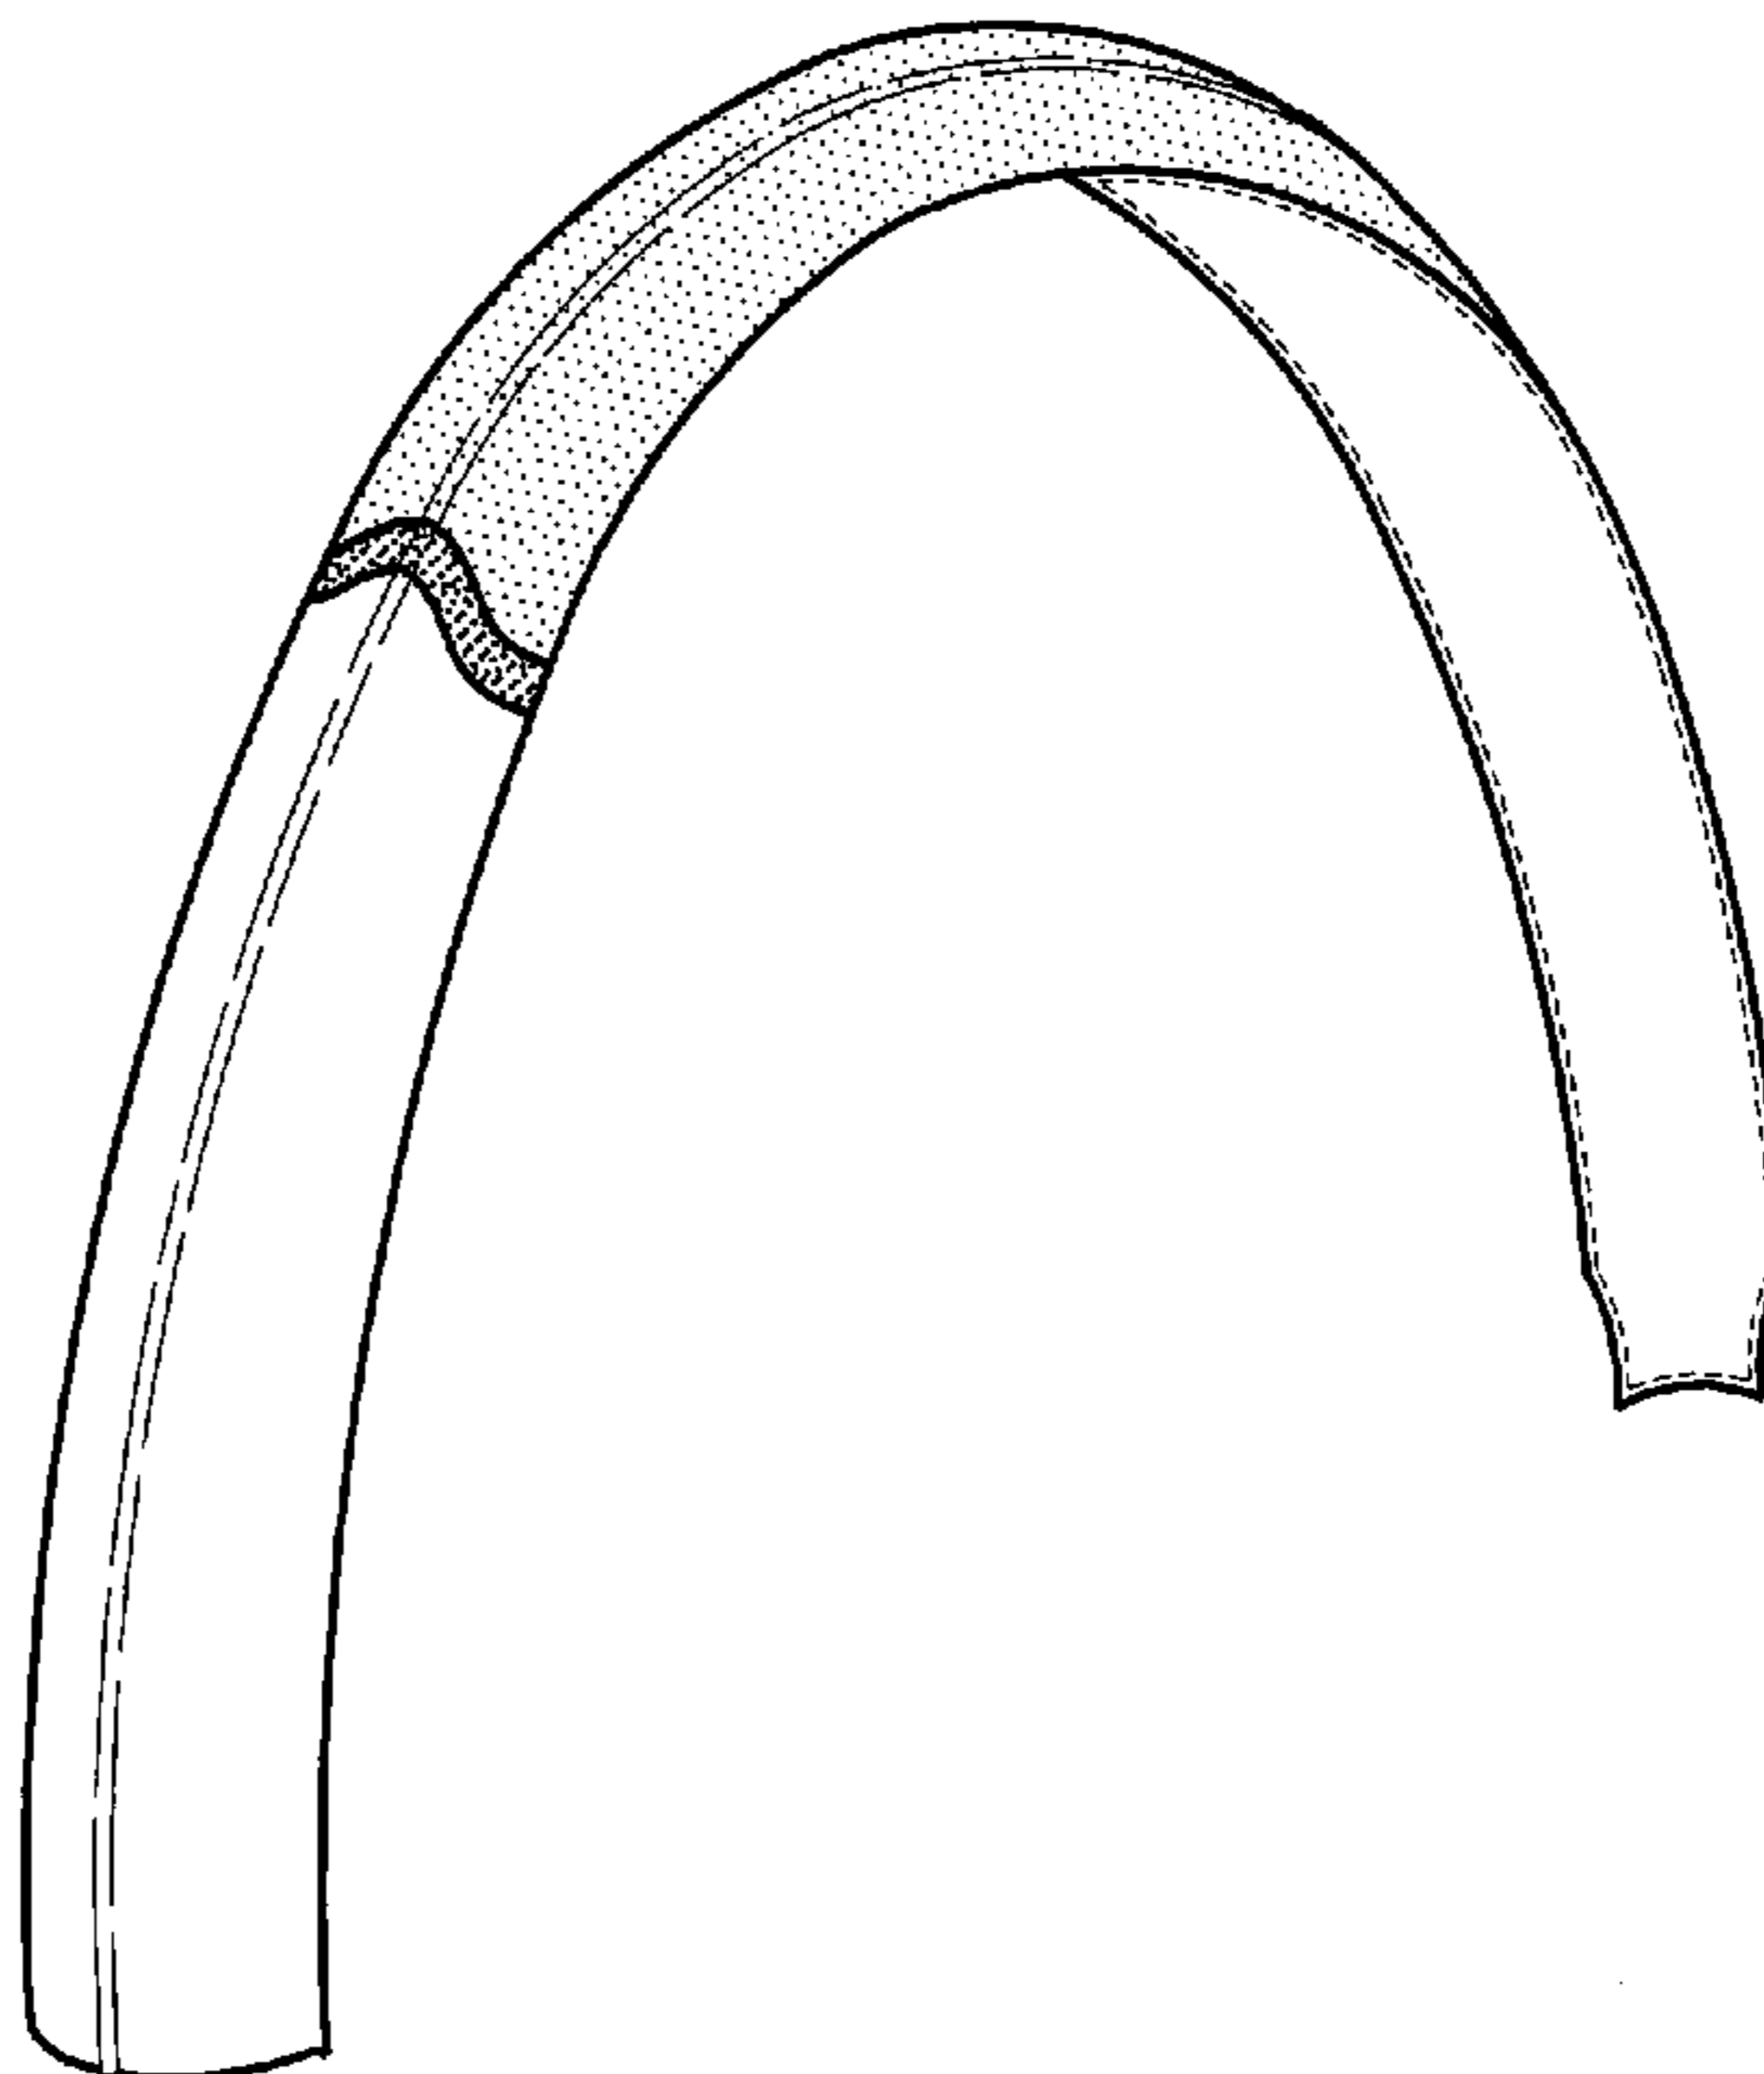

FIG. 1 is an enlarged, fragmentary view of a fender/mudguard showing a multi-toned design in accordance with the invention, and being a projection of the three-dimensional fender/mudguard of FIG. 2 onto a plane containing line 1—1 from FIG. 2;

FIG. 2 is a front view of a fender/mudguard having a multi-toned design;

FIG. 3 is a front perspective view, wherein the interior portion of the fender/mudguard, the visible portion of which lies inside the dashed line, does not form part of the claimed design; and,

FIG. 4 is a side view, the opposite side being a mirror image thereof, of a fender/mudguard having a multi-toned design.
