(57) **CLAIM**

The ornamental design for a tire for automobile, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire for automobile showing our new design, it being understood that the pattern repeats uniformly throughout the circumference of the tread;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a right side elevational view thereof;

FIG. 4 is a left side elevational view thereof; and,

FIG. 5 is an enlarged fragmentary front elevational view thereof.

In the drawing, the broken lines showing the sidewall, inner bead and the peripheral boundary between the tire tread and the sidewall depict environmental subject matter and form no part of the claimed design.
