(57) **CLAIM**

The ornamental design for a reversible handbag cover, as shown and described.

DESCRIPTION

FIG. 1 shows a first perspective view of the reversible handbag cover in the zipper-closed position. A handbag with straps is seen disposed within the handbag cover.

FIG. 2 is a second perspective view of the reversible handbag cover of FIG. 1. Here, the handbag is removed from the handbag cover.

FIG. 3 presents a front elevation view of the reversible handbag cover of FIG. 1.

FIG. 4 shows a back elevation view thereof. The back view is a mirror image of the front view.

FIG. 5 is a plan or top view of the reversible handbag cover of FIG. 1.

FIG. 6 is a right side view thereof.

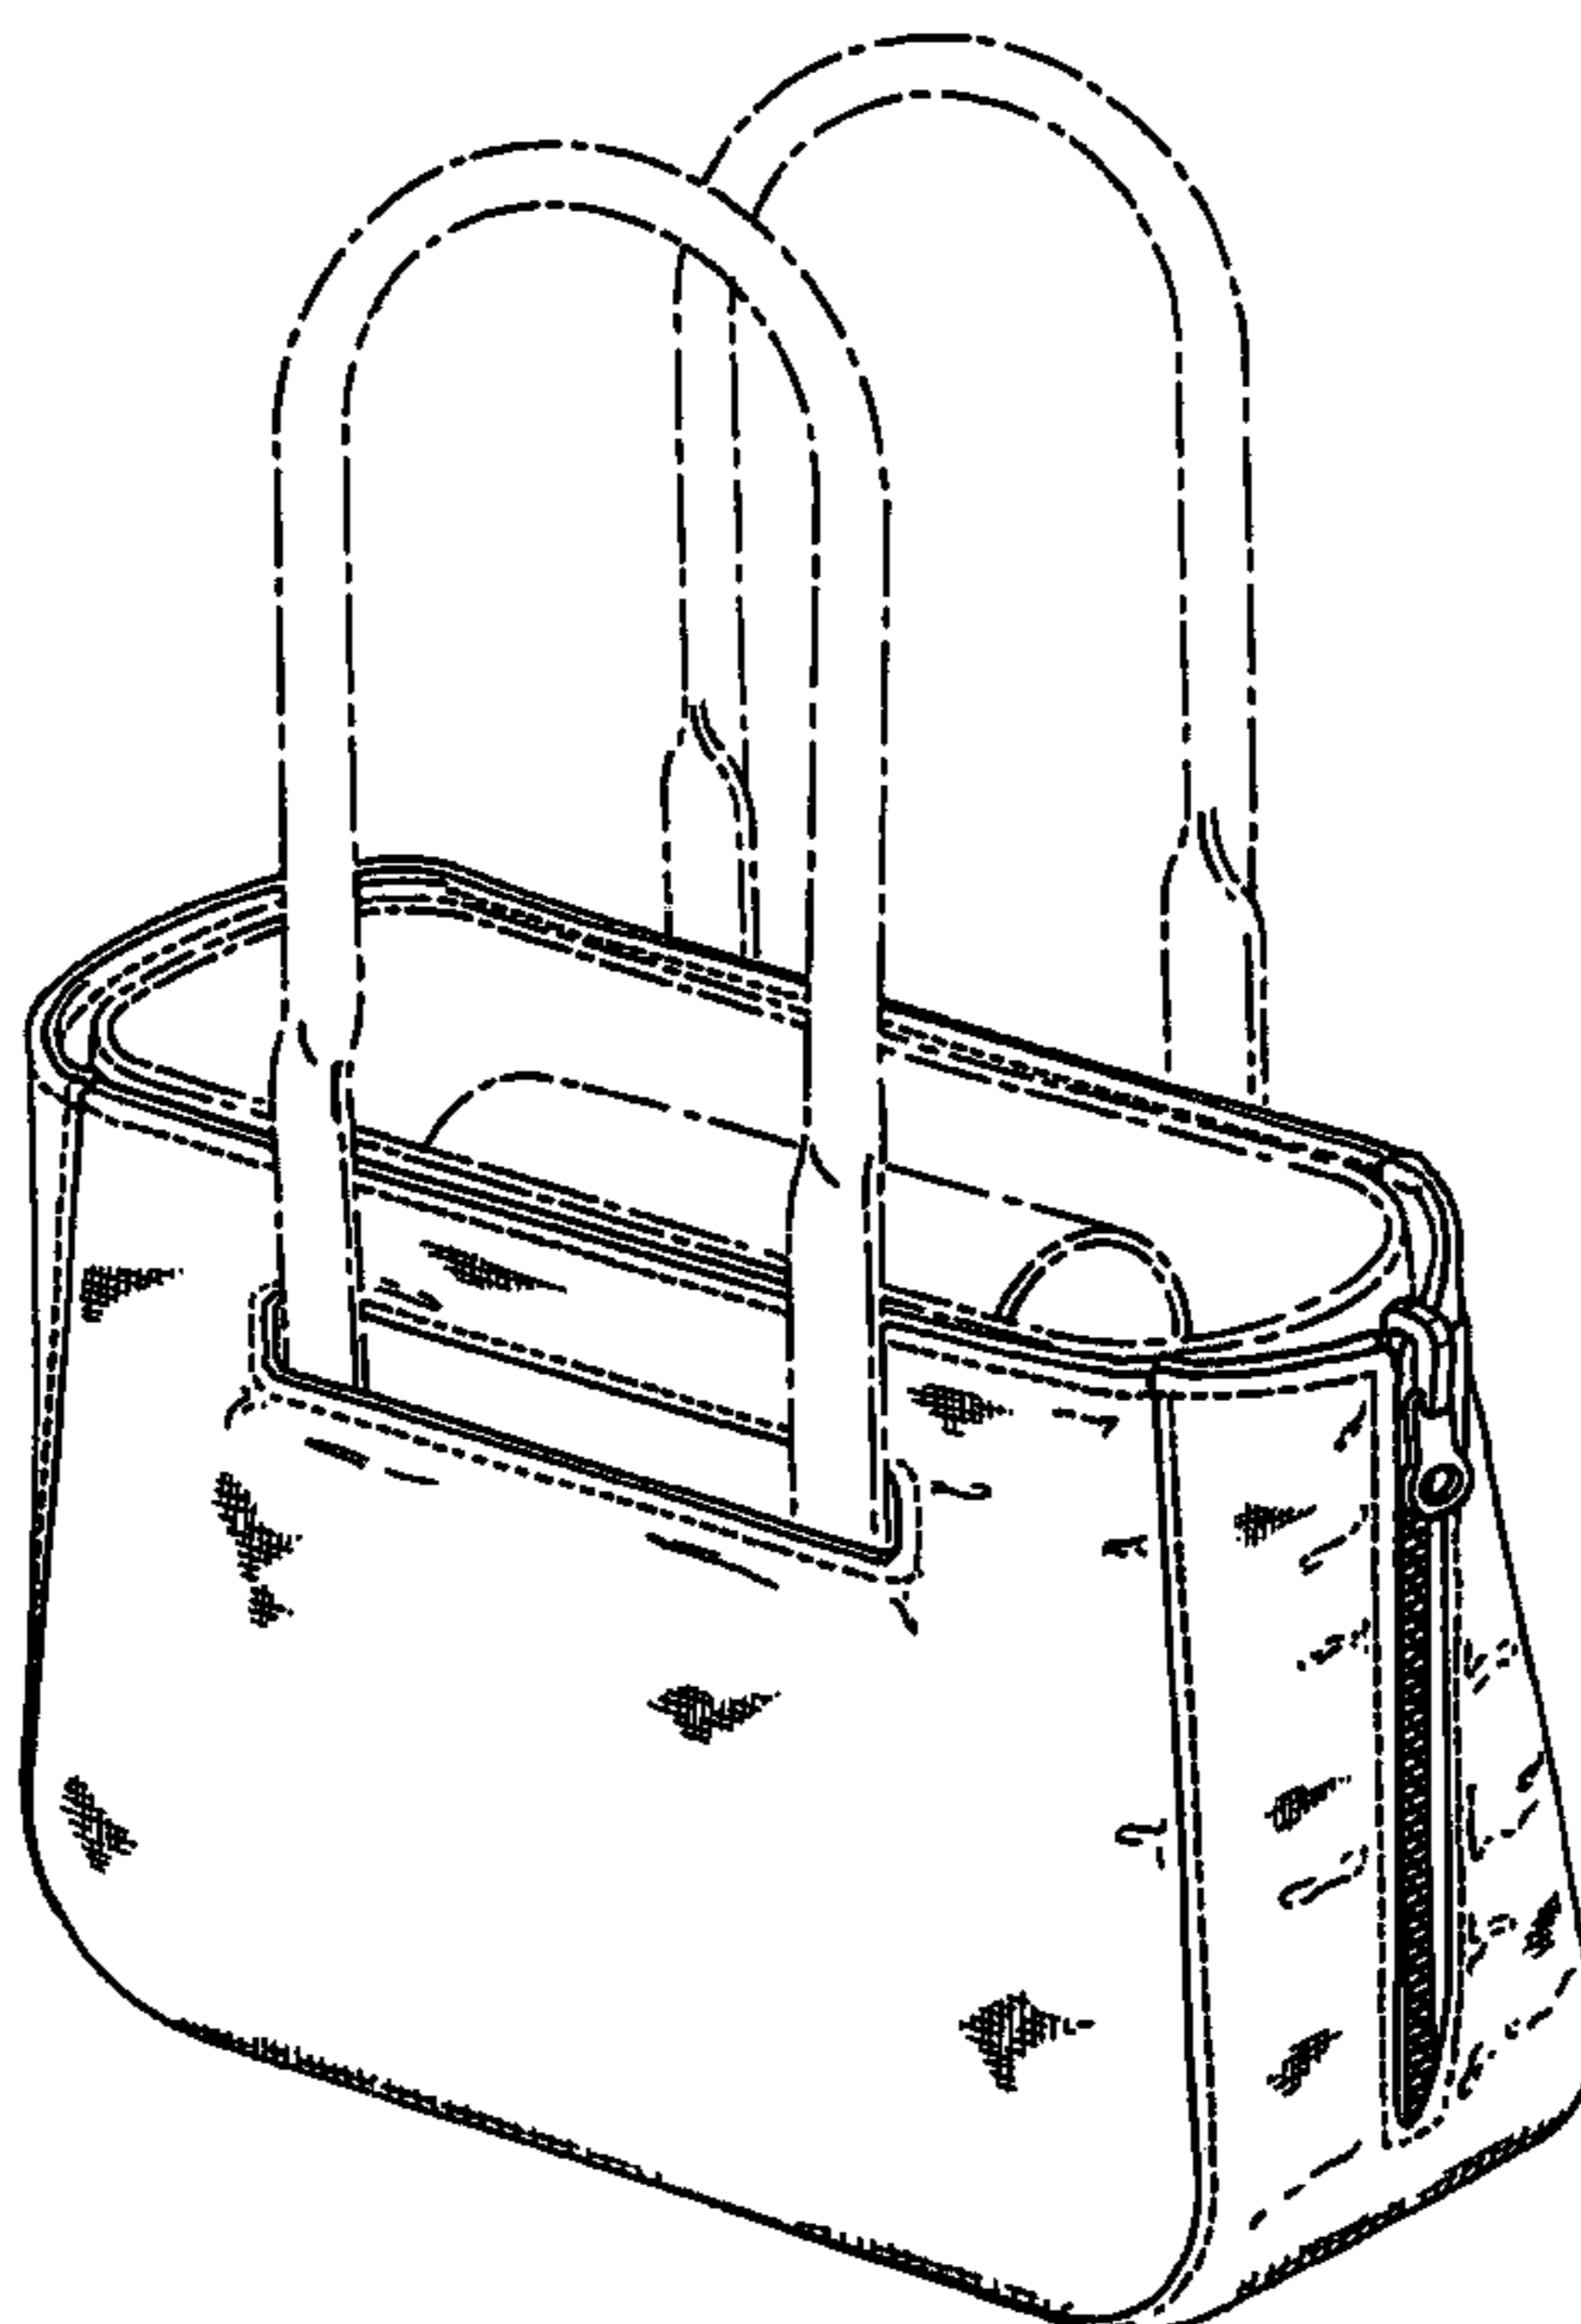

FIG. 7 is a left side view thereof.

FIG. 8 is a bottom view thereof; and,

FIG. 9 is a perspective view of the reversible handbag cover (from the same angle as FIG. 1) showing the handbag cover in the zipper open position. A handbag is once again seen within the handbag cover.

A handbag is illustrated in broken lines in FIGS. 1 and 9 of the drawings to assist comprehension of the reversible handbag cover, and does not form part of the design sought to be patented. Dotted lines in FIGS. 1–9 are indicative of stitching of the handbag cover and are part of the design sought to be patented.
