DESCRIPTION

A portion of the disclosure of this patent document contains
material that is subject to copyright protection. The copyright
owner has no objection to the facsimile reproduction by any-
one of the patent document or the patent disclosure, as it
appears in the Patent and Trademark Office patent files or
records, but otherwise reserves all copyright rights whatso-
ever. The following notice applies to the software and data as
described below and in the drawings that form a part of this
document: Copyright 2008 ADOBE SYSTEMS INCORPO-
RATED. All Rights Reserved.

See application file for complete search history.

FIG. 1 is a front view of a user interface for a portion of a
display screen, according to a first example embodiment of
our new design; and,

FIG. 2 is a front view of a user interface for a portion of a
display screen, according to a second example embodiment
of our new design.

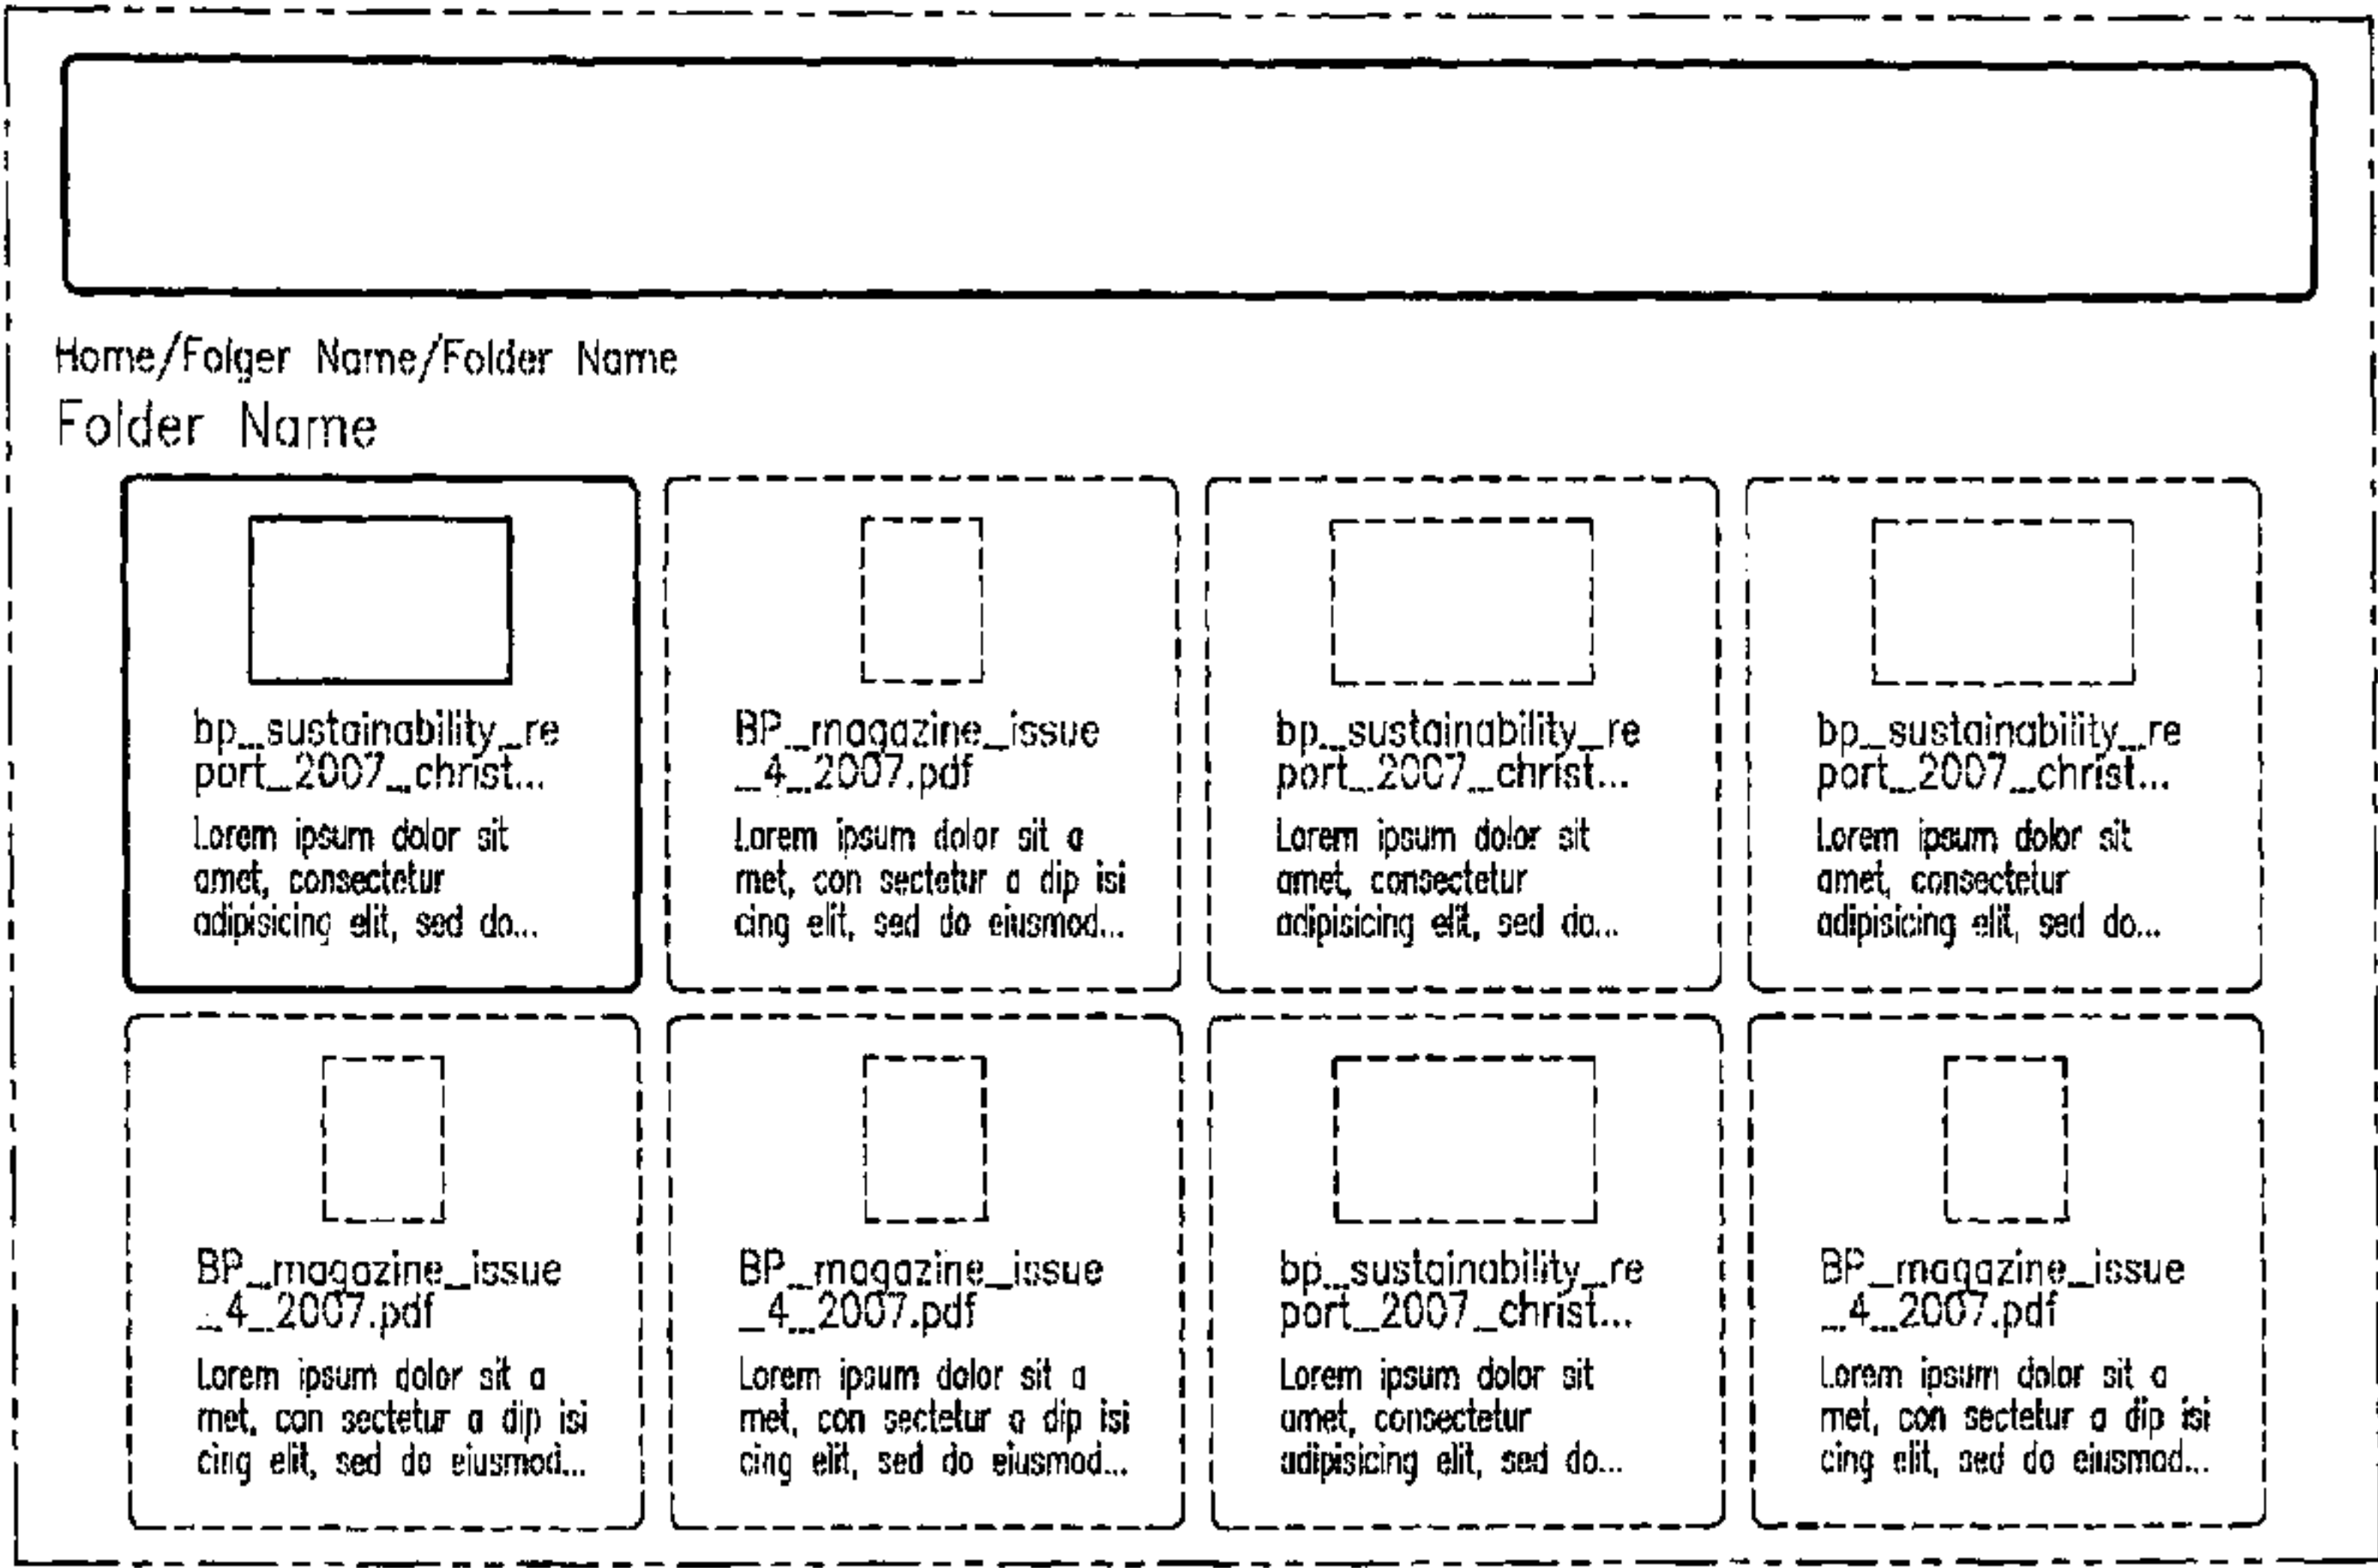

The broken line drawing of a portion of a display screen is
environmental and is not claimed. All other broken line mat-
ter, including all text, is not claimed.
