CLAIM

The ornamental design for a digital video camera with a
retractable data connector, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a digital video camera
with a retractable data connector in an extended position.

FIG. 2 is a rear elevational view thereof, with the connector in
an extended position.

FIG. 3 is a right side elevational view thereof, with the con-
nector in an extended position; and,

FIG. 4 is a bottom plan view thereof, with the connector in an
extended position.

The portions of a camera in broken line are shown to illustrate
environment only and form no part of the claimed design.
