(57) **CLAIM**

The ornamental design for a pouch for a cloth, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a pouch for a cloth showing our new design;

FIG. 2 is a front plan view of FIG. 1;

FIG. 3 is a rear elevational view of FIG. 1;

FIG. 4 is a top elevational view of FIG. 1;

FIG. 5 is a bottom plan view of FIG. 1;

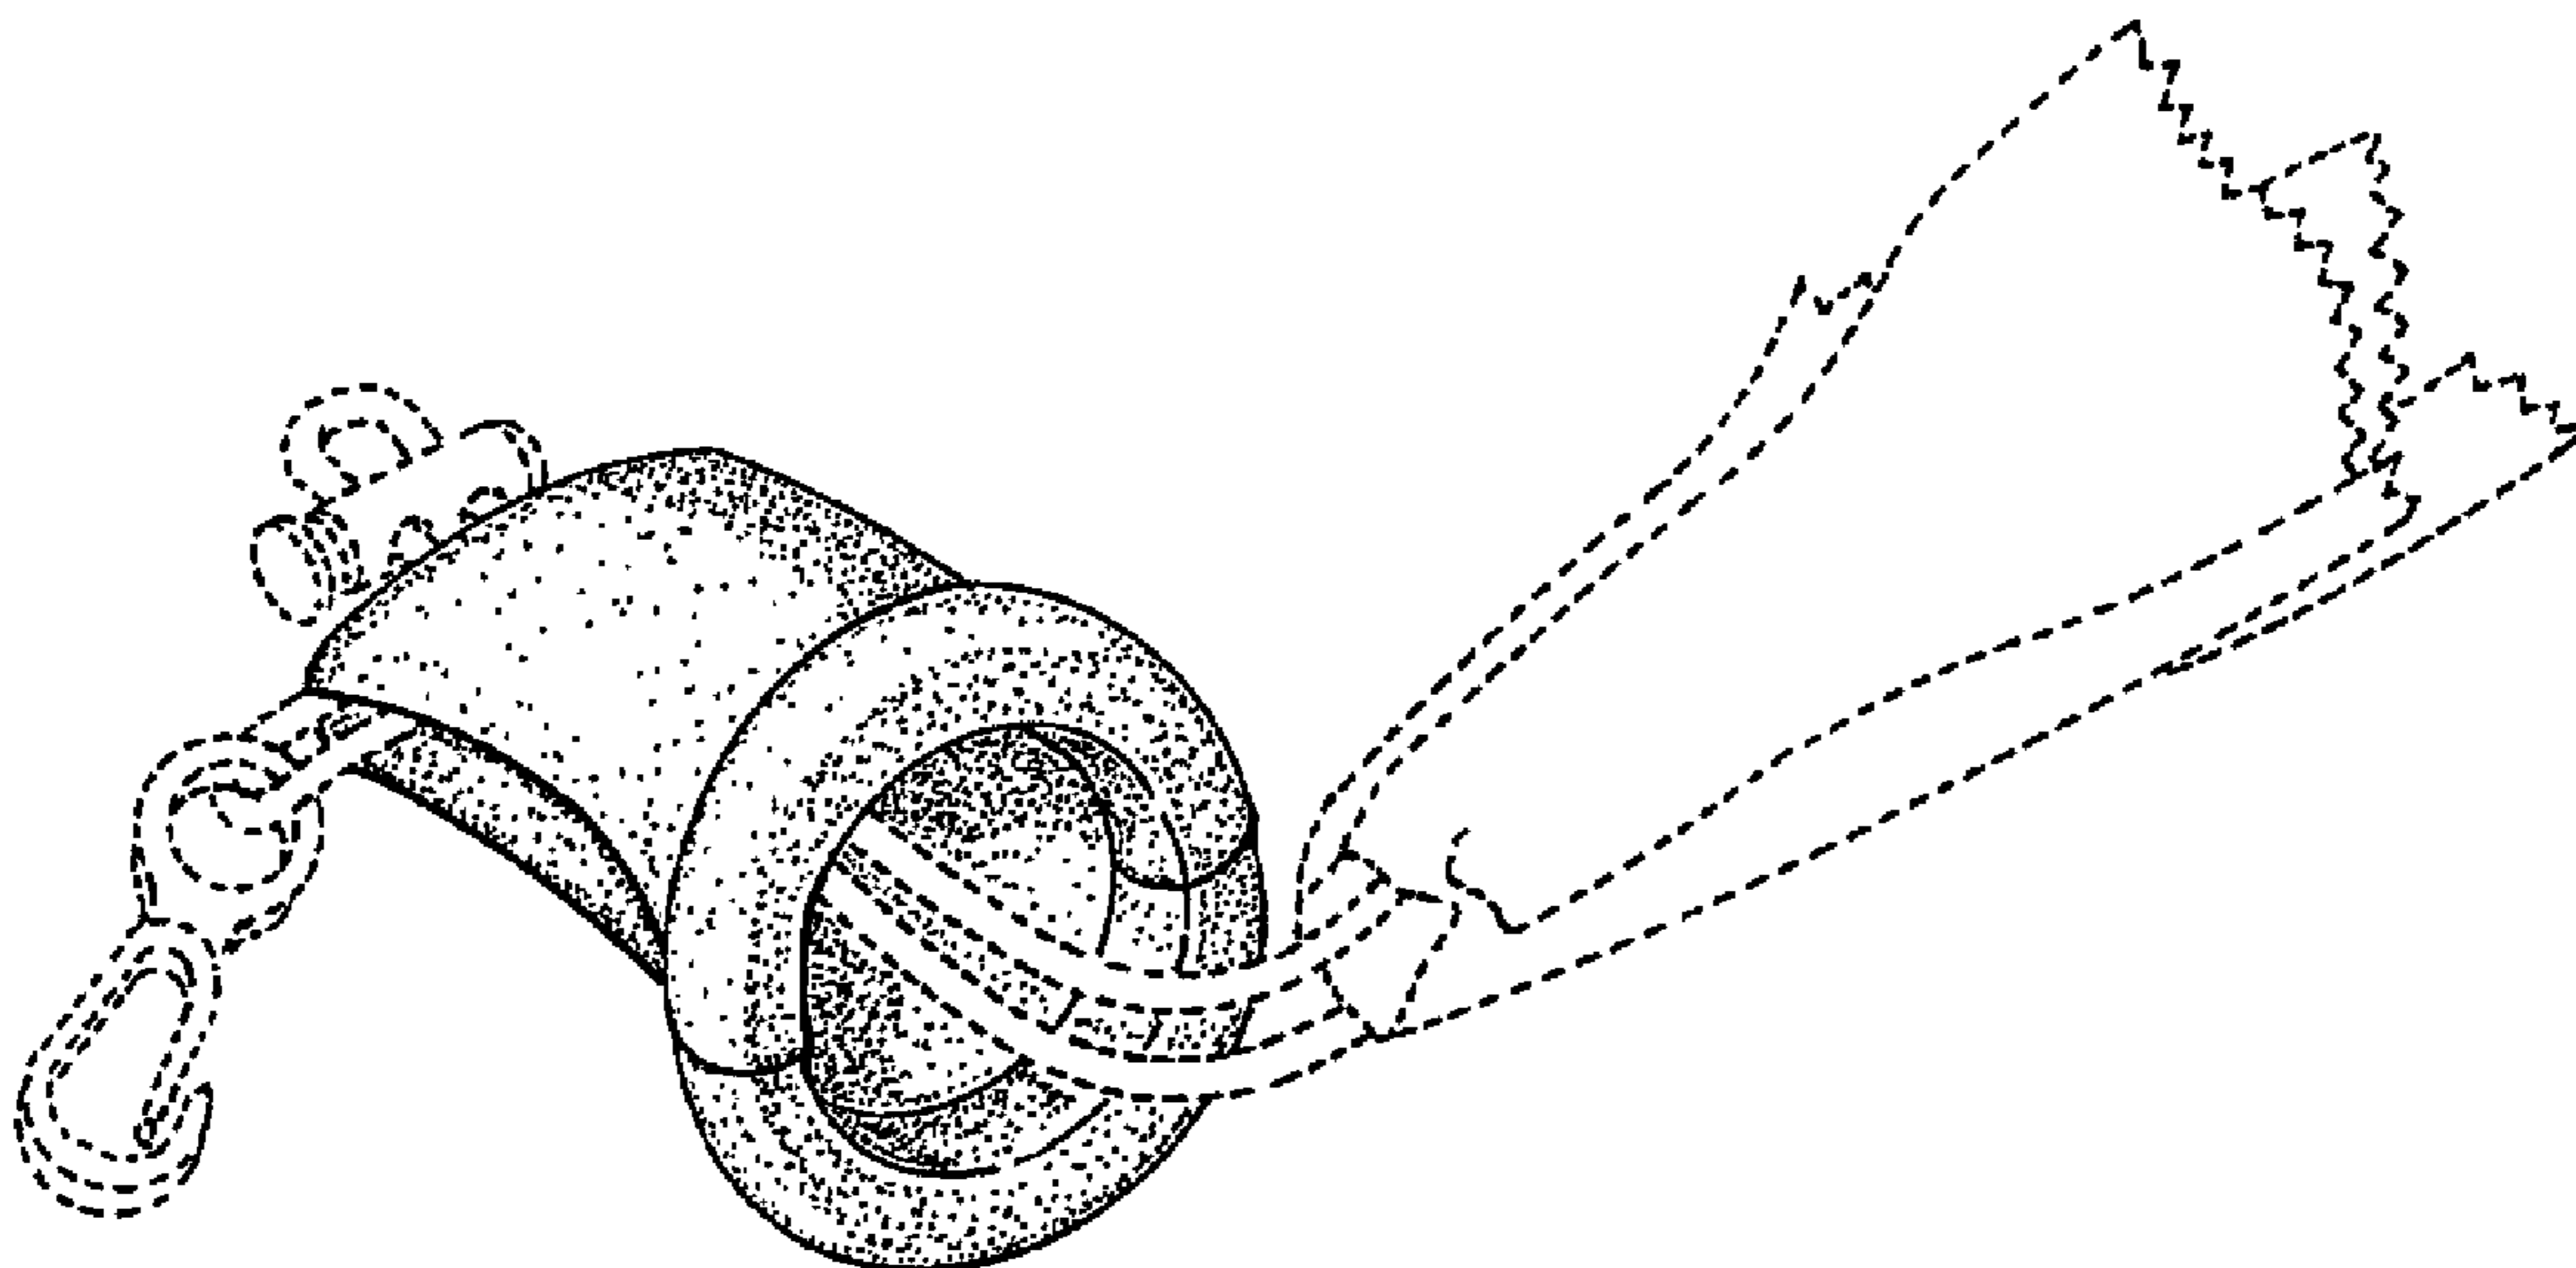

FIG. 6 is a side elevational view of FIG. 1; and,

FIG. 7 is an opposite side elevational view of FIG. 1.

The dotted lines are intended to show features that are environmental only and form no part of the claimed design.

The stippling is not intended to illustrate surface ornamentation, but is intended to show the contours of the surfaces. The fact that the drawings illustrate dots, in and of itself, is not material to the invention.
