(57) **CLAIM**

The ornamental design for a card holder with clip, as shown
and described.

DESCRIPTION

FIG. 1 is a front perspective view of the card holder with clip
of the present invention;

FIG. 2 is a rear perspective view of the card holder with clip
of the present invention;

FIG. 3 is a front elevational view of the card holder with clip
of the present invention;

FIG. 4 is a top plan view of the card holder with clip of the
present invention;

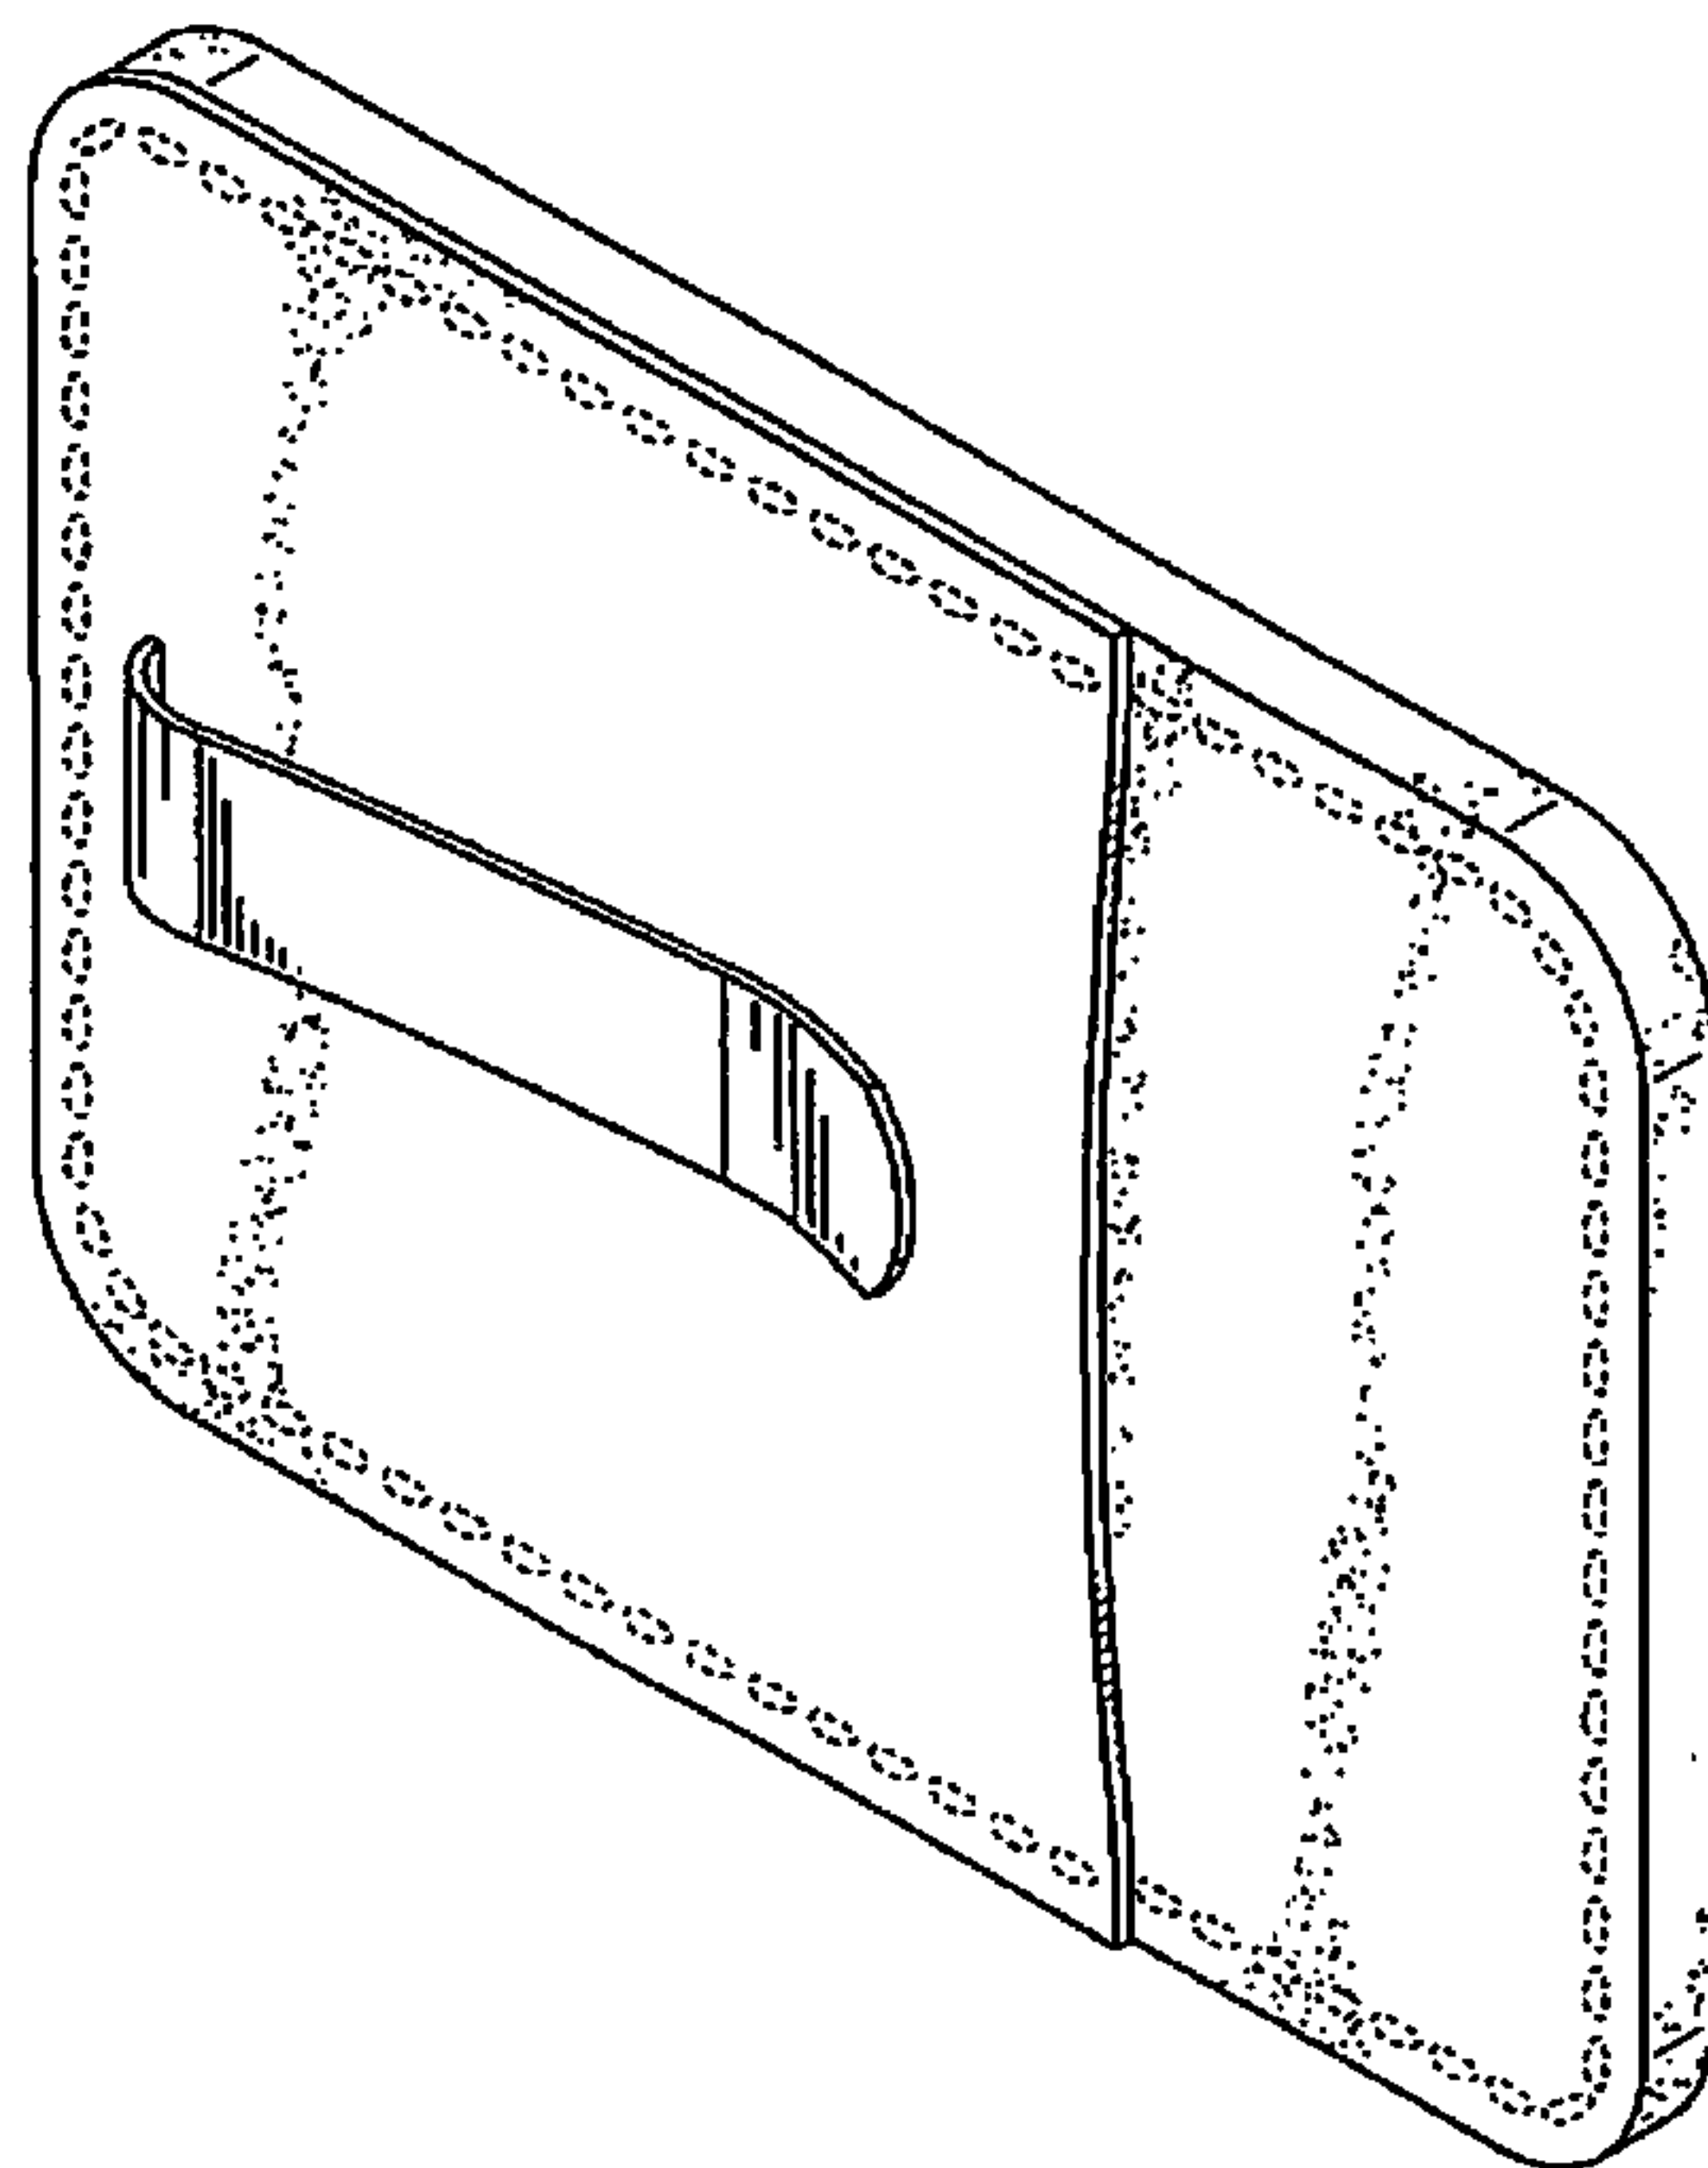

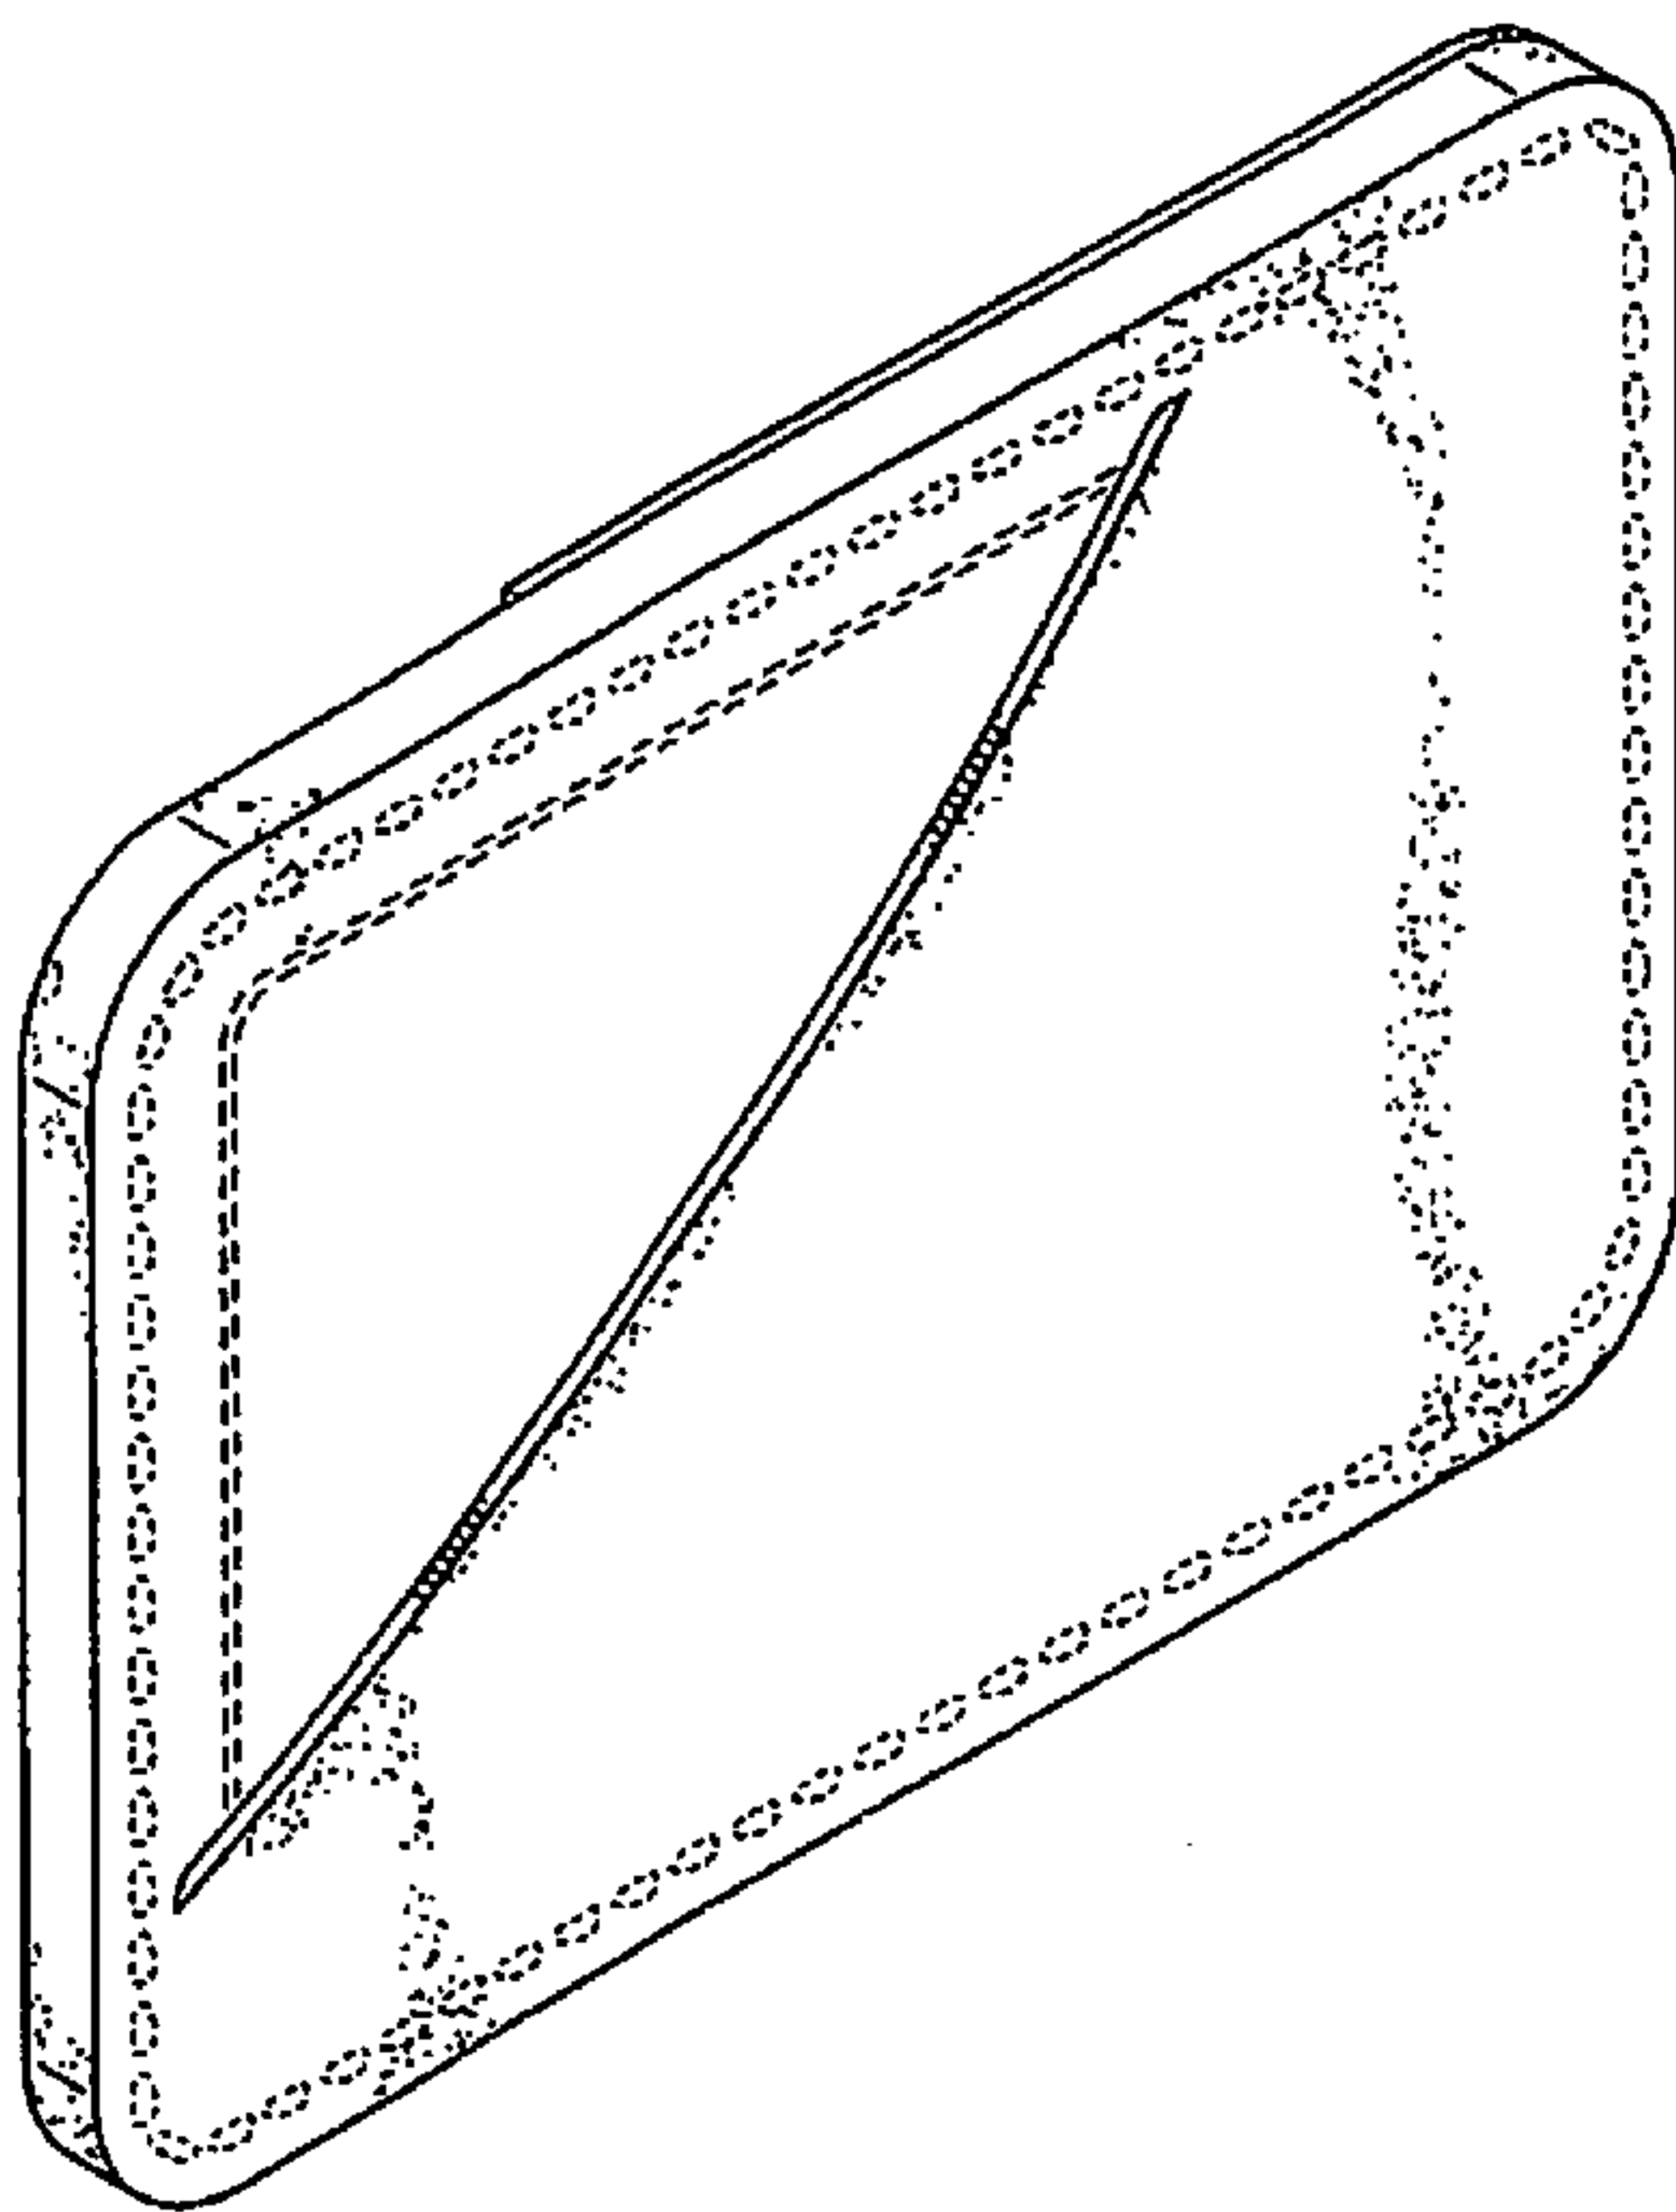

FIG. 5 is a bottom plan view of the card holder with clip of the
present invention;

FIG. 6 is a left side elevational view of the card holder with
clip of the present invention, the right side elevational view
being a mirror image; and,

FIG. 7 is a rear elevational view of the card holder with clip of
the present invention.

The broken lines showing a portion of a card and stitching are
for illustrative purposes only and form no part of the claimed
design.
