(57) **CLAIM**

The ornamental design for a connector for a cell phone, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a cell phone including my new design for a connector for a cell phone;

FIG. 2 is a rear elevational view of the cell phone of FIG. 1;

FIG. 3 is a right side elevational view of the cell phone of FIG. 1;

FIG. 4 is a left side elevational view of the cell phone of FIG. 1;

FIG. 5 is a bottom plan view of the cell phone of FIG. 1, illustrating my new design for a connector for a cell phone;

FIG. 6 is a perspective view of the cell phone of FIG. 1 as seen from bottom, right and front sides, further illustrating my new design for a connector for a cell phone.

FIG. 7 is a sectional view of the connector for a cell phone taken along line 7—7 of FIG. 5;

FIG. 8 is an enlarged sectional view of the connector for a cell phone of FIG. 7 taken to the right of line 8—8; and,

FIG. 9 is an enlarged view of the connector for a cell phone of FIG. 5 taken to the left of of line 9—9.

Features of the cell phone of FIGS. 1—9 shown in dashed lines are not part of the claimed design.

In FIG. 9, the radiating lines emanating from the small circles arrayed around the ring-shaped region indicate illumination.
