FIG. 1 is a front perspective view of an architectural panel with wood grain with dispersing perforation showing my new design in use condition;

FIG. 2 is an enlarged front perspective view thereof;

FIG. 3 is a front elevational view thereof, the rear elevational view being a mirror image thereof;

FIG. 4 is a left elevational view thereof in cross-section;

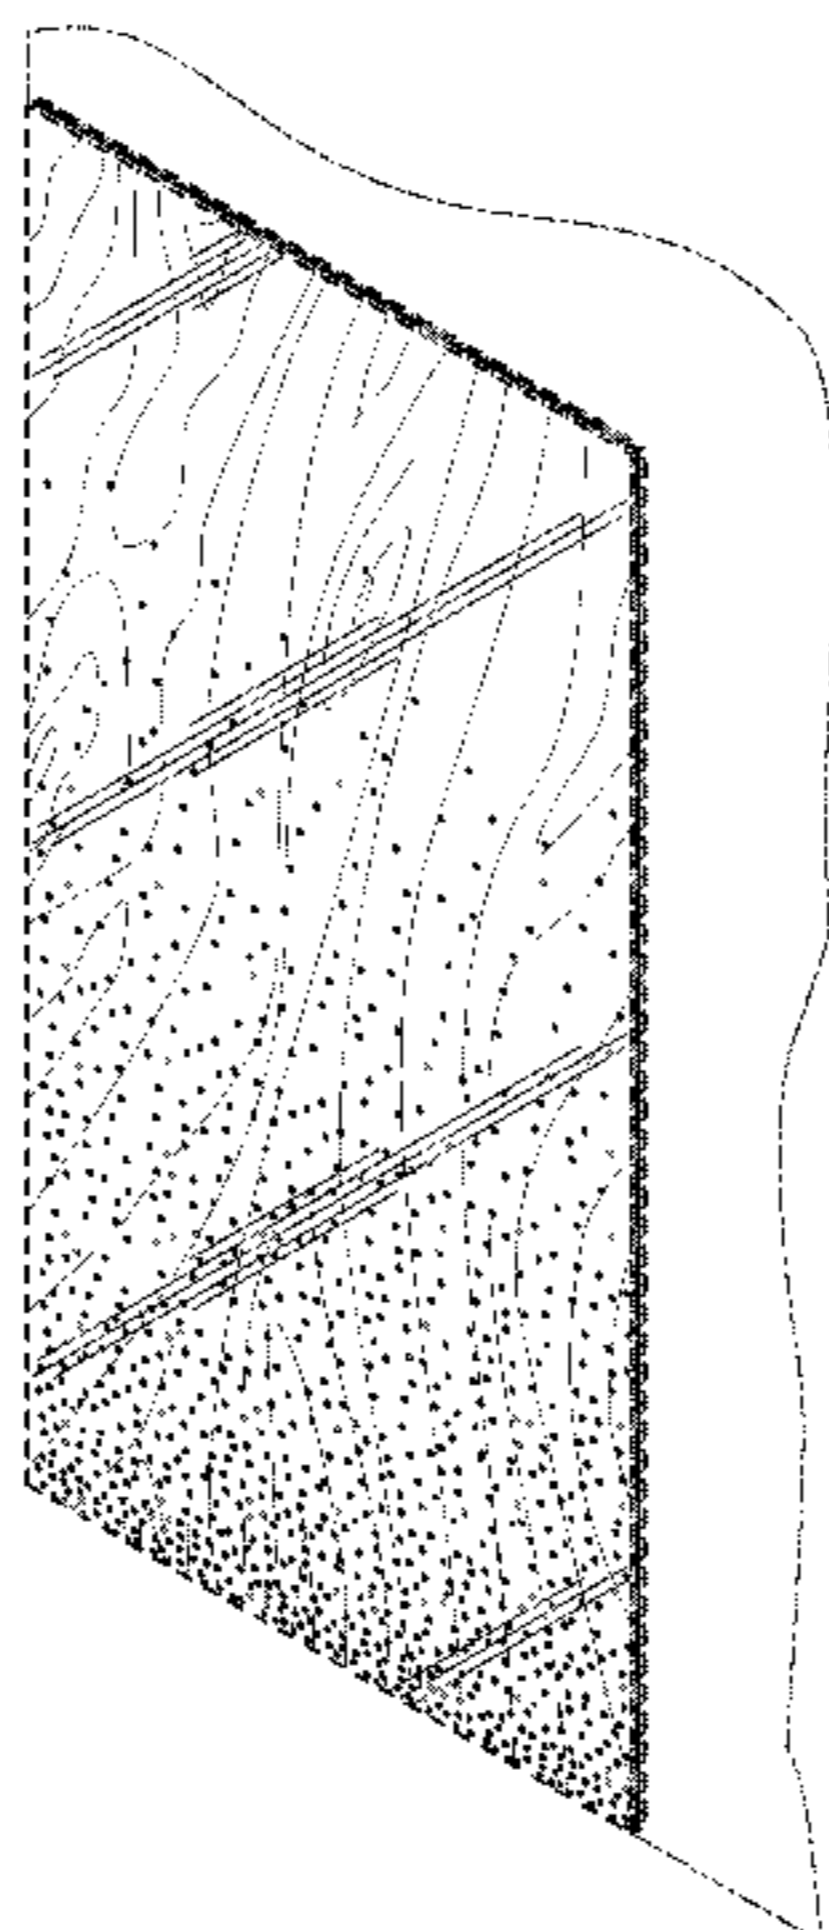

FIG. 5 is right elevational view thereof in cross-section;

FIG. 6 is a top plan cross-sectional view thereof; and,

FIG. 7 is a bottom plan cross-sectional view thereof.

The long dash short dash broken line showing of a wall structure in FIGS. 1 and 2 is included for the purpose of illustrating environmental structure and forms no part of the claimed design. The short dash broken line shown in FIGS. 1–7 is included for the purpose of illustrating the boundary of the architectural panel with wood grain with dispersing perforation and forms no part of the claimed design.
