(57) **CLAIM**

The ornamental design of a lighting fixture, as shown and described.

DESCRIPTION

FIG. 1 is a bottom plan view illustrating a first embodiment of a light fixture incorporating my new design;

FIG. 2 is a side elevation view thereof, wherein the phantom line representations form no part of the claimed design;

FIG. 3 is a side elevation view of FIG. 2 showing an alternate unclaimed mounting structure thereof;

FIG. 4 is a bottom plan view illustrating a second embodiment of a light fixture incorporating my new design;

FIG. 5 is a side elevation view thereof, wherein the phantom line representations form no part of the claimed design;

FIG. 6 is a side elevation of FIG. 5 showing an alternate unclaimed mounting structure thereof;

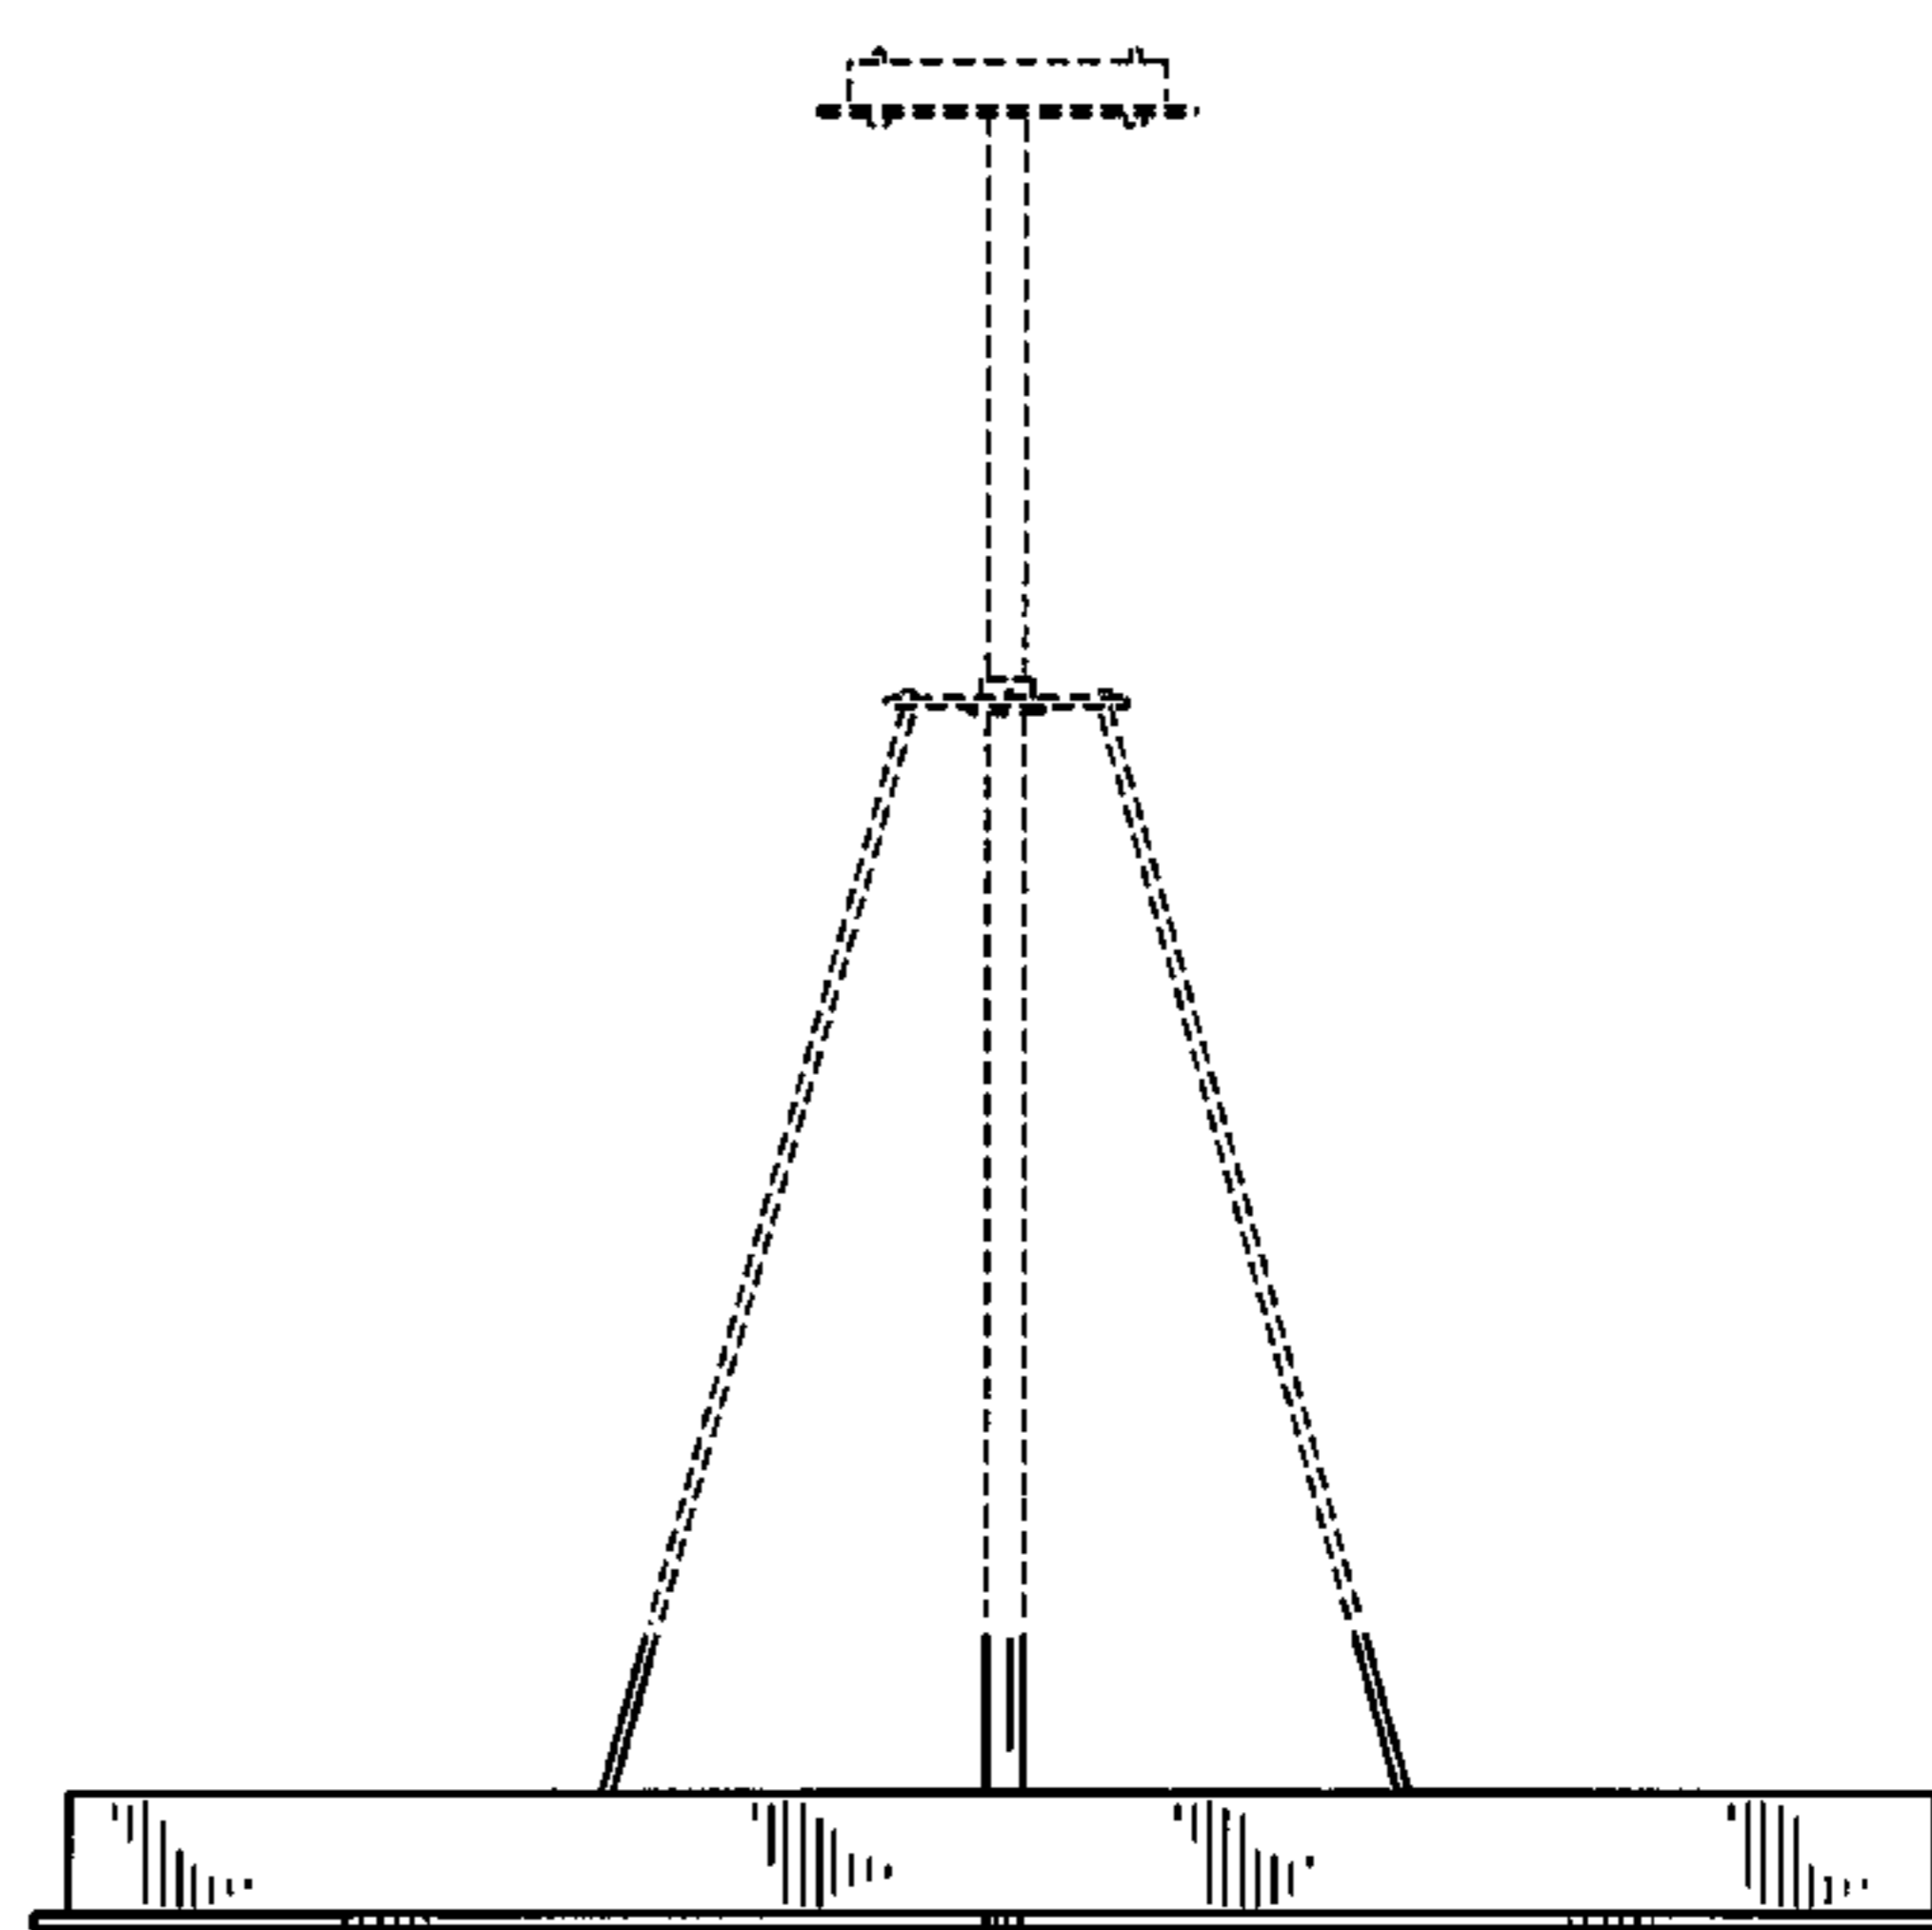

FIG. 7 is a bottom plan view illustrating a third embodiment of a light fixture incorporating my new design;

FIG. 8 is a side elevation view thereof, wherein the phantom line representations form no part of the claimed design; and,

FIG. 9 is a side elevation view of FIG. 8, showing an alternate unclaimed mounting structure thereof.

The broken lines illustrating mounting structure represent unclaimed environmental subject matter. The broken lines parallel to the bottom surface along the sides of the claimed design represent boundary lines where the surface beneath the boundary is part of the claimed design.
