(57) **CLAIM**

The ornamental design for a hanger for a fluid collection container, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a first embodiment of an ornamental design of a hanger for a fluid collection container.

FIG. 2 is a front view of the first embodiment thereof.

FIG. 3 is a rear view of the first embodiment thereof.

FIG. 4 is a first side view of the first embodiment thereof.

FIG. 5 is a second side view of the first embodiment thereof.

FIG. 6 is a top view of the first embodiment thereof.

FIG. 7 is a bottom view of the first embodiment thereof.

FIG. 8 is a perspective view of a second embodiment of an ornamental design of a hanger for a fluid collection container.

FIG. 9 is a front view of the second embodiment thereof.

FIG. 10 is a rear view of the second embodiment thereof.

FIG. 11 is a first side view of the second embodiment thereof.

FIG. 12 is a second side view of the second embodiment thereof.

FIG. 13 is a top view of the second embodiment thereof; and,

FIG. 14 is a bottom view of the second embodiment thereof.

The broken lines shown in FIGS. 1-7 are included for the purpose of illustrating environmental elements only and form no part of the claimed design.
