(57) **CLAIM**

I claim the ornamental design for an aircraft shelter, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of an aircraft shelter, illustrated with a canopy in a lowered position, showing my new design;

FIG. 2 is a right-side elevational view thereof, illustrated with the canopy in the lowered position, the left-side elevational view being a mirror image thereof;

FIG. 3 is a right-side elevational view thereof, illustrated with the canopy in a raised position, the left-side elevational view being a mirror image thereof;

FIG. 4 is a front elevational view thereof, illustrated with the canopy in the lowered position;

FIG. 5 is a rear elevational view thereof, illustrated with the canopy in the lowered position;

FIG. 6 is a bottom plan view thereof, illustrated with the canopy in the lowered position;

FIG. 7 is a top plan view thereof, illustrated with the canopy in the lowered position; and,

FIG. 8 is a top plan view thereof, illustrated with the canopy in the raised position.

The description of my design is an open-sided, roofed structure for the protection of aircraft fuselages, or other items with wide protrusions.
