(57) **CLAIM**

The ornamental design for a user interface on a display
device, as shown and described.

DESCRIPTION

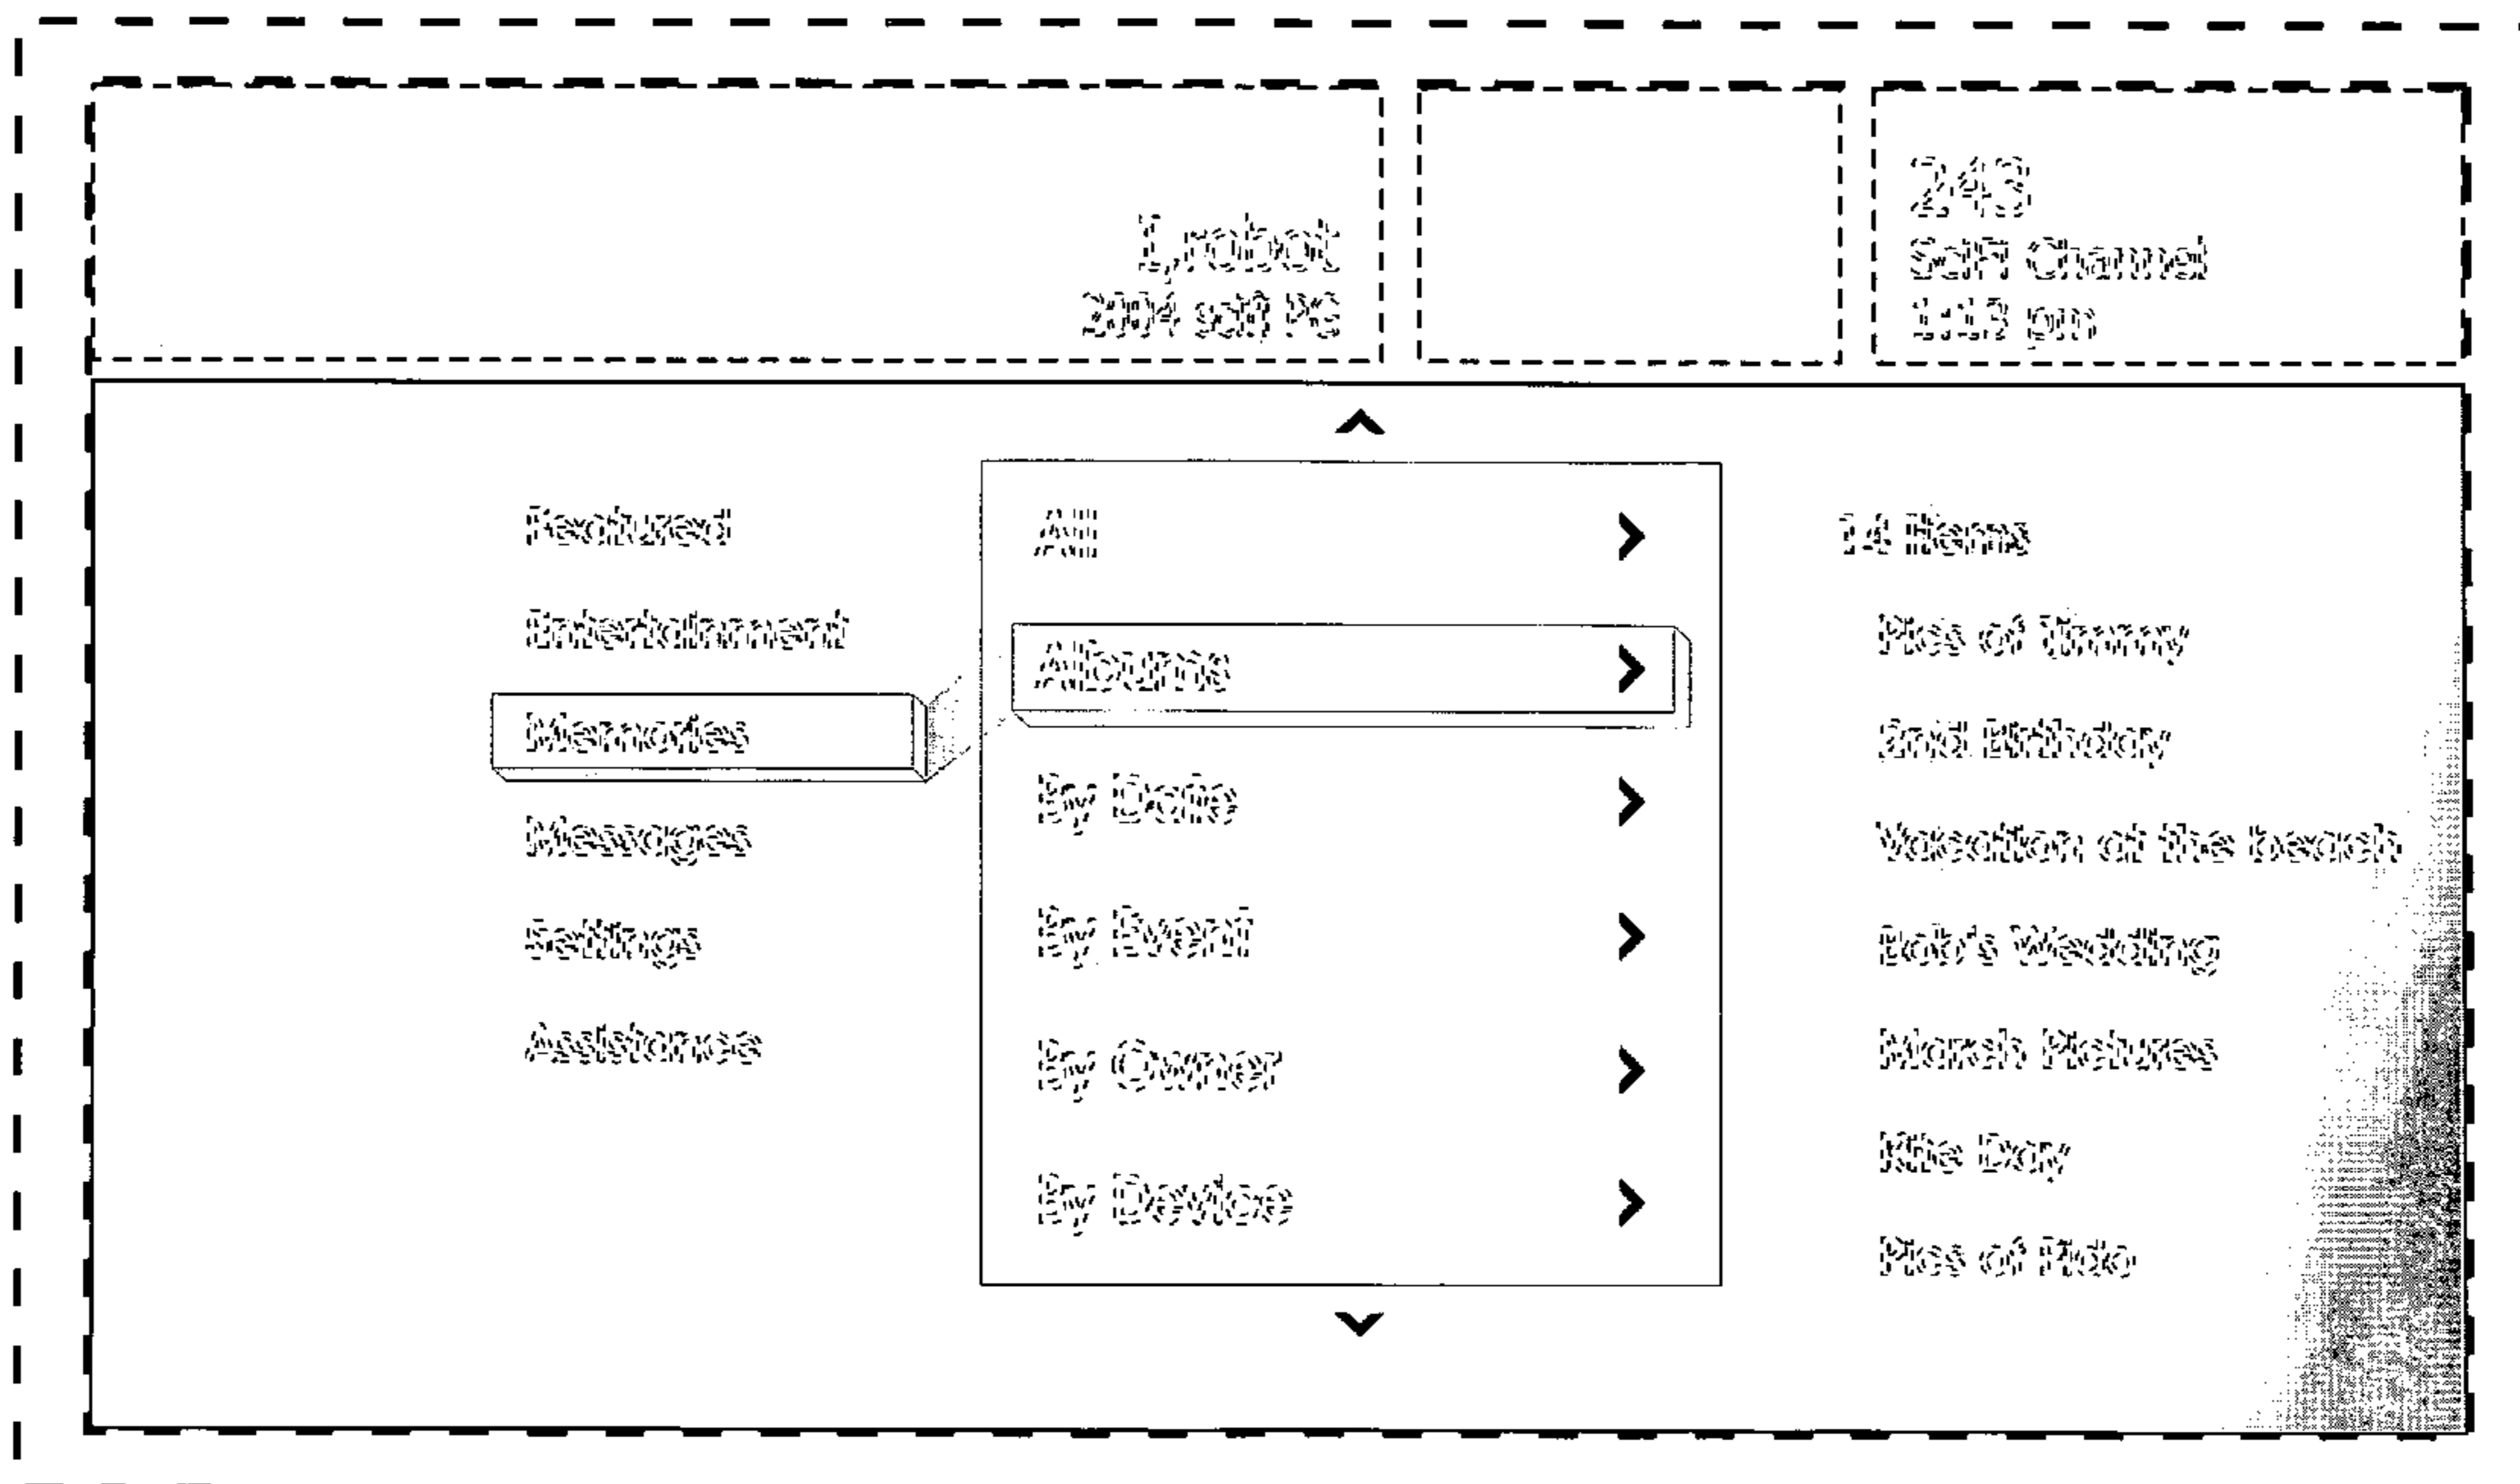

The claimed user interface is displayed on a display device,
such as a television screen, video monitor or computer dis-
play and is used to control the usage of that display device.

FIG. 1 is a front view of the user interface on a display device;
and,

FIG. 2 is another front view thereof but with elements previ-
ously shown in broken lines removed, with the exception of
the display device.

The broken line showing of the text, broken line regions and
screen is included for the purpose of illustrating an active
menu on a display device and forms no part of the claimed
design.
