(57) **CLAIM**

The ornamental design for a scissor and comb combination, as shown and described.

DESCRIPTION

FIG. 1. is a side elevational view of the upper and lower member of my new design shown separately for clarity.

FIG. 2 is the reverse side elevational view of the upper and lower member of my new design to show clarity,

FIG. 3 is a side elevational view of the assembled new design in the open position of my new design.

FIG. 4 is a side elevational view of the lower member of my new design shown separately for clarity.

FIG. 5 is a side elevational view of my new design in a closed position.

FIG. 6 is a side elevational view of the assembled new design in a semi-closed position.

FIG. 7 is the opposite side elevational view of the lower member of my new design shown separately for clarity; and,

FIG. 8 is an enlarged view of the lower member of the thumb rest of my new design.

1 Claim, 8 Drawing Sheets
