(57) **CLAIM**

The ornamental design for a communication device, as shown and described.

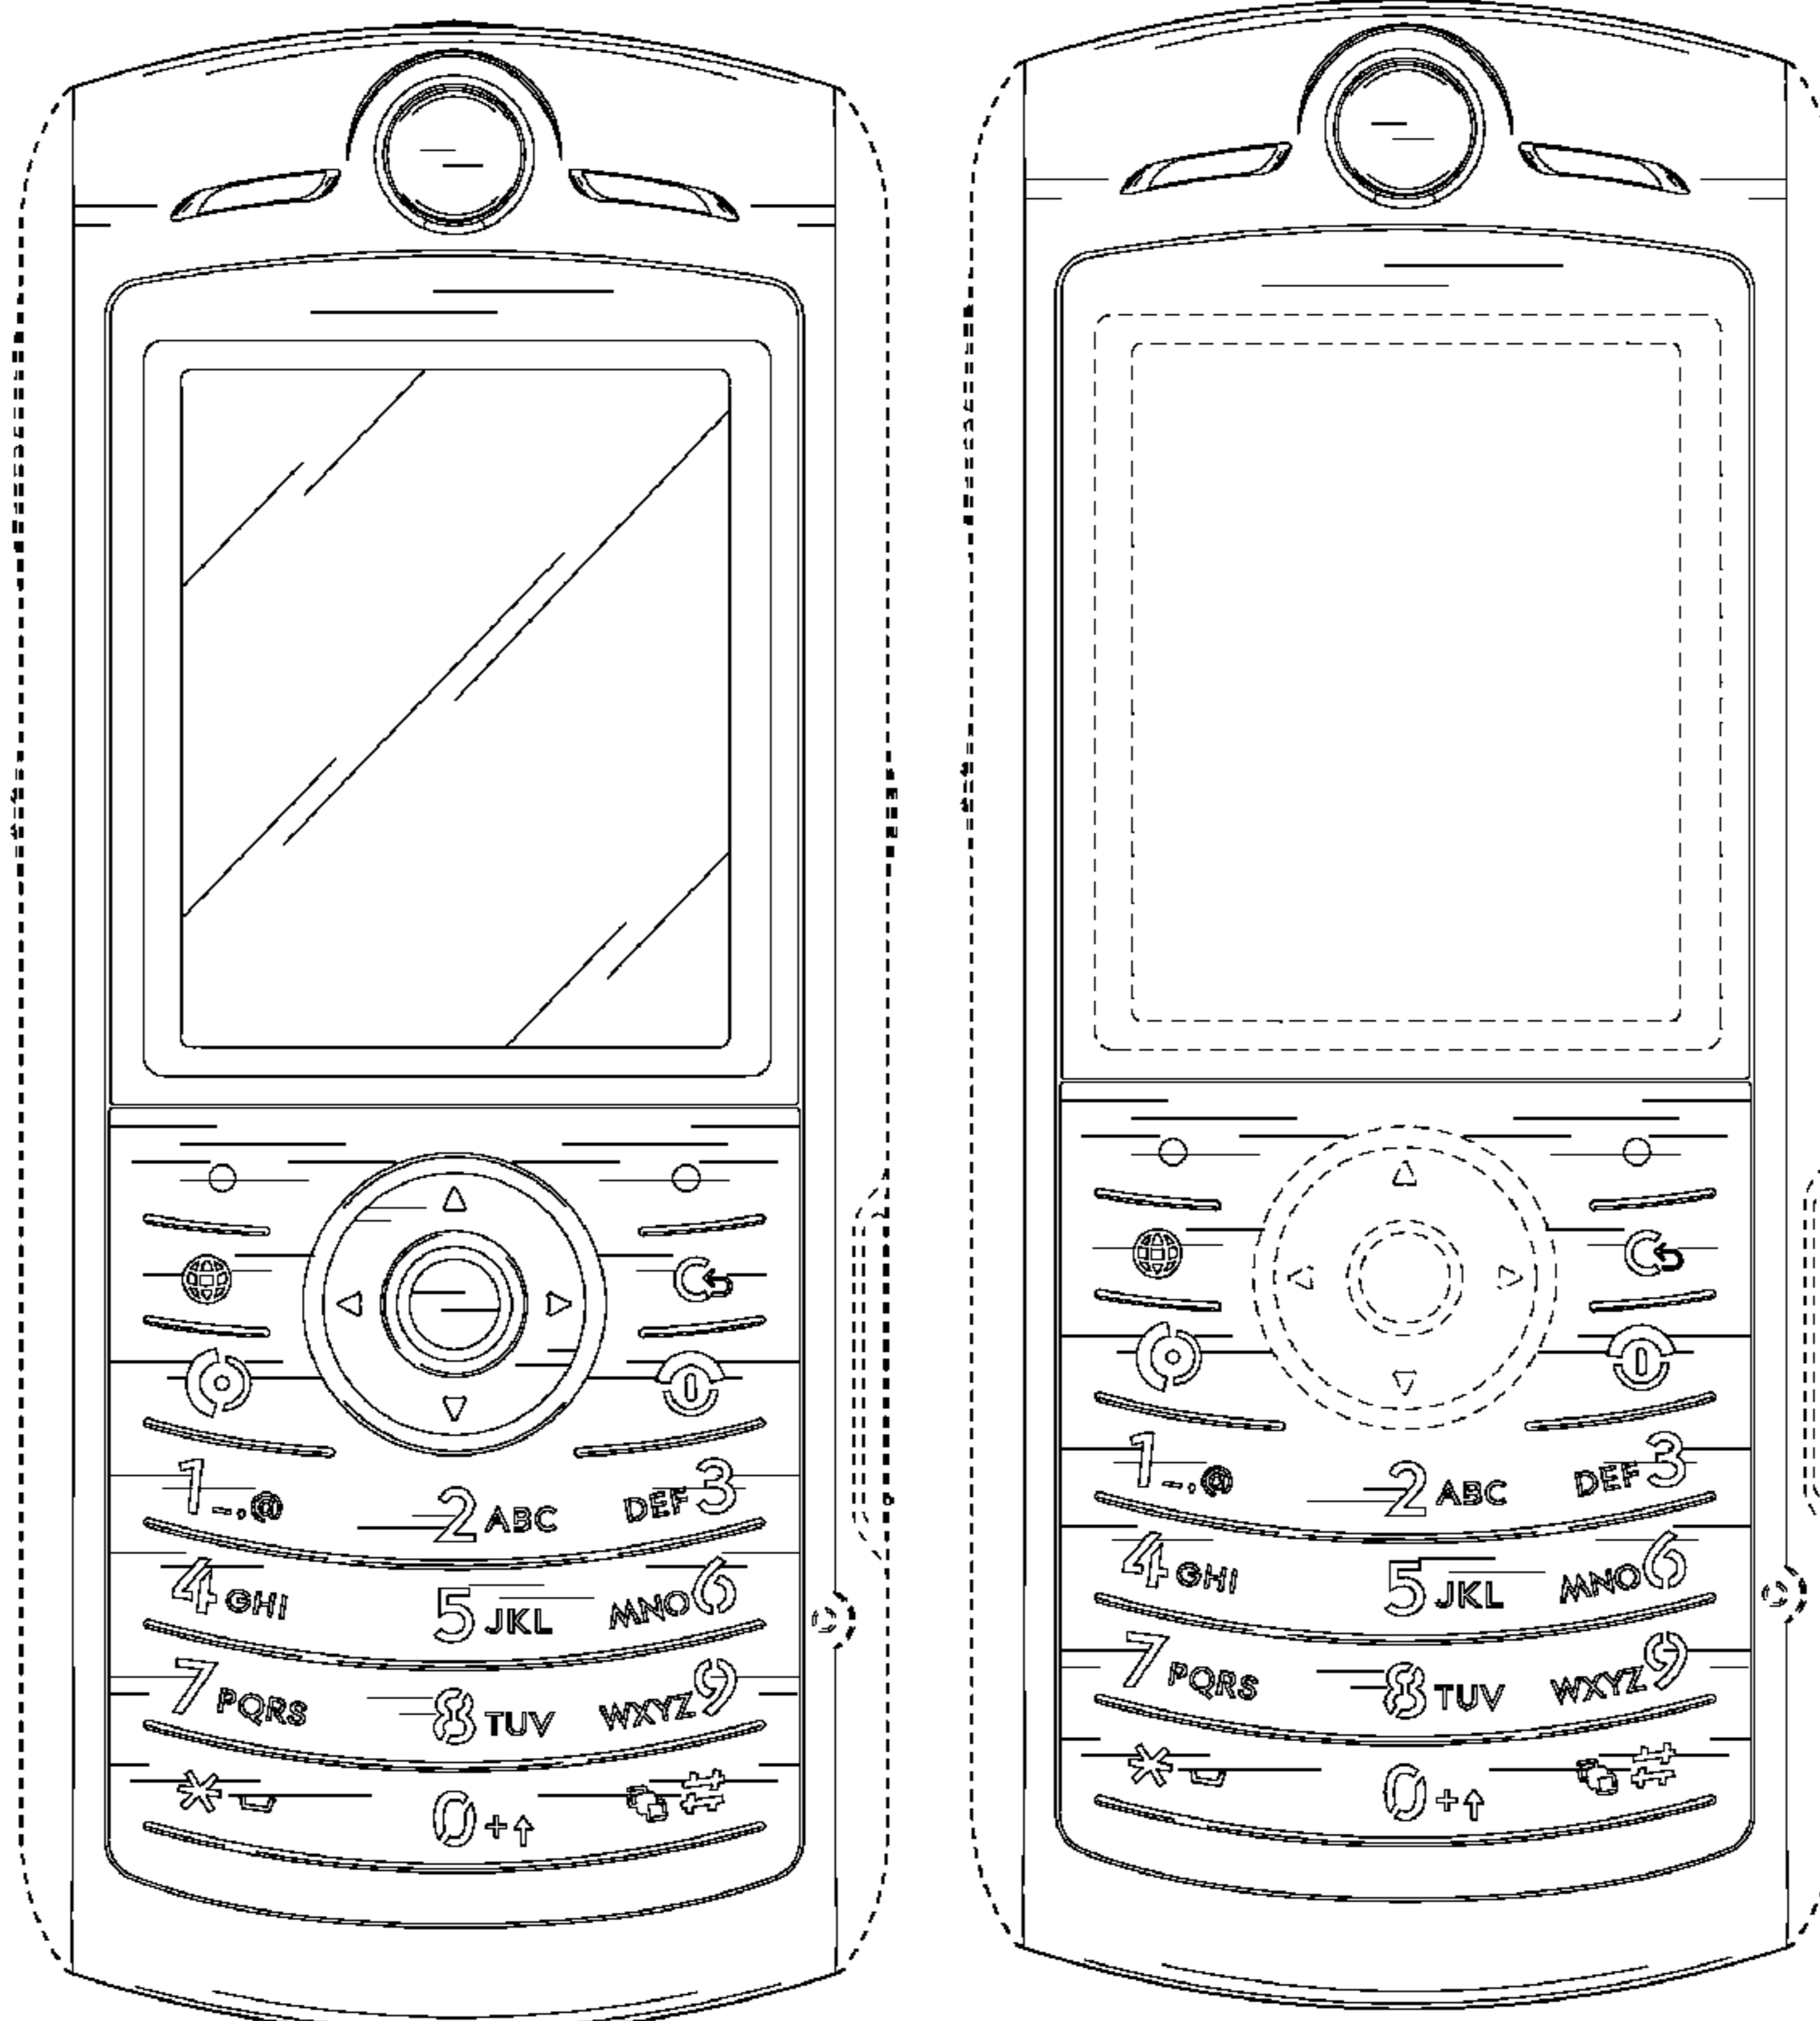

DESCRIPTION

FIG. 1 is a front view of the first embodiment of an ornamental communication device or similar articles.

FIG. 2 is a front view of a second embodiment thereof; and, FIG. 3 is a front view of a third embodiment thereof.

The broken lines in the drawing figures define the bounds of the claimed design, while all other broken lines showing the interior regions of the display screen, and the controller, and the selection key, and the circular shape are directed to environmental and are for illustrative purposes only. None the broken lines form any part of the claimed design.
