(57) **CLAIM**

The ornamental design for a transitional user interface for a portion of a display screen, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of the first image in the sequence for a transitional user interface for a portion of a display screen showing the new design;

FIG. 2 is a front view of the second image thereof;

FIG. 3 is a front view of the third image thereof;

FIG. 4 is a front view of the fourth image thereof;

FIG. 5 is a front view of the fifth image thereof;

FIG. 6 is a front view of the sixth image thereof; and,

FIG. 7 is a front view of the seventh image thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-7. The process or period in which one image transitions to another forms no part of the claimed design. The stippled shading in the figure symbolically represents a contrast of appearance. The broken line showing the display screen is for illustrative purposes only and forms no part of the claimed design.
