(57) CLAIM

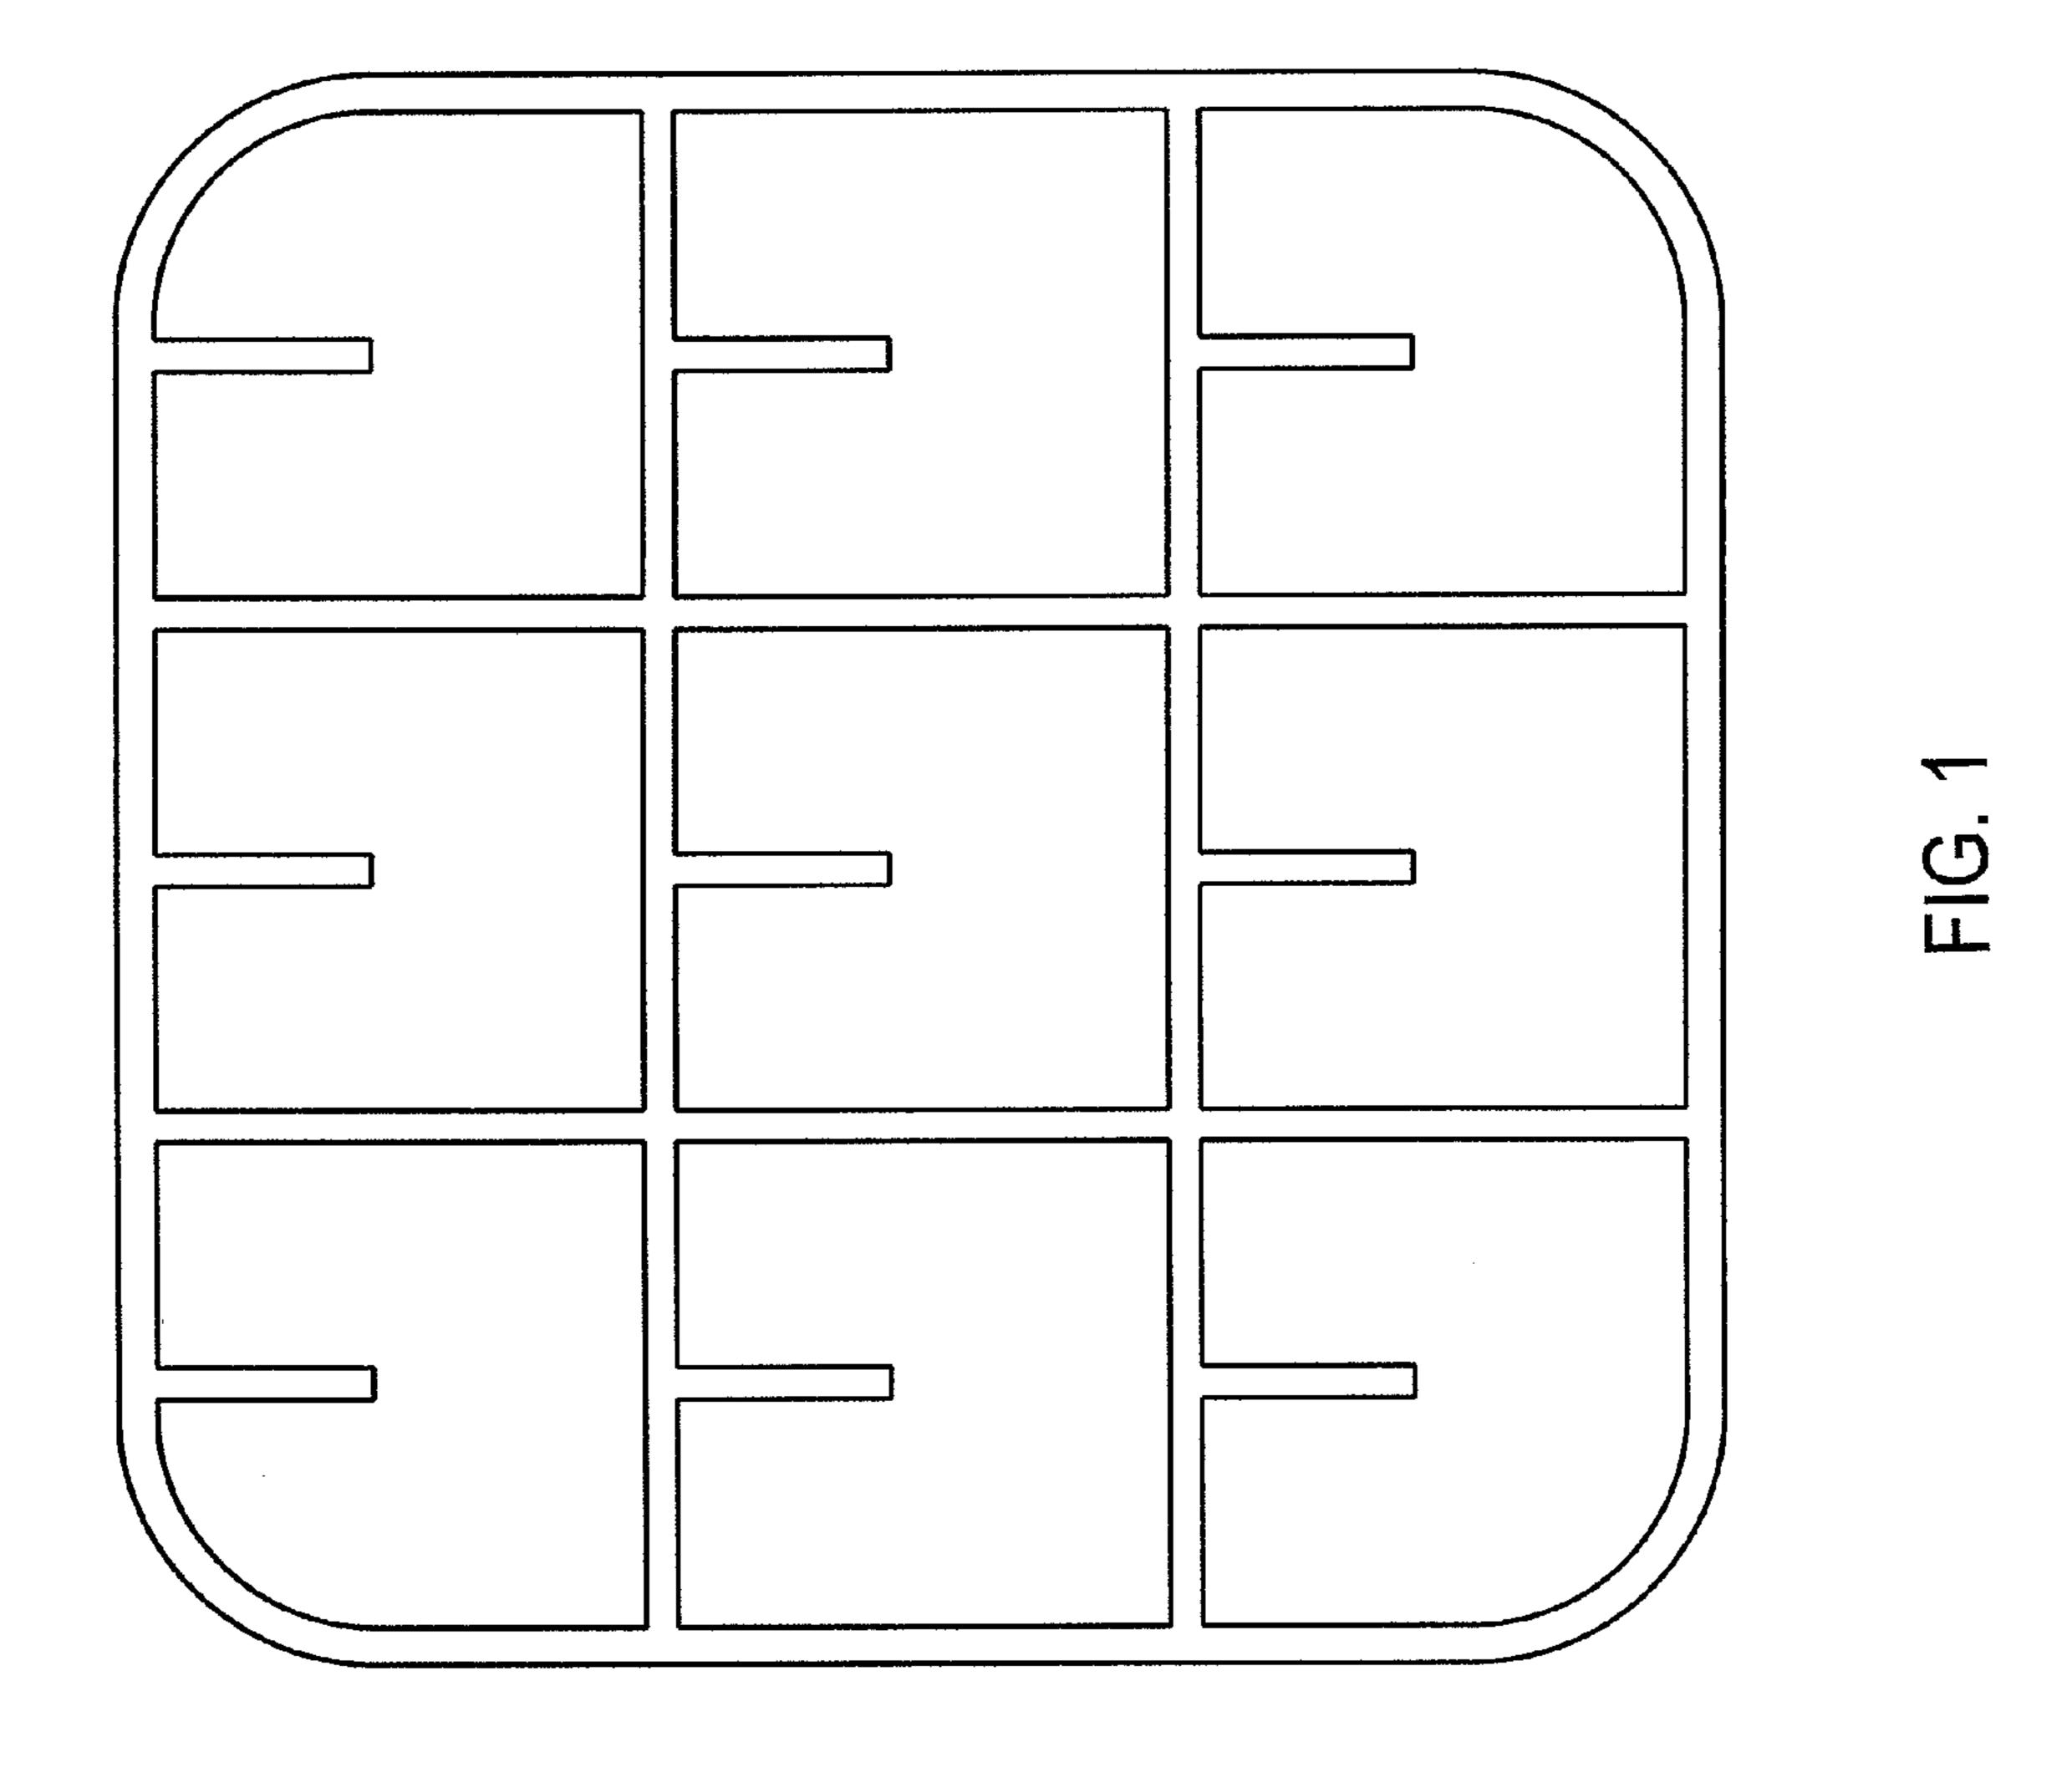

The ornamental design for device for biological purification of waste water, as shown and described.

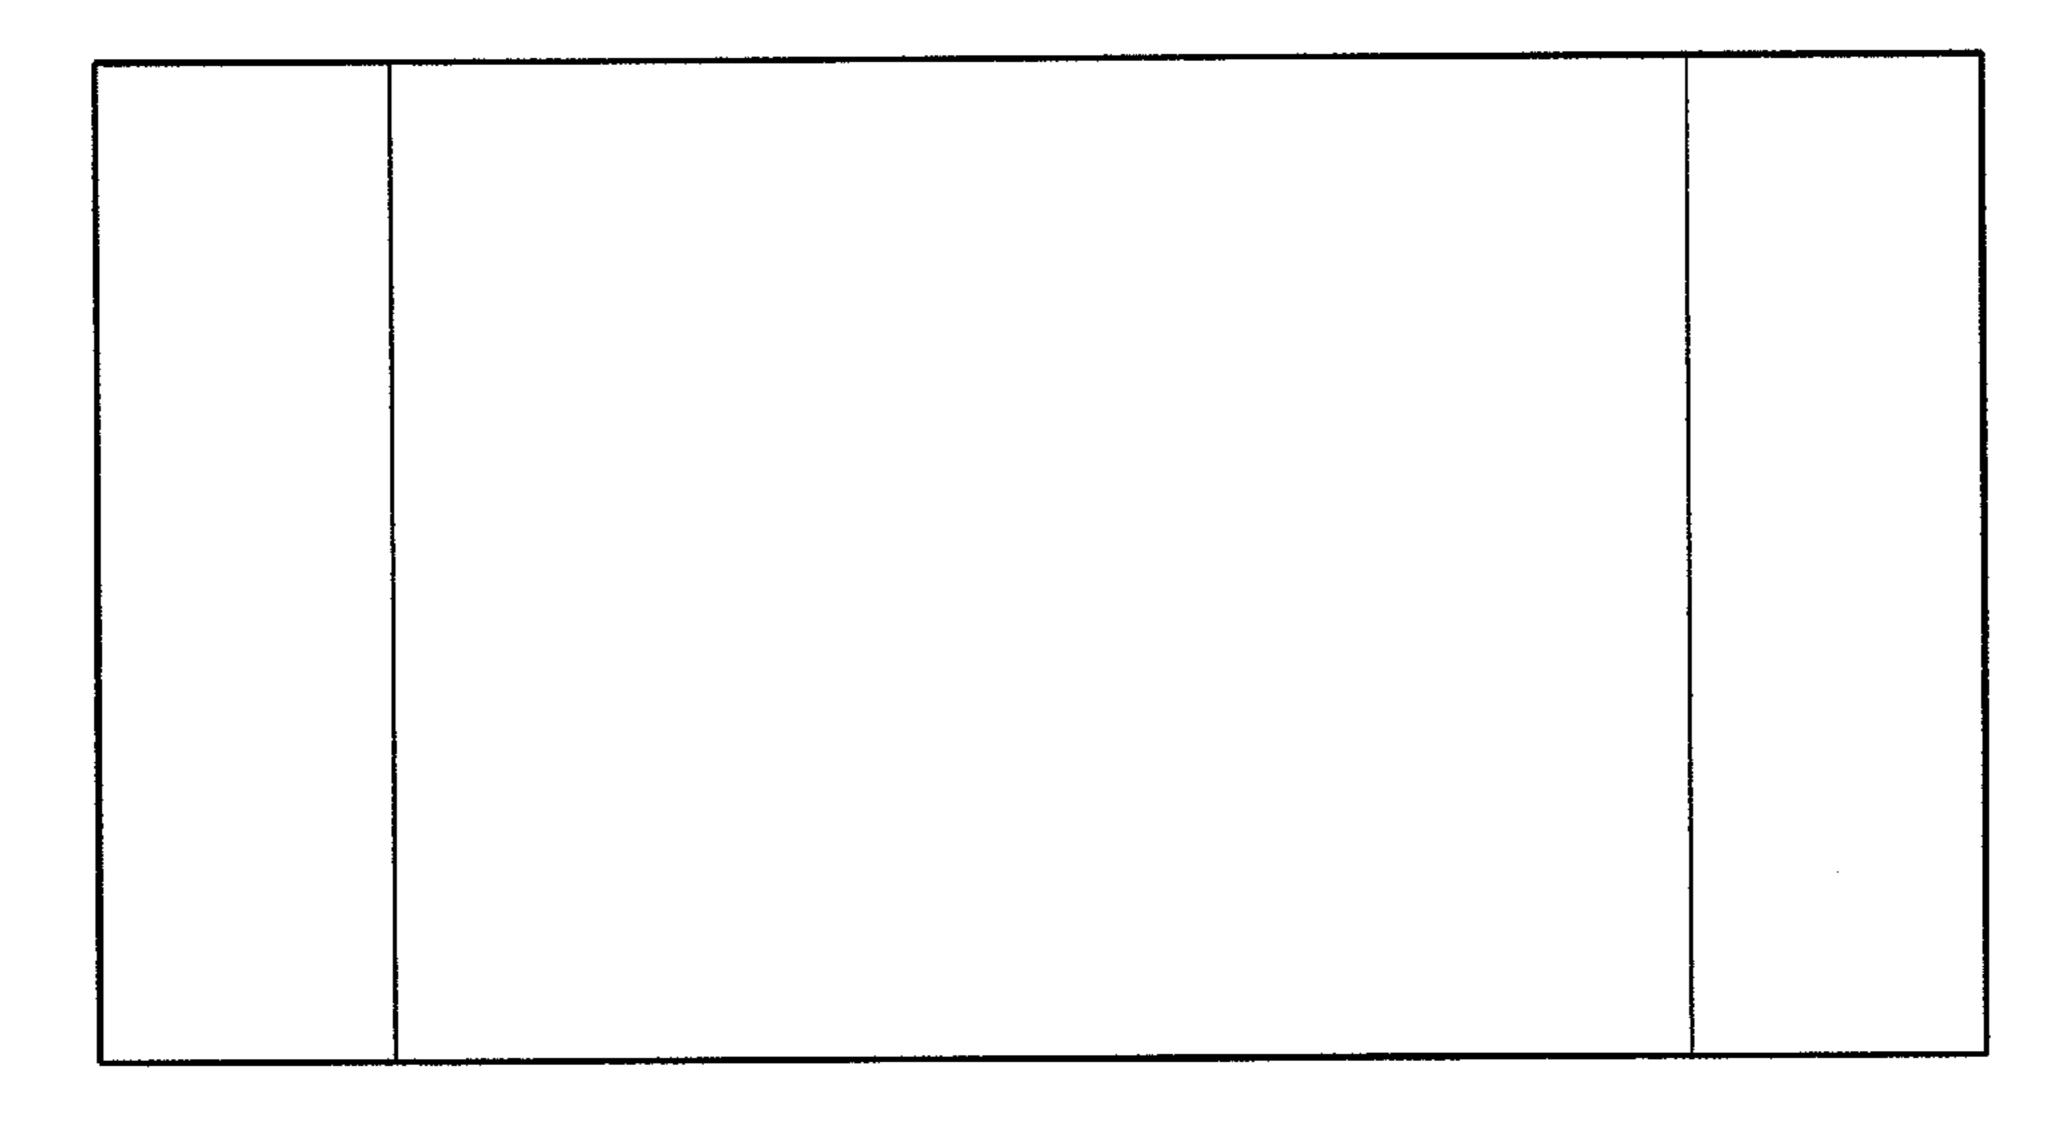

#### **DESCRIPTION**

- FIG. 1 is a first side view of a device for biological purification of waste water in accordance with my design;
- FIG. 2 is a second side view of the device for biological purification of waste water in accordance with my design;
- FIG. 3 is a third side view of the device for biological purification of waste water in accordance with my design;
- FIG. 4 is a bottom plan view of the device for biological purification of waste water in accordance with my design;
- FIG. 5 is a top plan view of the device for biological purification of waste water in accordance with my design; and
- FIG. 6 is a fourth side view of the device for biological purification of waste water in accordance with my design; and,
- FIG. 7 is a perspective view of the device for biological purification of waste water in accordance with my design.
