DESCRIPTION

FIG. 1 is a side view of a bead-capped knitting needle of the
claimed invention; the top, bottom and opposite side views
are identical thereto;

See application file for complete search history.

FIG. 2 is an end view thereof;

FIG. 3 is another end view thereof; and,

FIG. 4 is an enlarged fragmentary perspective view thereof.

The broken lines in the figure drawings are included for the
purpose of illustrating portions of the bead-capped knitting
needle that form no part of the claimed design.
