(57) **CLAIM**

The ornamental design of an ophthalmoscope, as shown and described.

DESCRIPTION

FIG. 1 is a side elevational view of an ophthalmoscope in accordance with the present invention.

FIG. 2 is a rear elevational view of the ophthalmoscope of FIG. 1.

FIG. 3 is a bottom elevational view of the ophthalmoscope of FIG. 1.

FIG. 4 is a front elevational view of the ophthalmoscope of FIG. 1; and,

FIG. 5 is a perspective view of the ophthalmoscope of FIG. 1.

The broken lines showing in FIG. 4 are for the purpose of illustrating an interior environment of the ophthalmoscope and form no part of the claimed design.
